Minutes of Council Authorizing Payments in Excess of Appropriations.

Copy of a Minute of the Treasury Board, dated the 5th day of May, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 13th day of April, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, chapter 9, 8 Edward VII, the sum of Fifty dollars (\$50) be placed to the credit of the Honourable the Treasurer, to meet the requirements of contingencies for the Taxing Office at Osgoode Hall for the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,

Auditor.

The undersigned begs to report that the appropriation of \$50 for Contingencies for the Taxing Office at Osgoode Hall has become exhausted. Accounts for stationery, etc., furnished during 1907, amounting to \$27.90 have been paid out of said appropriation, also accounts amounting to \$22.50 for supplies furnished up to date, and a further sum will be required to cover payments for the balance of the year.

Under the circumstances the undersigned respectfully recommends that a further appropriation of Fifty dollars (\$50) be made under the provisions of 8 Edward VII., Cap. 9, Sec. 24.

J. J. FOY,

Attorney-General.

13th April, 1908.

Copy of a Minute of the Treasury Board, dated the 13th day of May, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 30th day of April, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, Chapter 9, 8 Edward VII, the sum of Five thousand dollars (\$5,000) be placed to the credit of the Honourable the Treasurer to meet the payment of the balance of Mr. J. J. Dalton's survey of blocks for the Grand Trunk Pacific Railway and for payment of the survey of Block No. 7, left unsurveyed last year, the amount placed in the supplementary estimates being insufficient for the purpose.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, 30th April, 1908.

The undersigned begs to report that the amount placed in the Supplementary Estimates for the Grand Trunk Pacific Block \$4,150.00 is insufficient to meet the payment of the balance of Mr. J. J. Dalton's survey of Blocks for the Grand Trunk Pacific Railway \$2,445.00, and for payment of \$2,640.00 for the survey of Block No. 7 left unsurveyed last year.

The undersigned therefore recommends that a warrant for the sum of \$5,000.00 be issued under the authority of the 8th Edward VII, Chapter 9, section 24, for the above purpose.

F. COCHRANE,

Minister of Lands, Forests and Mines.

JAMES CLANCY, Esq.,

Auditor,

Toronto.

Copy of a Minute of the Treasury Board, dated the 16th day of June, A.D. 1908.

Upon consideration of the report of the Honourable the Treasurer, dated the 10th day of June, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of

section 24, of "The Audit Act" the sum of Four thousand dollars (\$4,000) be placed to the credit of the Honourable the Treasurer to meet the claims for wolf bounties for the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, June 10th, 1908.

JAMES CLANCY, Esq.,
Auditor.

SIR,—I have the honour to inform you that the sum appropriated at the last session of the Legislature for Wolf Bounties has been exhausted owing to the number of claims for bounty which have been received.

I therefore beg leave to recommend that authority be given under Chapter 9, section 24, of the Audit Act for the issue of a warrant for the sum of Four thousand dollars (\$4,000) to meet the claims for wolf bounties for the balance of the current year.

A. J. MATHESON,

Provincial Treasurer.

Copy of a Minute of the Treasury Board, dated 16th day of June, A.D. 1908.

Upon the consideration of the report of the Honourable the Minister of Education, dated the 13th day of June, A.D. 1908, the Treasury Board doth hereby order pursuant to the provisions of section 24, Chapter 9, 8 Edward VII, (The Audit Act) that the sum of Two thousand five hundred dollars (\$2,500) be placed to the credit of the Honourable the Treasurer to meet further expenditure required to the end of the year in the purchase of flags for rural school houses, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

The undersigned reports for the information of the Auditor that the appropriation for the purchase of flags for rural school houses is exhausted owing to the fact that a greater number of flags are required for the rural schools than was first anticipated.

The undersigned therefore recommends that under authority, Chapter 9, section 24, 8 Edward VII, a further appropriation of Two thousand five hundred dollars be made to meet further expenditure required to the end of the year.

Respectfully submitted,

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, June 13th, 1908.

Copy of a Minute of the Treasury Board, dated the 23rd day of June, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 9th day of June, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act" the sum of One hundred dollars (\$100) be placed to the credit of the Honourable the Treasurer, to meet payment of accounts for scrubbing, snow cleaning, cartage, etc., Normal School Ottawa, for the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

The undersigned reports for the information of the Auditor that the appropriation for scrubbing, snow cleaning, cartage etc., maintenance Normal School, Ottawa, is exhausted owing chiefly to the extra heavy snow falls of the past winter requiring an extra amount of labour in keeping the roofs clear.

The undersigned therefore recommends that under authority of the Act a further appropriation of One hundred dollars (\$100) be made to meet further expenditure required to the end of the year.

Respectfully submitted,

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, June 9th, 1908.

Copy of a Minute of the Treasury Board, dated the 7th day of July, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 3rd day of July, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, Cap. 9, 8 Edward VII, the sum of Five hundred dollars (\$500) be placed to the credit of the Honourable the Treasurer to cover the Contingencies of the Audit Office Criminal Justice Accounts for the balance of the current year, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

The undersigned respectfully reports that, owing to the large increase of work in the Audit Office Criminal Justice Accounts necessitating additional clerical assistance the appropriation for contingencies is exhausted and that a further sum of \$500 will be required to cover this service until the 31st December next.

The undersigned therefore respectfully recommends that authority be given under 8 Edward VII, Cap. 9 section 24, for the issue of a warrant for Five hundred dollars to cover the contingencies of the above mentioned office until 31st day of December next.

J. J. FOY,
Attorney-General.

JAMES CLANCY, Esq.,
Auditor,
Toronto.
3rd July, 1908.

Copy of a Minute of the Treasury Board, dated the 30th day of July, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 27th day of July, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, Cap. 9, 8 Edward VII, (The Audit Act)

the sum of Two thousand two hundred dollars (\$2,200) be placed to the credit of the Honourable the Treasurer to meet the payment of special grants to Urban Public and Separate Schools (Counties and New Districts), the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Executive Council.

The undersigned reports for the information of the Auditor that the appropriation of \$60,000.00 for the special grant to Urban Public and Separate Schools (Counties and New Districts) is insufficient to pay the grants as apportioned by the Education Department to the different Cities, Towns and Villages and a further sum of Two thousand two hundred dollars will be required to pay the grant in full.

The undersigned therefore recommends that under the authority of section 24, Cap. 9, 8 Edward VII, a further appropriation of Two thousand two hundred dollars be made subject to payment of certificates to be issued under the authority of the Department of Education.

A. H. U. COLQUHOUN,
Deputy Minister of Education.

TORONTO, July 27th, 1908.

Copy of a Minute of the Treasury Board, dated the 11th day of August, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 11th day of August, A.D. 1908, the Treasury Board doth hereby order pursuant to the provisions of section 24, Cap. 9, 8 Edward VII, (The Audit Act) the sum of Two hundred and forty-one dollars and seventy-four cents (\$241.74) be placed to the credit of the Honourable the Treasurer to meet the requirements of "Litigation of Constitutional Questions," the appropriation for said service being short the above amount to meet payment of the account of R. G. Code for \$753.55 which has been recommended for payment.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned begs to report that the appropriation of \$6,000 for "Litigation of Constitutional Questions" is nearly exhausted, there remaining a balance of \$511.81 at the credit of said appropriation and an account of R. G. Code for \$753.55, has been recommended for payment, for which there is not sufficient funds.

Under the circumstances the undersigned respectfully recommends that under the provisions of section 24, of "The Audit Act," Cap. 9, 8 Edward VII, a further appropriation of \$241.74 be made to meet the payment of the said account of R. G. Code in full.

J. J. FOY,
Attorney-General.

11th August, 1908.

Copy of a Minute of the Treasury Board, dated the 8th day of October, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 6th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," Cap. 9, 8 Edward VII, the sum of One thousand one hundred dollars (\$1,100) be placed to the credit of the Honourable the Treasurer to cover payment for furniture and incidentals in connection with the maintenance of Osgoode Hall for the balance of the current year, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

MR. JAMES CLANCY,
Auditor,
Ontario.

SIR,—I beg to report that the appropriation for furniture and incidentals in connection with the maintenance of Osgoode Hall is exhausted and that about \$1,100 additional will be necessary to meet the requirements of this appropriation for the balance of the year to be made up as follows:—

Salary	\$720 00
To pay outstanding accounts	241 41
Incidentals for the balance of the year	140 00

The reason for the over expenditures are as follows:

The employment of A. F. Mayne, extra for snow shovelling, cleaning and care of grounds	\$626 00
F. Cowie night fireman continued for 9 months, assisting Engineer in the general repairs of heat- ing system	470 00

I would therefore recommend that authority be given under Chap. 9, section 24, 8 Edward VII, for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the sum of \$1,100.00 to meet payment of the said over-expenditure.

J. O. REAUME,
Minister of Public Works.

Toronto, October 6th, 1908.

Copy of a Minute of the Treasury Board, dated the 11th day of August, A.D. 1908.

Upon consideration of the report of the Honourable the Treasurer, dated the 7th day of August, 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," Cap. 9, 8 Edward VII, the sum of Two thousand dollars (\$2,000) be placed to the credit of the Provincial Treasurer to meet the requirements of Legislation Contingencies for the balance of the current year, the appropriation for said service having become exhausted owing to unforeseen expenditure.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

Toronto, 7th August, 1908.

The undersigned begs to report that the sum appropriated at the last session of the Legislature for Legislation Contingencies will not be sufficient to meet expenses for the balance of the current year, owing to unforeseen expenditure in connection with that service.

Out of the sum appropriated, \$6,500, there has already been expended the sum of \$6,481.12, and to pay present accounts unpaid and to provide for the balance of the current year the sum of \$2,000 will be required.

The undersigned therefore respectfully recommends that a further appropriation of Two thousand dollars (\$2,000) be granted under authority of section 24, Chapter 9, 8 Edward VII, for the balance of the current year.

A. J. MATHESON,
Provincial Treasurer.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 11th day of August, A.D. 1908.

Upon consideration of the report of the Honourable the Treasurer, dated the 7th day of August, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," Cap. 9, 8 Edward VII, the sum of Fifteen thousand dollars (\$15,000) be placed to the credit of the Provincial Treasurer to meet the expenses of the Hydro-Electric Power Commission for the balance of the current year, the appropriation for the said service having become exhausted, owing principally to large expenditures made for surveys to determine the cost of transmission lines.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, August 7th, 1908.

The undersigned begs to report that the sum appropriated at the last session of the Legislature for Hydro-Electric Power Commission is exhausted, owing principally to large expenditures made for surveys to determine cost of transmission lines, and a further sum of Fifteen thousand dollars (\$15,000) will be required to meet the expenses for the balance of the current year.

The undersigned therefore respectfully recommends that authority be given pursuant to the provisions of section 24, Chapter 9, 8 Edward VII, for the issue of a Treasury Board Warrant in favour of the Provincial Treasurer for the sum of Fifteen thousand dollars (\$15,000).

A. J. MATHESON,
Provincial Treasurer.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 18th day of August, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 12th day of August, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," 8 Edward VII, Cap. 9, the sum of Fifteen thousand dollars (\$15,000) be placed to the credit of the Honourable the Treasurer to cover the expenses of the recent General Election, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, 12th August, 1908.

The undersigned has the honour to report that the vote taken in the estimates to cover the expenses of the General Election is about exhausted, and that a further estimated sum of Fifteen thousand dollars (\$15,000) is required to cover accounts now here, and yet to be received for this service.

The undersigned therefore respectfully recommends that a further appropriation of Fifteen thousand dollars (\$15,000) be granted under the authority of section 24, Cap. 9, 8 Edward VII.

J. J. FOY,
Attorney-General.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 18th day of August, A.D. 1908.

Upon consideration of the report of the Honourable the Treasurer, dated the 13th day of August, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," Cap. 9, 8 Edward VII, the sum of Five thousand dollars (\$5,000) be placed to the credit of the Honourable the Provincial Treasurer, to meet claims for wolf bounties for the balance of the current year, the appropriation for said service not being sufficient for said purpose.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, 13th August, 1908.

The undersigned has the honour to report that the sum appropriated at the last session of the Legislature for Wolf Bounties and a further sum appropriated by a Minute of the Treasury Board, dated the 16th day of June, A.D. 1908, will not be sufficient to meet claims for bounty for the balance of the current year.

There are at present accounts unpaid to the amount of \$708, and to pay these and provide for the balance of the current year the sum of Five thousand dollars will be required. The undersigned therefore recommends that a further appropriation of Five thousand dollars (\$5,000) be granted under the authority of Chapter 9, section 24, 8 Edward VII., to meet claims for Wolf Bounty for the balance of the current year.

A. J. MATHESON,
Provincial Treasurer.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated 8th September, 1908.

Upon consideration of the report of the Honourable the Provincial Secretary, dated 7th day of September, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, chapter 9, 8 Edward VII., the sum of

(\$4,000) Four thousand dollars be placed to the credit of the Honourable the Treasurer to meet payments for the balance of the current year in connection with the contingencies of the Provincial Secretary's Department, the appropriation therefor having become exhausted.

Certified,

M. CURREY,

Ass't C.E.C.

TORONTO, September 1st, 1908.

JAMES CLANCY, Esq.,
Auditor.

SIR,—I have the honour to inform you that the sum appropriated at the last session of the Legislature for Contingencies of this Department is insufficient by the sum of \$4,000.

The following are some of the causes which have led to the increased expenditure of the Department:

Excess in temporary help over the estimate, on account of the increased work of the Department;

Over-expenditure in the enforcement of the automobile law, on account of the employment of Constables, and providing Chauffeur badges, which were not considered at the time the Estimates were prepared;

Extra printing and stationery, caused by the change in the office of Lieutenant-Governor, and

Providing a special supply of paper for Marriage Licenses, Letters Patent, etc., a supply sufficient to last the Department for four years.

I therefore beg leave to recommend that authority be given under 8 Edward VII., Cap. 9, Sec. 24, for the payment of the said amount of \$4,000.

I have the honour to be,

Sir,

Your obedient servant,

THOMAS MULVEY,

Assistant Provincial Secretary.

Approved:

W. J. HANNA,

Provincial Secretary.

Copy of a Minute of the Treasury Board, dated 8th September, 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 8th day of September, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of the Audit Act (Chapter 9, 8 Edward VII.) the sum of \$4,000, be placed to the credit of the Honourable the Treasurer to cover the expenses of the recent General Election, the appropriation for said service having become exhausted.

Certified,

M. CURREY,

Ass't C.E.C.

TORONTO, September 8th, 1908.

The undersigned has the honour to report that the vote taken in the Estimates to cover the expenses of the General Election, as well as the further appropriation obtained under Treasury Board Warrant is exhausted, and that a further estimated sum of Four thousand dollars (\$4,000.00) will be required to cover accounts now here and yet to be received for this service.

The undersigned, therefore, respectfully recommends that a further appropriation of Four thousand dollars (\$4,000.00), be granted under authority of Section 24, 8 Edward VII., Chapter 9.

J. J. FOY,

Attorney-General.

JAMES CLANCY, ESQ.,

Auditor.

Toronto.

Copy of a Minute of the Treasury Board.

Upon consideration of the report of the Honourable the Attorney-General, dated the 10th day of September, 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, chapter 9, 8 Edward VII., the sum of \$5,000 be placed to the credit of the Honourable the Treasurer to meet payments of accounts for the general administration of Justice within the District of Rainy River, the appropriation for said purpose having become exhausted.

Certified,

M. CURREY,

Ass't C.E.C.

TORONTO, Sept. 10th, 1908.

The undersigned has the honour to report that the vote taken in the Estimates for the General Administration of Justice within the District of Rainy River is exhausted, chiefly owing to the long duration of the Courts and the sums expended in the payment of Crown Witnesses and Jurors in attendance thereat, and that a further estimated sum of Five thousand dollars (\$5,000.00) will be required to pay accounts now here and audited, and accounts to be received.

The undersigned, therefore, respectfully recommends that a further appropriation of Five thousand dollars (\$5,000.00) be granted under the authority of Section 24, Chapter 9, 8 Edward VII.

J. J. FOY,

Attorney-General.

JAMES CLANCY, Esq.,

Auditor.

Toronto.

Copy of a Minute of the Treasury Board.

Upon consideration of the report of the Honourable the Attorney-General, dated 11th day of September, 1908, the Treasury Board doth hereby order that pursuant to the provisions of Section 24, Chapter 9, 8 Edward VII., the sum of \$3000, be placed to the credit of the Honourable the Treasurer to meet payments of accounts for the preparation of Voters' Lists in unorganized territory, the appropriation for said purpose having become exhausted.

Certified,

M. CURREY,

Ass't C.E.C.

TORONTO, September 11th, 1908.

The undersigned has the honour to report that the vote taken in the Estimates for the Preparation of Voters' Lists in Unorganized Territory, \$8,000.00 is exhausted, and that a further estimated sum of Three thousand dollars (\$3,000.00) will be required to pay accounts now here and the accounts yet to be received.

The undersigned, therefore, respectfully recommends that a further appropriation of Three thousand dollars (\$3,000.00) be granted under the authority of Section 24, Chapter 9, 8 Edward VII.

J. J. FOY,
Attorney-General.

JAMES CLANCY, Esq.,
Auditor,
Toronto.

Copy of a Minute of the Treasury Board, dated the 18th day of September, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 15th day of September, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of Section 24, Chapter 9, 8 Edward VII., the sum of Five hundred and fifty dollars (\$550) be placed to the credit of the Honourable the Treasurer, to meet requirements of "Contingencies" Colonization Roads Branch, Public Works Department for the balance of the current year, the appropriation for said purpose having become exhausted.

Certified,
M. CURREY,
For Clerk of Treasury Board.

JAMES CLANCY, Esq.,
Auditor,
Ontario.

SIR,—I beg to report that the appropriation for "Contingencies" in connection with the Colonization Branch of this Department is exhausted and that about \$550 additional will be necessary to meet the requirements of the Department for the balance of the year, to be made up as follows:—

Pastage \$50; Extra Help \$300; Travelling Expenses \$150; Stationery \$50. The reasons for the over-expenditure are as follows:

1st.—Owing to the large increased expenditure on Colonization Roads over former years, extra help to the extent of \$300, extra postage to the extent of \$50, and extra stationery to the extent of \$50, were found necessary.

2nd.—An appropriation was placed in the estimates for the current year to settle for work done on certain Colonization roads in the Thunder Bay District, in 1904, which work had not been authorized. In order to make payment of these accounts it is found necessary to send an Engineer and the Accountant to the District to make an inspection of the work and confer with the several claimants and report upon the location of the roads and the work that has been performed and other particulars necessary to the proper certification of the accounts involving the additional travelling expenses.

I would therefore recommend that authority be given under Chap. 9, sec. 24, 8 Edward VII., for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the sum of \$550 to meet payment of the said ever-expenditure.

J. O. REAUME,

Minister of Public Works.

TORONTO, September 15th, 1908.

Copy of a Minute of the Treasury Board, dated the 18th day of September, A. D. 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated the 17th day of September, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of the Audit Act, Chapter 9, 8 Edward VII., the sum of Fourteen hundred and fifty dollars (\$1,450) be placed to the credit of the Honourable the Treasurer to meet further expenditure in connection with expense of the Education Department for the balance of the current year, the appropriation for said purpose having become exhausted.

Certified,

M. CURREY,

For Clerk of Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for Education Department Expenses is exhausted owing principally to the extra expenditure for clerical assistance, travelling and general office expenses in con-

nection with this Department. and that a further sum of \$1,450.00 will be necessary to meet the additional expenditure.

The undersigned therefore recommends that under the authority of the Act, Cap. 9, 8 Edward VII., a further appropriation of Fourteen hundred and fifty dollars (\$1,450) be made to meet further expenditure required to the end of the year as per annexed schedule.

Extra Clerical Assistance	\$300 00
Travelling expenses	200 00
Advertising in Educational Journals	100 00
Printing, Stationery, Contingencies and other expenses	850 00
Total	\$1,450 00

R. A. PYNE,

Minister of Education.

TORONTO, September 17th, 1908.

Copy of a Minute of the Treasury Board, dated the 24th day of September, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 22nd day of September A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, chapter 9, 8 Edward, VII., the sum of Four thousand five hundred and fifty dollars (\$4,550) be placed to the credit of the Honourable the Treasurer to meet payments for the balance of the current year in connection with "Contingencies" of the Public Works Department, the approval said service having become exhausted.

Certified,

M. CURREY,

Clerk, Treasury Board.

JAMES CLANCY, ESQ.,
Auditor,
Ontario.

SIR,—I beg to report that the appropriation for Contingencies for the Department of Public Works is exhausted, and that a further amount will be necessary to meet the requirements of the Department for the balance of the year.

In the estimates for the current year, provision was made for an Assistant Architect, \$1,200, and two draughtsmen \$1,100, the assumption being that this would provide for three of the draughtsmen in the Architect's office. These appointments not having been made payment of such salaries have been charged to "Contingencies."

Provision was not made in the estimates for the extra services of Miss Sauriol, Miss Quigley and Mr. Paulin, for which \$800 will be required for the balance of the year.

Previous to this year, the travelling expenses of Engineers, Architects, Carpenters and Plumbers were charged to the several works inspected, and similar provision was made for this year. These expenditures have this year been charged to Contingencies, creating an unprovided drain upon this appropriation.

The foregoing expenditures for Assistant Architect, Draughtsmen, extra services and travelling expenses amount to the sum of \$4,600.

For the balance of the year a further appropriation of \$4,550 will therefore be required, made up as follows:—

Car Tickets	\$150 00
Postage	300 00
Telegraph and Telephone messages	100 00
Office supplies and printing	300 00
Salary of draughtsmen	1,100 00
Extra services, Miss Sauriol, Miss Quigley and Mr. Paulin	800 00
Travelling expenses	1,800 00

I would therefore recommend that authority be given under chapter 9, section 24, 8 Edward VII., for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the sum of \$4,550 to meet payment to the said over-expenditure.

J. O. REAUME,

Minister of Public Works.

TORONTO, September 22nd, 1908.

Copy of a Minute of the Treasury Board, dated the 29th day of September, A.D. 1908.

Upon consideration of the report of the Honourable the Provincial Secretary, dated the 11th day of September, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of the Audit Act, chapter 9, 8 Edward VII., the sum of Five thousand dollars (\$5,000) be placed to the credit of the Honourable the Treasurer to meet expenses in connection with the enforcement of the Liquor License Act, the appropriation for said purpose having become exhausted.

Certified,

M. CURREY,

Clerk, Treasury Board.

TORONTO, September 11th, 1908.

DEAR SIR,—Having had under consideration the annexed report of the Chief Officer of the License Branch, I recommend that authority be given under section 24, chapter 9, 8 Edward VII., for the issue of a warrant for the sum of \$5,000 for the purposes therein mentioned.

W. J. HANNA,

Provincial Secretary.

JAMES CLANCY, Esq.,

Auditor,

Toronto.

To the Honourable the
Provincial Secretary.

The undersigned begs to draw the attention of the Honourable the Provincial Secretary to the fact that the appropriation amounting to \$18,000 for the enforcement of the Liquor License Act for the current year is about exhausted, and that a further sum of Five thousand dollars (\$5,000) will be required to meet the expenditure for this work up to the 1st day of January next. In this connection I may say that the work of law enforcement has been vigorously prosecuted, thereby incurring a large additional expenditure, and in addition to the confiscation and destruction of large quantities of liquor, heavy fines have been

imposed as the result of the prosecutions initiated by the special officers, the aggregate amount of which for the Province since the first of January last exceeds \$12,000.

EUDO SAUNDERS.

Chief Officer.

LICENSE BRANCH,

TORONTO, September 11th, 1908.

Copy of a Minute of the Treasury Board, dated the 6th day of October, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated the 6th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of the Audit Act, the sum of Five hundred dollars (\$500) be placed to the credit of the Honourable the Treasurer to cover payments for the balance of the current year in connection with scrubbing, snow cleaning, cartage, etc., Maintenance Normal School, Ottawa, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL.

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for scrubbing and snow cleaning, cartage, etc., Maintenance Normal School, Ottawa, is exhausted, as well as the \$100.00 granted by the Treasury Board on June 9th, and that owing to the increased attendance at the School and the necessary class room changes other provisions had to be made for caretaking and cleaning, and a further sum of Five hundred dollars (\$500) will be necessary to meet further payments for this purpose to the end of the year.

The undersigned therefore recommends that under authority of the Act, Chapter 9, section 24, 8 Edward VII., a further appropriation of (\$500.00) be made subject to payments. Certificates to be issued under the authority of the Department of Education.

R. A. PYNE.

Minister of Education.

October 6th, 1908.

Copy of a Minute of the Treasury Board, dated the 6th day of October, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 3rd day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of The Audit Act (Cap. 9, 8 Edward VII.), the sum of Three thousand dollars (\$3,000) be placed to the credit of the Honourable the Treasurer to meet the payment of costs for litigation of "Constitutional Questions" for the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, ESQ.,

Auditor.

The undersigned begs to report that the appropriation for "Litigation of Constitutional Questions" has become exhausted and that a further appropriation of Three thousand dollars (\$3,000) will be required to meet the payment of costs in certain matters during the balance of the current year.

The undersigned, therefore, respectfully recommends that a warrant for the said sum of Three thousand dollars (\$3,000) be issued in favour of the Honourable the Treasurer under the provisions of section 24, Cap. 9, 8 Edward VII.

J. J. FOY,

Attorney-General

3rd October, 1908.

Copy of a Minute of the Treasury Board, dated the 8th day of October, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 25th day of September, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, cap. 9, 8 Edward VII., the sums of Six hundred dollars (\$600) and Three hundred dollars (\$300) respectively be placed to the credit of the Honourable the Treasurer, for fuel and for farm feed and fodder at the Institution for the Deaf and Dumb, at Belleville, the appropriations for said services having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

The undersigned reports for the information of the Auditor.

That the amount appropriated for fuel at the Institution for the Deaf and Dumb at Belleville is exhausted owing to an extra supply of coal and wood having to be purchased in the early part of the year.

The appropriation for farm feed and fodder for the above Institution is also exhausted owing to the small production on the farm last year and this, and the prevailing high prices then and now for feed and fodder.

The undersigned therefore recommends that under the authority of Act, chapter 9, section 24, 8 Edward VII., a further sum of \$600 and \$300 respectively be appropriated for the above services to pay the balance of account to the end of the year.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

JAMES CLANCY, Esq.,

Auditor,

Toronto.

TORONTO, September 25th, 1908.

Copy of a Minute of the Treasury Board dated the 20th day of October, A.D., 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated the 6th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to provisions of section 24 of "The Audit Act" the sum of Two thousand three hundred dollars (\$2,300) be placed to the credit of the Honourable the Treasurer to meet further expenditure for the balance of the current year in connection with summer schools, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for summer schools is exhausted. It was found that more extensive arrangements were necessary to accommodate those who applied than was anticipated, and a further sum of Two thousand three hundred dollars (\$2,300) will be required to meet further expenditure for this purpose.

The undersigned therefore recommends that under the authority of the Act, chapter 9, section 24, 8 Edward VII., a further appropriation of Two thousand three hundred dollars be made subject to payment. Certificates to be issued under the authority of the Department of Education.

R. A. PYNE,

Minister of Education.

October 6th, 1908.

Copy of a Minute of the Treasury Board, dated the 20th day of October, A.D., 1908.

Upon consideration of the report of the Deputy Minister of Mines, dated the 9th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of One hundred and eighty-one dollars and thirty-five cents (\$181.35) be placed to the credit of the Honourable the Treasurer to meet the payment in full of the account of the Crown Reserve Mining Company for One thousand two hundred and fifty-seven dollars and eighty-five cents (\$1,257.85) for a block of ore purchased by the Government from the said company for exhibition of Museum purposes, the appropriation for "Experimental treatment of Ores and Collection of Minerals, Parliament Buildings, and cases, being insufficient for the purpose.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, 9th October, 1908.

DEAR SIR,—Under the provisions of section 24 of the Audit Act (8 Edward VII., Chapter 9) I am transmitting to you herewith an account from the Crown Reserve Mining Company, Limited, for \$1,257.85, and being for a block of ore purchased by this Department from the said company for exhibition or museum purposes, as authorized by Order-in-Council, dated 7th August, 1908, a copy of which is hereto attached.

This expenditure is chargeable to the appropriation for "Experimental Treatment of Ores and Collection of Minerals, Parliament Buildings, and cases," page 86, Vote 63, of the estimates for 1908. The amount of the said appropriation is \$1,100 and as two small items have already been recommended for payment under this heading amounting together to \$23.50, the vote will be insufficient for the payment of the enclosed account by the sum of \$181.35. The block of ore referred to is now on exhibition in the corridor of the Parliament Buildings, ground floor.

I have therefore the honour to request that you will, in pursuance of the provision of the Audit Act cited above, submit the account to the Treasury Board, and obtain authority for the payment of the same in full.

As through a misapprehension the Crown Reserve Mining Company has deducted the value of the ore from the amount payable by the Company as royalty, the Cheque should be drawn in favour of the Provincial Treasurer for the Crown Reserve Mining Company and transmitted to this Department so that it may be deposited with the Treasury Department in the usual way on account of consolidated Revenue.

Yours very truly,
THOS. W. GIBSON,
Deputy Minister of Mines.

JAMES CLANCY, Esq.,
Auditor,
Parliament Buildings.

Copy of a Minute of the Treasury Board, dated the 20th day of October, A.D., 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated the 6th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of the Audit Act the sum of Four

thousand dollars (\$4,000) be placed to the credit of the Honourable the Treasurer to meet further expenditure during the balance of the current year for services of examiners, clerical assistance, travelling expenses, printing, etc., in connection with departmental examinations, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for the departmental examinations is exhausted owing to the appointment of extra boards of examiners and extra clerical assistance necessitated by the marked increase in the number of candidates who appeared for examination and a further appropriation of Four thousand dollars (\$4,000.00) will be necessary to meet the further expenditure for services of examiners, clerical assistance, travelling expenses, printing, etc., to the end of the year.

The undersigned therefore recommends that under authority of the Act, cap. 9, section 24, 8 Edward VII., a further appropriation of Four thousand dollars be made subject to payment, certificates to be issued under the authority of the Department of Education.

R. A. PYNE,

Minister of Education.

TORONTO, Oct. 6th, 1908.

Copy of a Minute of the Treasury Board, dated the 20th day of October, A.D., 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated the 6th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of the Audit Act the sum of One thousand dollars (\$1,000) be placed to the credit of the Honourable the Treasurer to meet expenditures for the balance of the current year for expenses of grounds Maintenance of Education Department, the appropriation for said sub-service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for the sub-service expenses of grounds under Vote 23, Maintenance Education Department, is exhausted, caused principally by the increased cost of labour and the extra assistance on the grounds and a further sum of One thousand dollars (\$1,000) will be required to meet this expenditure and for further purchases.

The undersigned therefore recommends that under the authority of the Act, chapter 9, section 24, 8 Edward VII., a further appropriation of One thousand dollars be made subject to payment. Certificates to be issued under the authority of the Department of Education.

R. A. PYNE,

Minister of Education.

October 6th, 1908.

Copy of a Minute of the Treasury Board, dated the 20th day of October, A.D., 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated the 6th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to provisions of section 24 of "The Audit Act" the sum of Five hundred dollars (\$500) be placed to the credit of the Honourable the Treasurer to meet expenditure for the balance of the current year in connection with the purchase of flags for rural school houses, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for the purchase of flags for rural school houses is exhausted as well as the appropriation of \$2,500 granted by the Treasury Board on June 16th, 1908, and in order that each rural school shall be equipped with a flag a further appropriation of Five hundred dollars (500) will be required.

The undersigned therefore recommends that under the authority of the Act, chapter 9, section 24, 8 Edward VII., a further appropriation of Five hundred dollars be made subject to payment. Certificates to be issued under authority of the Department of Education.

R. A. PYNE,

Minister of Education.

October 6th, 1908.

Copy of a Minute of the Treasury Board, dated the 20th day of October, A.D., 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 14th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Four hundred dollars (\$400) be placed to the credit of the Honourable the Treasurer to cover further expenditure during the balance of the current year in connection with Contingencies, Attorney-General's Department, the appropriation for said service having become exhausted.

Certified.

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

To the Auditor,
Toronto.

The undersigned begs to report that the sum appropriated at the last Session of the Legislature for "Contingencies" of the Attorney-General's Department has been found to be insufficient owing to the unexpected heavy pressure of work on the Department entailing the employment of temporary Clerical Assistance and that the sum of Four hundred dollars will be required to meet further expenditure for the balance of the current year. Under the circumstances the undersigned recommends that authority be given under section 24 of the Audit Act for a further appropriation of the sum of Four hundred dollars (\$400).

J. J. FOY,

Attorney-General.

14th October, 1908.

Copy of a Minute of the Treasury Board, dated the 21st day of October, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 13th day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of The Audit Act, the sum of Two thousand six hundred dollars (\$2,600) be placed to the credit of the Honourable the Treasurer to meet payments in connection with the building of the Registry Office at Port Arthur, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,
Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor,
Ontario.

SIR,—I beg to report that the appropriation for building Registry Office at Port Arthur is about exhausted and that about \$2,600 additional will be required to pay balance of the cost of work.

The contract for building the Registry Office was let to W. E. White & Co. After the contract was signed and work commenced, upon considering representations made by the people of Port Arthur, the plans were altered to provide for enlarging the building.

The Contractor requested \$2,650 for the additional work, but having failed to proceed with the contract, the work was carried on under the supervision of the Clerk of Works. The work is now completed, and the accounts rendered show the additional cost to be \$2,600.

No provision having been made for the extra work occasioned by the enlargement of the building, I would therefore recommend that authority be given under Chap. 9, Sec. 20, 8 Edward VII., for the issue of a Warrant in favour of the Honourable the Provincial Treasurer for the sum of \$2,600 to meet payments in connection with said work.

J. O. REAUME,
Minister of Public Works.

TORONTO, October 13th, 1908.

3a* P.A.

Copy of a Minute of the Treasury Board, dated the 21st day of October, A.D., 1908.

Upon consideration of the report of the Honourable the Treasurer, dated the 21st day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of The Audit Act the further sum of Fifteen thousand dollars (\$15,000) be placed to the credit of the Honourable the Treasurer to cover payments on account of salaries, travelling, office and other expenses for the balance of the current year in connection with the Hydro-Electric Power Commission, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, October 21st, 1908.

The undersigned begs to report that the sum appropriated at the last session of the Legislature for Hydro-Electric Power Commission, and also the sum of \$15,000 provided under a Minute of the Treasury Board, dated the 11th day of August, A.D. 1908, is exhausted, owing principally to large expenditures on account of salaries, travelling, office and supplies, the expenses of survey party and right of way buyers now in the field, and for professional services of Consulting Engineers, and a further sum of Fifteen thousand dollars (\$15,000) will be required to meet the expenses for the balance of the current year.

The undersigned therefore respectfully recommends that authority be given pursuant to the provisions of section 24, chapter 9, 8 Edward VII., for the issue of a Treasury Board Warrant in favour of the Provincial Treasurer for the sum of Fifteen thousand dollars (\$15,000), amount required for expenditure for Hydro-Electric Commission for the balance of the current year.

A. J. MATHESON,

Provincial Treasurer.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 21st day of October, A.D., 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the nineteenth day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of One hundred and eighty dollars (\$180) be placed to the credit of the Honourable the Treasurer to pay further amounts chargeable to the appropriations for fuel and miscellaneous for the Institution for the Blind, Brantford, said appropriations having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the amount appropriated for Fuel at the Institution for the Blind is exhausted owing to an extra supply of Kindling Wood, etc., having to be purchased.

The appropriation for Miscellaneous for the above Institute is also exhausted owing principally to the extra heavy Traveling Expenses of the pupils at the close of the Session, and returning to the Institution for the present term.

The undersigned therefore recommends that under the authority of the Act, Chap. 9, section 24, 8 Edward VII., a further sum of \$30.00 and \$150.00 respectively be appropriated for the above services to pay further amounts chargeable to these items.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

JAMES CLANCY, Esq.,

Auditor,

Parliament Buildings, City.

19th October, 1908.

Copy of a Minute of the Treasury Board, dated the 27th day of October, A.D., 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 23rd day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Three

thousand five hundred dollars (\$3,500) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts in connection with the General Administration of Justice within the District of Algoma for the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

Toronto, October 23rd, 1908.

The undersigned has the honour to report that the vote taken in the Estimates for the General Administration of Justice within the District of Algoma is exhausted, chiefly owing to the long duration of the Courts and the sum expended in the payment of Crown Witnesses, Jurors, etc., in attending thereat, and that a further estimated sum of Three thousand five hundred dollars (\$3,500) will be required to pay accounts for the current year.

The undersigned, therefore, respectfully recommends that a further appropriation of Three thousand five hundred dollars (\$3,500) be granted under the authority of the Audit Act, Chapter 9, 8 Edward VII.

J. J. FOY,

Attorney General.

JAMES CLANCY, Esq.,

Auditor.

Toronto.

Copy of a Minute of the Treasury Board, dated the 3rd day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 29th day of October, A.D. 1908, the Treasury Board doth hereby order that under the provisions of section 24 of "The Audit Act" the sum of Two hundred and forty dollars and forty-one cents (\$240.41) be placed to the credit of the Honourable the Treasurer to meet the payment of certain accounts in connection with the building of a bridge across the Muskoka River, known as the Oakley Bridge, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, October 29th, 1908.

JAMES CLANCY, ESQ.,
Auditor,
Ontario.

SIR,—The undersigned respectfully reports that the appropriation for the building of a large bridge across the Muskoka River, known as the Oakley Bridge, has been exhausted and the following accounts are unpaid:—

James Clemence, teaming	\$ 31.50
Thos. Clemence, teaming	17.50
George Traves, teaming	24.50
Fred. Saunders, teaming	7.50
J. D. Shier, lumber	89.25
Wm. L. Crittenden, plank	46.16
Mrs. Wm. L. Crittenden, board of men	8.50
John Stonehouse, cedar posts	4.50
J. O. Coates, expenses self and men	11.00
	\$240.41

The over-expenditure was caused by the raising of the floor and grade of approach to a higher elevation than the old bridge, which was found necessary after construction was commenced in order to provide for a freer and safer passage for logs, etc.

The undersigned would therefore recommend that authority be given under 8 Edward VII., Chapter 9, section 24, for the issue of a warrant in favour of the Honourable the Provincial Treasurer for an amount sufficient to meet the said accounts.

J. O. REAUME,
Minister of Public Works.

Copy of a Minute of the Treasury Board, dated the 4th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 2nd day of November, A.D. 1908, the Treasury Board doth hereby order pursuant to the provisions of section 24 of "The Audit Act," that the further sum of Three thousand dollars (\$3,000) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts for services

and disbursements in connection with the Litigation of Constitutional Questions which may be presented during the balance of the current year, the appropriation for said service having come exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,

Auditor,

Toronto.

The undersigned begs to report that the appropriation made by the Legislature last Session for the payment of expenses in connection with "Litigation of Constitutional Questions" has become exhausted, and it is found that the additional appropriation of \$3,000 authorized by Minute of the Treasury Board, of 6th October, 1908, is insufficient to meet accounts which have been presented for payment, and that a further sum of Three thousand dollars (\$3,000) is needed to cover expenditure on account of said service during the balance of the current year.

The undersigned therefore respectfully recommends that pursuant to the provisions of section 24 of "The Audit Act" the further sum of Three thousand dollars (\$3,000) be placed to the credit of the Honourable the Treasurer for the purpose above indicated.

J. J. FOY,

Attorney-General.

2nd November, 1908

Copy of a Minute of the Treasury Board, dated the 10th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 6th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Three thousand dollars (\$3,000) be placed to the credit of the Honourable the Treasurer to cover the payment of accounts in connection with the General Administration of Justice within the District of Thunder Bay, the appropriation of said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO. November 6th, 1908.

The undersigned has the honour to report that the vote taken in the estimates for the General Administration of Justice within the District of Thunder Bay is exhausted, chiefly owing to the long duration of the courts and the sums expended in the payment of Crown Witnesses, Jurors, etc., in attending thereat, and also for the conveyance of prisoners, and that a further estimated sum of Three thousand dollars (\$3,000) will be required to pay accounts for the current year.

The undersigned therefore respectfully recommends that a further appropriation of Three thousand dollars (\$3,000) be granted under the authority of the "Audit Act, Chapter 9, 8 Edward VII.

J. J. FOY.

Attorney-Generol.

JAMES CLANCY, Esq.,
Auditor,
Toronto.

Copy of a Minute of the Treasury Board, dated the 10th day of November, A.D. 1908.

Upon consideration of the reports of the Honourable the Minister of Public Works, dated the 5th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Three hundred and fifty dollars (\$350) be placed to the credit of the Honourable the Treasurer to meet the requirements of Contingencies, Colonization Roads Branch of the Public Works Department, for the balance of the year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, 5th November, 1908.

JAMES CLANCY, Esq.,
Auditor,

Parliament Buildings, Toronto.

SIR,—I beg to report that the appropriation for contingencies in connection with the Colonization Roads Branch of this Department is again exhausted, and that about \$350

additional will be necessary to meet the requirements of the Department, for the balance of the year, to be made up as follows :

Extra help, postage and stationary ... \$350 00

On the 15th of September, 1908, a recommendation was made for an additional appropriation, but this did not include a stationery account for June and July, which had not at the time been presented to the Department, nor did it provide for sufficient additional extra help in connection with the Colonization Roads Accounts, occasioned by the very large increase of work in this connection owing to the greater appropriations for this work.

I would therefore recommend that authority be given under chapter 9, section 24. 8 Edward VII., for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the additional sum of \$350, to meet payment of the said over-expenditures for the year.

J. O. REAUME.

Minister of Public Works.

Copy of a Minute of the Treasury Board, dated the 10th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 5th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Eight hundred dollars (\$800) be placed to the credit of the Honourable the Treasurer to cover the payment of accounts and expenses in connection with the Rondeau Provincial Park, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, 5th November, 1908.

DEAR SIR,—

The undersigned begs to state that the appropriation in the estimates of 1908 for Rondeau Provincial Park has been exhausted, and that the following accounts remain unpaid :

P. Miller, teaming	\$11 00
Wm. Gilling, teaming	11 00
Pay list for October	68 50
P. Bawden, drug sundries	2 30
John Handy, oats	36 21
John McLean, wheat	4 80
Canada Flour Mills, feed stuff.....	17 70
Volger Bros., account drilling gas well.....	140 00

The pay lists for November and December will also require to be met (say \$68.50 each) and there are several accounts yet to be received for current expenses, which will bring the amount required in excess of the appropriation up to about \$800.

The over expenditure is due to the fact that a large amount of excavating was done in the shallow waters along the shore of the Rond Eau for the improvement of that part of the Park used for summer cottage purposes. This work was not provided for in the estimates of the year, but an excavating machine being brought to the Park by the contractors who were building a dock there, the department took advantage of its presence and had the excavating done at a much less cost than if the apparatus had been procured and taken to the Park for this special purpose. The total cost of the excavating over and above that required in connection with the dock was \$1,430, which much more than accounts for the over-expenditure.

The undersigned therefore begs to recommend that authority be given as provided in the "Audit Act" (8 Edward VII., Chapter 9) for payment of the above mentioned accounts and expenses, not exceeding \$800.

Yours very truly,

F. COCHRANE,

Minister.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, the 10th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 4th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of One hundred and thirty-five dollars (\$135) be placed to the credit of the Honourable the Treasurer to meet the difference between the estimated cost and the contract price in connection with the Worthington Road bridges the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, November 4th, 1908.

JAMES CLANCY, Esq.,

Auditor,

Parliament Buildings.

SIR,—

I beg to recommend that the appropriation for Worthington Road Bridges in the Colonization Road Estimates for the current year is exhausted, and that \$135 additional will be necessary to pay the balance of the contract price for building the bridge. The estimated cost of \$600 was supplied to the Department by the Inspector of Colonization Roads for the Rainy River District. Tenders were publicly invited, and the contract awarded to W. H. Lougheed, for \$735, his tender being the lowest. This tender was approved as the bridges were urgently required.

I would therefore recommend that authority be given under chapter 9, section 24, 8 Edward VII., for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the sum of \$135 to meet the difference between the estimated cost and the contract price.

J. O. REAUME,

Minister of Public Works.

Copy of a Minute of the Treasury Board, dated the 17th day of November, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 12th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Seven thousand three hundred dollars (\$7,300) be placed to the credit of the Honourable the Treasurer to cover payments in connection with "Education Refunds during the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor:

That the appropriation for education refunds is exhausted owing to the change in the Regulations regarding the Normal and Model Schools, which now require that the fees be returned to the teacher-in-training in the month of October, in addition to those refunds to teachers who withdrew their applications or were not qualified for admission.

The undersigned therefore recommends that under the authority of the Act, chapter 9, section 24, 8 Edward VII., a further appropriation of Seven thousand three hundred dollars (\$7,300) be made subject to payment, certificates to be issued under the authority of the Department of Education.

Respectfully submitted,

A. H. U. COLQUHOUN,

Deputy Minister of Education.

Toronto, November 12th, 1908.

Copy of a Minute of the Treasury Board, dated the 17th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney General, dated the 12th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to

the provisions of section 24 of "The Audit Act," the sum of One thousand dollars (\$1,000) be placed to the credit of the Honourable the Treasurer for the payment of accounts for the balance of the current year in connection with the general administration of Justice in the District of Sudbury, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, November 12th, 1908.

The undersigned has the honour to report that the vote taken in the estimates for the General Administration of Justice within the District of Sudbury is exhausted, chiefly owing to the long duration of the Courts and the sums expended in the payment of Crown Witnesses, Jurors, etc., in attending thereat, and also for the conveyance of prisoners, and that a further estimated sum of One thousand dollars (\$1,000) will be required to pay accounts for the current year.

The undersigned therefore respectfully recommends that a further appropriation of One thousand dollars (\$1,000) be granted under the authority of "The Audit Act," Chapter 9, 8 Edward VII.

JAMES CLANCY, ESQ.,

Auditor,

Toronto.

J. J. FOY,

Attorney General.

Copy of a Minute of the Treasury Board, dated the 19th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Provincial Secretary, dated the 17th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Nine hundred dollars (\$900) be placed to the credit of the Honourable the Treasurer to cover expenditure during the balance of the current year in connection with the deportation of undesirable immigrants, the appropriation for said service being insufficient to meet immediate requirements.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, November 17th, 1908.

DEAR SIR,—I beg to advise you that the Appropriation of \$1,500.00 voted by the Legislature for the "Deportation of Undesirable Immigrants" is insufficient to meet immediate requirements.

There remains an unexpended balance of \$514.77 and the sum of \$1,100.00 will be required at once and a further amount of \$200.00 approximately to continue the work to the end of the year. Arrangements are now completed for the removal of eighteen or twenty undesirable immigrants, who sail for England on the 21st, and through their deportation the Province avoids a future expenditure of approximately \$80,000.00.

I beg to recommend that authority be given under 8 Edward VII, Chapter 9, Section 20, for the issue of a warrant for the sum of \$900.00 to meet the requirements of this service.

Yours truly,

W. J. HANNA.

JAMES CLANCY, Esq.,

Auditor,

Parliament Buildings.

Copy of a Minute of the Treasury Board, dated the 19th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Attorney-General, dated the 16th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act" the sum of Three hundred and twenty-five dollars (\$325) be placed to the credit of the Honourable the Treasurer to cover expenditure for the balance of the current year in connection with Contingencies of the Audit Office Criminal Justice Accounts the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, November 16th, 1908.

The undersigned respectfully reports that the appropriations to cover contingencies of the Audit Office, Criminal Justice Accounts is exhausted on account of the extra clerical assistance necessary to meet the work done and requiring to be done, and that a further estimated sum of Three hundred and twenty-five dollars (\$325) will be necessary to cover expenditures for the balance of the current year.

The undersigned therefore respectfully recommends that authority be given under 8 Edward VII, Cap. 9, section 24, for the issue of a warrant for Three hundred and twenty-five dollars (\$325) to cover the Contingencies of the above mentioned office until the 31st day of December next.

J. J. FOY,
Attorney-General.

JAMES CLANCY, Esq.,
Auditor,
Toronto.

Copy of a Minute of the Treasury Board, dated the 24th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 19th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act" the sum of Twenty-five thousand dollars (\$25,000) be placed to the credit of the Honourable the Treasurer to cover the payment of accounts during the balance of the current year in connection with "Fire Ranging" the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, November 19th, 1908.

SIR,—The undersigned begs to report that the amount appropriated at the last session of the Legislature for "Fire Ranging" has been expended and that in view of the more extended protection rendered necessary by forest conditions, a further sum will be required.

The undersigned therefore begs to recommend that pursuant to section 20, Cap. 23, R.S.O. 1897, the sum of Twenty-five thousand dollars be placed to the credit of the Honourable the Treasurer to meet the payment of accounts in connection with the above service.

F. COCHRANE,

Minister of Lands, Forests and Mines.

JAMES CLANCY, ESQ.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 26th day of November, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Agriculture, dated the 24th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act" the sum of Two hundred and eighty-five dollars and twenty-one cents (\$285.-21) be placed to the credit of the Honourable the Treasurer to meet further payments for the balance of the year in connection with the inspection of Apiaries "Foul Brood" the appropriation for said service being insufficient for the purpose.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, 24th November, 1908.

DEAR SIR,—An appropriation of \$1,800 was voted by the Legislature at its recent session for carrying on the work of inspection of apiaries in connection with foul brood (Vote No. 44) Accounts amounting to \$1,672.41 have been paid, leaving \$127.59 still available owing to the increased amount of work that developed, necessitating the appointment of three additional Inspectors, expenses have accrued in excess of the appropriation. Accounts for services and travelling expenses amounting to \$412.80 are on hand. It is in the interest of the public service that these should be paid at once, I am therefore instructed to request that in accordance with section 24, of "The Audit Act," Chapter 9, 8 Edward VII, you will be

pleased to submit these accounts and report to the Treasury Board and approve of a further appropriation of \$285.21 to provide for the payment of the same.

I remain,

Yours very truly,

C. C. JAMES,

Deputy Minister.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 1st day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 25th day of November, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act" the sum of Three hundred and forty-five dollars (\$345) be placed to the credit of the Honourable the Treasurer to meet the payment of the balance of the account in connection with the work to improve the Mara township Road, the appropriation for said purpose having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

MR. JAMES CLANCY,
Auditor.
Ontario.

SIR,—I beg to inform you that in the estimates of the last session of the Legislature for the current year \$350 was granted to improve the Mara Township Road, conditional upon the Township of Mara contributing an equal amount. Following the former practice, the Township did, by instruction from the Department pay their \$350 into the Provincial Treasury. When a refund of this money was applied for, the provincial auditor objected to payment on the ground that money once paid into consolidated revenue fund could only be paid out by authority of the Legislature.

The work has now been completed at a cost of \$695 and the expenditure has exceeded the grant of \$350 to the extent of \$345 and I would therefore respectfully recommend that authority be given under Chapter 9, section 24, 8 Edward VII, for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the sum of Three hundred and forty-five dollars to meet the payment of the balance of the account in connection with the said work.

J. O. REAUME,

Minister of Public Works.

TORONTO, November 25th, 1908.

Copy of a Minute of the Treasury Board, dated the 4th day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 3rd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Four thousand dollars (\$4,000) be placed to the credit of the Honourable the Treasurer to meet the requirements of the Diamond Drills for the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, November 28th, 1908.

DEAR SIR,—The appropriation of \$15,000, in the estimates for 1908 under the heading of "Diamond Drills" is almost, if not quite exhausted, and the following accounts are on hand and unpaid.

C. P. Railway Co., Freight	\$61 20
F. H. Schieder, Supplies	22 23
W. B. Leece, Supplies	40 79
Marks-Clavet-Dobie, Supplies	102 71
O. Jalbert, Supplies	10 32

In addition paylists for both drills for the months of November and December and the other expenses for those two months have not yet been met. These accounts are not yet forward, but the deficiency will in all probability be not less than \$4,000.

Both the "S" and "C" Drill have been in operation for nearly the whole of the year and are still at work, operating expenses are high, and diamonds which are a leading item of cost, are worth, in suitable sizes up to \$75 per karat.

It may be pointed out that of the total expenditure on diamond drills the Government bears 35 per cent. only, the remaining 65 per cent. being refunded by the persons getting the use of the drills. These refunds for the year 1908, have amounted so far to \$10,110.38, leaving the net expenditures at the present time \$4,889.62.

It is therefore requested that the sum of \$4,000 be placed at the credit of the appropriation for Diamond Drills in order that the requirements for the remainder of the year may be met.

Yours very truly,

JAMES CLANCY, Esq.,

F. COCHRANE.

Auditor,

Parliament Buildings.

Copy of a Minute of the Treasury Board, dated the 8th day of December, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 2nd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Five hundred dollars (\$500) be placed to the credit of the Honourable the Treasurer to cover payments for clerical assistance and general office expenses in connection with the Education Department, the appropriation for said service having become exhausted said payments to be made upon certificates to be issued under the authority of the said Department.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for Education Department expenses is exhausted as well as the Treasury Board Warrant for \$1,450.00, received in August, owing to extra expenditure for clerical assistants and general office expenses in connection with this Department, and a further sum of Five hundred will be necessary to meet additional expenditures to end of the year.

The undersigned therefore recommends that under the authority of the Act, Chapter 9, section 24, 8 Edward VII, that a further appropriation of \$500.00, be made subject to payment, certificates to be issued under the authority of the Department of Education.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, December 2nd, 1908.

Copy of a Minute of the Treasury Board, dated the 8th day of December, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 2nd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of One thousand eight hundred dollars (\$1,800) be placed to the credit of the Honourable the Treasurer to cover certain expenditure in connection with the re-organization of the English-French School at Ottawa, the appropriation for French English Training Schools having become exhausted, payments to be made upon certificates to be issued under the authority of the Education Department.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for French-English Training Schools is exhausted owing to the fact that in the re-organization of the English-French School at Ottawa, in September, an extra Teacher was employed and special equipment purchased.

The undersigned therefore recommends that under the authority of the Act, Chapter 9, section 24, 8 Edward VII, that a further appropriation of \$1,800.00 be made subject to payment certificates to be issued under the authority of the Department of Education.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, December 2nd, 1908.

Copy of a Minute of the Treasury Board, dated the 8th day of December, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 2nd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sums of Six thousand dollars (\$6,000) and Five hundred dollars (\$500) respectively be placed to the credit of the Honourable the Treasurer to meet expenditures to the end of the present year in connection with "Assisted Public and Separate Schools New Districts" and for "Continuation Classes" the appropriations for said services having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for Assisted Public and Separate Schools, New Districts, is exhausted owing to the unprecedented number of requests for special assistance from schools in some of the remote unorganized townships in the New Districts.

The appropriation for the Continuation Classes is also exhausted, and a further sum will be required to pay the balance of the grant as apportioned for the present year.

The undersigned therefore recommends that under the authority of the Act, Chapter 9, section 24, 8 Edward VII, a further appropriation of \$6,000.00 and \$500.00 respectively be made to meet the expenditure for the above purposes to the end of the present year.

A. H. U. COLQUHOUN,
Deputy Minister of Education.

TORONTO, December 2nd, 1908.

Copy of a Minute of the Treasury Board, dated the 8th day of December, A.D. 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 2nd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the pro-

visions of section 24, of "The Audit Act," the sum of Two hundred dollars (\$200) be placed to the credit of the Honourable the Treasurer to cover expenses of grounds, trees, etc., Maintenance London Normal School, the appropriation for said service having become exhausted, payments to be made upon certificates to be issued under the authority of the Education Department.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for the expenses of grounds, trees, etc., Maintenance London Normal School, is exhausted, owing to the fact that extra labour was required in the levelling and grading of the new grounds purchased.

The undersigned therefore respectfully recommends that under authority of the Act, chapter 9, section 24, 8 Edward VII., that a further appropriation of \$200.00 be made, subject to payment certificates to be issued under the authority of the Department of Education.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, December 2nd, 1908.

Copy of a Minute of the Treasury Board, dated the 8th day of December, A.D., 1908.

Upon consideration of the report of the Deputy Minister of Education, dated the 2nd day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of One thousand seven hundred dollars (\$1,700) and Three thousand dollars (\$3,000) respectfully be placed to the credit of the Honourable the Treasurer, to cover payments in connection with the Minister's report, and the printing of documentary history of Education, the appropriations for said services having become exhausted, said payments to be made upon certificates to be issued under the authority of the Education Department.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for the Minister's report, Miscellaneous, Education Department, is exhausted, owing principally to the fact that an extra number of special reports on Technical Education, Agriculture in Schools, etc., and which were published as an appendix to the Minister's report and were necessarily charged to this service.

The appropriation for Documentary History for the same service is also exhausted, there being three extra volumes published this year.

The undersigned therefore recommends that under the authority of the Act, chapter 9, section 24, 8 Edward VII., that a further appropriation of \$1,700 and \$3,000 respectively be made subject to payment, certificates to be issued under the authority of the Department of Education.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, December 2nd, 1908.

Copy of a Minute of the Treasury Board, dated the 8th day of December, A.D., 1908.

Upon consideration of the report of the Deputy Minister of Agriculture, dated the 2nd day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Three thousand and two hundred and fifteen dollars (\$3,215) be placed to the credit of the Honourable the Treasurer to cover the payments of grants to "Women's Institutes" and "Branch Women's Institutes" the appropriation for Institutes (Agriculture) having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk. Treasury Board.

TORONTO, December 2nd, 1908.

DEAR SIR,—I beg to hand you herewith requisitions for the payment of grants to Women's Institutes amounting to \$1,982 and of grants to Branch Women's Institutes amounting to \$1,233, making a total of \$3,215. These grants are all based on the regulations of the Department approved by the Minister, and should now be paid.

The amount unexpended of our appropriation for Institutes of all kinds under Vote No. 41 is not sufficient to meet these grants. The balance on hand is at present \$1,023.61, most of which will be required to meet other accounts now coming in or that will be on hand before the end of the year. The extra expenditure in connection with Institute work has arisen from several causes, among which may be mentioned the following: Double expense was incurred last February in holding of an extensive series of duplicate meetings through the snow blockade; a large number of special Institutes were found necessary that had not been anticipated when the work was first planned; Farmers' Institutes have organized a large number of clubs or small Institutes that have required extra meetings, and the work of the Women's Institutes has been greatly extended during the year necessitating more meetings and more grants.

It is advisable and in the interests of the public service that these grants be paid at once, and I have therefore to request in accordance with the provisions of section 24 of the Audit Act, that you will be pleased to submit these requisitions to the Treasury Board and make request for an additional appropriation of \$3.215 to pay the same.

I remain,

Yours very truly,

C. C. JAMES,

Deputy Minister.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 8th day of December, A.D., 1908.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 3rd day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Two thousand and thirty-seven dollars and forty-one cents (\$2,037.41) be placed to the credit of the Honourable the Treasurer to complete the payment of the bills of cost of H. H. Collier, Esquire, K.C., amounting to Three thousand eight hundred and fifty-six dollars and fifty-five cents (\$3,856.55) in the Court of Appeal and the Privy Council in the action of the Attorney-General v. Woodruff (Succession Duty) the appropriation for "Litigation of Constitutional Questions" having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor,
Parliament Buildings.

The undersigned begs to report that the appropriation made by the Legislature at the last Session thereof for the payment of costs and expenses in connection with the "Litigation of Constitutional Questions" has become exhausted and it is found that the additional appropriations authorized by the Treasury Board amounting to the sum of Six thousand two hundred and forty-one dollars and seventy-four cents (\$6,241.74) is insufficient to complete the payment of the bills of cost of H. H. Collier, Esq., K.C., amounting to \$3,856.55 in the Privy Council and Court of Appeal in the action of the Attorney-General v. Woodruff (Succession Duty) and that the further sum of Two thousand and thirty-seven dollars and forty-one cents (\$2,037.41) is required for said purpose.

Under the circumstances the undersigned respectfully recommends that pursuant to the provisions of section 24 of the Audit Act, the further sum of Two thousand and thirty-seven dollars and forty-one cents (\$2,037.41) be placed to the credit of the Honourable the Treasurer to cover the expenditure above indicated.

J. P. WHITNEY,
Acting Attorney-General.

3rd December, 1908.

Copy of a Minute of the Treasury Board, dated the 10th day of December, A.D., 1908.

Upon consideration of the report of Sir J. P. Whitney, Acting Attorney-General, dated the 8th day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Two thousand five hundred dollars (\$2,500) be placed to the credit of the Honourable the Treasurer to cover the payment of the Judges travelling expenses in connection with the revision of the Voters' Lists, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

ATTORNEY-GENERAL'S OFFICE,
December 8th, 1908.

The undersigned respectfully reports that the appropriation to pay the Judges travelling expenses in connection with the revision of the Voters' Lists is about exhausted, owing to the increased appeals and increase of days holding courts, and that further accounts are waiting adjustment, and that further accounts from 13 Judges are yet to be received, for which it is estimated the sum of Two thousand five hundred dollars (\$2,500) will be required.

The undersigned therefore respectfully recommends that authority be given under the Audit Act, 8 Edward VII., Cap. 9, for the issue of a warrant for the sum of Two thousand five hundred dollars (\$2,500) to meet the requirements of this service.

J. P. WHITNEY,
Acting Attorney-General.

JAMES CLANCY, Esq.,
Auditor,
Toronto.

Copy of a Minute of the Treasury Board, dated the 15th day of December, A.D., 1908.

Upon consideration of the report of the Honourable the Provincial Secretary, dated the 4th day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of the Audit Act, the further sum of Two thousand dollars (\$2,000) be placed to the credit of the Honourable the Treasurer to meet expenditure for the balance of the current year in connection with the enforcement of the License Act, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

PROVINCIAL SECRETARY'S OFFICE,
Toronto, December 4th, 1908.

DEAR SIR.—Having had under consideration the annexed report of the Chief Officer of the License Branch, I recommend

that authority be given, under the 'Audit Act, Chap. 9, 8 Edward VII., for the issue of a warrant for the sum of \$2,000 for the purpose therein mentioned.

Very truly yours,

W. J. HANNA,

Provincial Secretary.

JAMES CLANCY, Esq.,
Auditor,
Toronto.

The undersigned begs respectfully to report that owing to the necessary employment of a larger staff of special officers for the enforcement of Local Option and the heavy expenditure necessarily incurred for the enforcement of the License Act, in the Provisional Judicial Districts of the Province, the appropriation of the Legislature, and the amount covered by the warrant of His Honour the Lieutenant-Governor of the 29th September last for \$5,000 have been exhausted and that a further sum of Two thousand dollars (\$2,000) will be required to meet the expenditure for this purpose to the 31st December, 1908.

Respectfully submitted,

E. SAUNDERS,

Chief Officer.

LICENSE BRANCH,
December 4th, 1908.

Copy of a Minute of the Treasury Board, dated the 15th day of December, A.D., 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 9th day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Twenty thousand one hundred and twenty dollars and thirty-four cents (\$20,120.34) be placed to the credit of the Honourable the Treasurer to meet expenditure on the work done this season in connection with the survey of Base and Meridian lines, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, December 9th, 1908.

The undersigned begs to report that the amount placed in the estimates for Base and Meridian Lines is insufficient to meet the expenditure on the work done this season.

The undersigned therefore recommends that a warrant for the sum of \$20,120.34 be issued under the authority of 8 Edward VII., chapter 9, section 24, for the above purpose.

F. COCHRANE,

Minister of Lands, Forests and Mines.

JAMES CLANCY, Esq.,

Auditor,

Toronto.

Copy of a Minute of the Treasury Board, dated the 15th day of December, A.D., 1908.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 10th day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the further sum of Three thousand dollars (\$3,000) be placed to the credit of the Honourable the Treasurer to meet expenditure for the balance of the current year in connection with the Administration of Justice in the Provisional Judicial District of Algoma, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,

• Auditor.

The undersigned begs to report that the appropriation for Administration of Justice, District of Algoma, has become exhausted, also further appropriation by the Treasury Board, amounting to \$3,500, owing to unusual and unforeseen expenses in connection with the preservation of law and order in the said District, and it is estimated that the further sum of Three thousand dollars (\$3,000) will be needed to meet the requirements of said service for the balance of the current year.

Under the circumstances the undersigned respectfully recommends that pursuant to the provisions of section 24 of "The Audit Act" a further appropriation of Three thousand dollars (\$3,000) be made to cover the above expenditure.

J. P. WHITNEY,
Acting Attorney-General.

Copy of a Minute of the Treasury Board, dated the 17th day of December, A.D. 1908.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 14th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of One hundred dollars (\$100) be placed to the credit of the Honourable the Treasurer, to cover expenditure for the balance of the current year in connection with contingencies, Office of the Inspector of Division Courts, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Executive Council.

JAMES CLANCY, ESQ.,
Auditor,
Parliament Buildings.

The undersigned begs to report that the appropriation for Contingencies for the Office of the Inspector of Division Courts has become exhausted owing to extra expenditure for clerical assistance and it is estimated that the sum of One hundred dollars (\$100) will be needed to meet the requirements of the said service for the balance of the current year.

Under the circumstances the undersigned respectfully recommends that pursuant to the provisions of section 24, of "The Audit Act," the sum of One hundred dollars (\$100) be placed to the credit of the Honourable the Treasurer to cover the above expenditure.

J. P. WHITNEY,
Acting Attorney-General.

14th December, 1908 .

Copy of a Minute of the Treasury Board, dated the 17th day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 14th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Four hundred and eighteen dollars and six cents (\$418.06) be placed to the credit of the Honourable the Treasurer to cover the payment of wages and outstanding accounts in connection with Palmers Rapids Bridge, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, ESQ.,

Auditor,

Ontario.

SIR,—I beg respectfully to report that the balance of the appropriation for Palmers Rapids Bridge is insufficient to meet the pay list for workmen and accounts outstanding. The sum of \$418.06, being required to pay wages and accounts incurred, it is urgent that these be paid.

The over-expenditure was caused by additional work on approaches not estimated in cost of bridge.

The undersigned would therefore respectfully recommend that authority be given under 8 Edward VII, Chapter 9, section 24, for the issue of a warrant in favour of the Honourable the Treasurer, for the said amount.

J. O. REAUME,

Minister of Public Works.

TORONTO, December 14th, 1908.

Copy of a Minute of the Treasury Board, dated the 14th day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 14th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit

Act," the sum of Three thousand dollars (\$3,000) be placed to the credit of the Honourable the Treasurer to meet expenses for the balance of the current year in connection with Mining Recorders the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, December 14th, 1908.

DEAR SIR,—I beg to advise you that the appropriation made by the Legislature at its last session to defray the expenses in connection with Mining Recorders is almost exhausted. The great activity in taking up mining lands in the Cobalt, Elk Lake, Larder Lake and other Mining Districts during the past season has increased the work of the Recorders Offices and has led to larger expenditure than was anticipated.

The salaries of the Recorders for the month of December, amounting to \$1,300 have not yet been paid, and there will be more than the usual monthly expenses to meet, in order to close the accounts for the year.

I have therefore to request that authority be obtained for the payment of accounts in connection with these services up to the extent of Three thousand dollars (\$3,000) in addition to the appropriation.

Yours very truly,

JAMES CLANCY, Esq.,

F. COCHRANE.

Auditor,

Parliament Buildings.

Copy of a Minute of the Treasury Board, dated the 21st day of December, A.D. 1908.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 21st day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Two thousand dollars (\$2,000) be placed to the credit of the Honourable the Treasurer, to meet the requirements for administration of Justice in the Provisional Judicial District of Nipissing for the balance of the current year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned begs to report that the appropriation for Administration of Justice, District of Nipissing, has become exhausted owing to the unusual and unforeseen expenses in connection with the preservation of law and Order in the said District, and it is estimated that the further sum of Two thousand dollars (\$2,000) will be needed to meet the requirements of said service for the balance of the current year.

Under the circumstances the undersigned respectfully recommends that pursuant to the provisions of section 24, of "The Audit Act," a further appropriation of \$2,000, be made to cover the above expenditure.

J. P. WHITNEY,
Acting Attorney-General.

21st December, 1908.

Copy of a Minute of the Treasury Board, dated the 22nd day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 18th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Two thousand dollars (\$2,000) be placed to the credit of the Honourable the Treasurer to cover the payment of accounts for the balance of the current year in connection with Miscellaneous Expenditure, Game and Fisheries, the appropriation for said service being insufficient for the purpose.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

The undersigned reports for the information of the Provincial Auditor.

That the appropriation for Miscellaneous Expenditure for the Game and Fisheries is almost exhausted, owing to the fees for hunting licenses being all paid direct into the Treasury, and the custom in former year being to deduct the Commission paid for the sale of such licenses from the grosse revenue, and a further appropriation of \$2,000 is necessary to pay the balance of accounts to the end of the year.

The undersigned therefore recommends that authority be given under the Act, 8 Edward VII, Cap. 9, section 24, for an appropriation of \$2,000 to meet the expenditure for this purpose to the end of the year.

J. O. REAUME,
Minister of Public Works.

JAMES CLANCY, ESQ.,
Auditor,
Toronto.

TORONTO, 18th December, 1908.

Copy of a Minute of the Treasury Board, dated the 22nd day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 12th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Two thousand dollars (\$2,000) be placed to the credit of the Honourable the Treasurer to meet the payment of certain accounts in connection with Forest Reserves, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, December 12th, 1908.

The undersigned begs to report that the amount appropriated at last session of the Legislature for "Forest Reserves" has been spent and there are unpaid accounts outstanding for which a further sum will be required.

The undersigned therefore begs to recommend that under the provisions of section 24, Cap. 9, 8 Edward VII, an additional grant of Two thousand dollars be placed to the credit of the Honourable the Treasurer of Ontario, to meet payments in connection with the above service.

The above is rendered necessary in view of a more extended supervision.

F. COCHRANE,
Minister of Lands, Forests and Mines.

JAMES CLANCY, ESQ.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 22nd day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 18th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Four hundred dollars (\$400) be placed to the credit of the Honourable the Treasurer to meet payment of accounts for balance of the current year, for care-takers of grounds and maintenance of drives and walks, Parliament Buildings the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,

Auditor,

Ontario.

SIR,—

I beg to report that the appropriation for caretakers of grounds and Maintenance of Drives and Walks is exhausted. and that a further sum of about \$400 will be necessary to meet the requirements for the balance of the year.

The reason for the over-expenditure is that it was found necessary to continue the men in charge of the grounds, cutting grass, removing decaying trees, etc., longer than usual.

I would therefore respectfully recommend that authority be given under chapter 9, section 24, 8 Edward VII., for the issue of a warrant in favour of the Honourable the Provincial Treasurer, for the sum of \$400 to meet payment of accounts in this connection for the balance of the year.

A. W. CAMPBELL,

Deputy Minister of Public Works.

Approved,

J. O. REAUME.

TORONTO, December 18th, 1908.

5a* P.A.

Copy of a Minute of the Treasury Board, dated the 18th day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 16th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Four thousand four hundred dollars (\$4,400) be placed to the credit of the Honourable the Treasurer to cover expenditure for the balance of the current year for repairs and cleaning in connection with the Parliament and Departmental Buildings, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk. Treasury Board.

JAMES CLANCY, ESQ.,
Auditor,
Ontario.

SIR,—

I beg to report that the appropriation for "Repairs and Cleaning to Parliament and Departmental Buildings" is exhausted and that a further sum of \$4,400 will be necessary to meet the requirements for the balance of the year.

The reasons for the over-expenditure are as follows:

Engagement of the following extra services:

Mrs. Curry	\$400 00
Mrs. Wiggins	300 00
Relief Service.....	390 00
A. McKee (Window Cleaner)	640 00
R. Shriner (Window Cleaner)	640 00
	———\$2,370.00

Some leaks in the hot water pipes under the cement floor in the basement revealed the fact that these pipes had become worn out and it was necessary to replace them at a cost of \$550, for which no provision had been made.

After the winter it was discovered that repairs to the roof of the building, amounting to about \$850 must be undertaken, incurring an expenditure which had not been provided for in the estimates.

In providing additional office room during the summer the plumbing in connection with some of the lavatories had to be removed and general alterations made to the extent of \$700.

I would therefore recommend that authority be given under Cap. 9, section 24, § Edward VII., for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the sum of \$4,400 to meet payment of the said over-expenditure.

A. W. CAMPBELL,

Deputy Minister of Public Works.

Approved,

J. O. REAUME.

TORONTO, December 16th, 1908.

Copy of a Minute of the Treasury Board, dated the 29th day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Treasurer, dated the 23rd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Eight hundred dollars (\$800) be placed to the credit of the Honourable the Treasurer to meet the requirements for contingencies of the Treasury Department for the balance of the year, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, 23rd December, 1908.

The undersigned has the honour to report that the sum appropriated at the last session of the Legislature for the Contingencies of the Treasury Department has become exhausted owing to general increase of departmental work.

There are at present accounts unpaid owing to the appropriation being exhausted, to the amount of \$425.00 for temporary assistance. To pay these accounts and provide for the balance of the current year the sum of Eight hundred dollars

(§800) will be required. The undersigned therefore recommends that a further appropriation of Eight hundred dollars (§800) be granted under the authority of 8 Edward VII., Cap. 9, sec. 24, for the balance of the current year.

A. J. MATHESON,
Provincial Treasurer

TO JAMES CLANCY, ESQ.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 29th day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Registrar General, dated the 3rd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of One thousand two hundred and seventy dollars (\$1,270) be placed to the credit of the Honourable the Treasurer to meet the requirements for contingencies Registrar General's Office, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, December 3rd, 1908.

SIR,—

I have the honour to inform you that the sum appropriated at the last session of the Legislature for Contingencies in this Department is not sufficient by the sum of \$1,270.00.

This insufficiency has been brought about by

(a) The passing of Vital Statistics Act which entailed a change of the forms and schedules previously in use, the substitution of these for the old forms which were at the time in the hands of the nine hundred Division Registrars of the Province, the medical men, clergymen and others and the printing and distribution of many thousands of copies of the Act to the members of the Medical Profession, the Clergy of the Province and Municipal Authorities.

(b) The increased work in this Department incident to legislation requiring the filing of all marriage licenses and affidavits with the branch and the acknowledgment of the same; also the collection of statistics quarterly which requires the more constant employment of temporary hands than was the case heretofore.

(c) The forced employment of additional temporary help due to the lengthy and continued illness of the late Chief Clerk.

I therefore beg leave to recommend that authority be given under 8 Edward VII., cap. 9, section 24, for the payment of the said amount of \$1,270.

I have the honour to be Sir,
Your obedient servant,
CHAS. A. HODGETTS,
Deputy Registrar General.

JAMES CLANCY, ESQ.,
Auditor,

Approved,
W. J. HANNA,
Registrar General of Ontario.

Copy of a Minute of the Treasury Board, dated the 29th day of December, A.D. 1908.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney General, dated the 22nd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Seventy-five dollars (\$75) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts to the end of the year chargeable to Contingencies of the office of the Master in Chambers, Osgoode Hall, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor,

The undersigned begs to report that the sum appropriated at the last Session of the Legislature for "Contingencies" of the Master in Chambers, Osgoode Hall, has become exhausted, owing to extra Clerical Assistance having to be employed, and it is estimated that a further sum of \$75 will be required to meet the payment of accounts to the end of the year.

Under the circumstances the undersigned respectfully recommends that authority be given pursuant to the provisions of section 24, cap. 9, 8 Edward VII., a further appropriation of Seventy-five dollars (\$75) be made to cover the above expenditure.

J. P. WHITNEY,
Acting Attorney General.

22nd December, 1908.

Copy of a Minute of the Treasury Board, dated the 5th day of January, A.D. 1908.

Upon consideration of the report of the Honourable the Treasurer, dated the 30th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Two thousand dollars (\$2,000) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts and expenses to the end of the year for legal services, valuations and arbitrations in connection with the Succession Duty Office, the appropriation for said service being insufficient for the purpose.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, December 30th, 1908.

The undersigned has the honour to report that the balance to the credit of the appropriation of the Succession Duty Office for legal expenses, valuations, arbitrations is \$327.14, which will be fully required for accounts now in hand, and which will

be presented before the close of the current year. As the original appropriation was based on the estimated receipts of Succession Duty to the amount of \$700,000 and the actual receipts are in excess of \$1,150,000, including deposits, the disbursements for the above services have greatly exceeded the reasonable expectation and now necessitate a further appropriation of \$2,000 to provide for urgent requirements.

The undersigned therefore has the honour to recommend that authority be given pursuant to the provisions of section 24, cap. 9, 8 Edward VII., for the issue of a Treasury Board warrant in favour of the Provincial Treasurer for the sum of Two thousand dollars (\$2,000).

A. J. MATHESON,
Provincial Treasurer.

To JAMES CLANCY, Esq.,
Auditor,
Parliament Buildings.

Copy of a Minute of the Treasury Board, dated the 5th day of January, A.D. 1909.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney General, dated the 4th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Two thousand dollars (\$2,000) be placed to the credit of the Honourable the Treasurer to cover accounts now here and yet to be received in connection with elections, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, 4th January, 1909.

The undersigned has the honour to report that the appropriations heretofore obtained in the estimates and under Treasury Board warrants to cover the expenses of the elections is exhausted and that a further sum of Two thousand dollars (\$2,000) is required to cover accounts now here and yet to be received for this service.

The undersigned therefore respectfully recommends that a further appropriation of Two thousand dollars (\$2,000) be granted under the authority of section 24, Audit Act, 8 Edward VII., chapter 9.

J. P. WHITNEY,
Acting Attorney-General.

JAMES CLANCY, ESQ.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 5th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Education, dated the 28th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the further sum of Five hundred and seventy-five dollars (\$575) be placed to the credit of the Honourable the Treasurer, to meet expenditure to the end of the year in connection with Assisted Public and Separate Schools. New Districts, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for assisted Public and Separate Schools. New Districts, is exhausted as well as the \$6,000 granted by Treasury Board on the 8th December, owing to the increased number of requests for special assistance from Schools in the more remote parts of the New Districts.

The undersigned therefore recommends that under the authority of the Act, Chapter 9, section 24, 8 Edward VII., that a further appropriation of \$575 be made to meet the expenditure for above purposes to end of the year.

A. H. U. COLQUHOUN,
Deputy Minister of Education.

TORONTO, December 26th, 1908.

Copy of a Minute of the Treasury Board, dated the 7th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Education, dated the 29th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of The Audit Act, the sum of Two thousand five hundred dollars (\$2,500) be placed to the credit of the Honourable the Treasurer to cover expenditure to the end of the year in connection with the inspection of Public and Separate Schools the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the amount appropriated for the inspection of public and separate schools is exhausted owing principally to the increased expenditure for inspection of Bilingual Schools, both in the Counties and in the New Districts, this with an increased expenditure for travelling expenses resulted in a greater expenditure than was first anticipated.

The undersigned therefore recommends that under the authority of the Act, chapter 9, section 24, 8 Edward VII., that a further appropriation of Two thousand five hundred dollars (\$2,500) be made to meet the expenditure for the above purpose to end of the year.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, December 29th, 1908.

Copy of a Minute of the Treasury Board, dated the 7th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated the 6th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of The Audit Act, the

further sum of Five thousand dollars (\$5,000) be placed to the credit of the Honourable the Treasurer to meet the requirements of Base and Meridian Lines under "Charges Crown Lands" the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

Toronto, January 5th, 1909.

The undersigned begs to report that in consequence of the transferring of certain accounts to base and meridian lines from township surveys there is an amount required to meet the expenditure on these accounts of the several surveyors for the work done this season.

The undersigned therefore recommends that a warrant for the sum of Five thousand dollars (\$5,000) be issued under the authority of 8 Edward VII., chapter 9, section 24 for the above purpose.

F. COCHRANE,

Minister of Lands, Forests and Mines.

JAMES CLANCY, Esq.,

Auditor,

Parliament Buildings,

Toronto.

Copy of a Minute of the Treasury Board, dated the 7th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Education, dated the 29th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Three hundred dollars (\$300) be placed to the credit of the Honourable the Treasurer to cover expenditure to the end of the year in connection with Toronto Normal and Model School expenses, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for the Toronto Normal and Model School expenses is exhausted owing to an increased expenditure for reference books which were required owing to the change in the regulations and to the increased number of students.

The undersigned therefore recommends that under the authority of the Act, Chapter 9, Section 24, 8 Edward VII., that a further appropriation of Three hundred dollars (\$300) be made to meet the expenditure for the above purpose to end of the year.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, December 29th, 1908.

Copy of a Minute of the Treasury Board, dated the 7th day of January, A.D. 1909.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 5th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Fifty dollars (\$50) be placed to the credit of the Honourable the Treasurer to over the payments of accounts in connection with Contingencies of the Office of Inspector of Legal Offices, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned begs to report that owing to extra expenditure for printing, postage and stationery, the appropriation for Contingencies of the Office of the Inspector of Legal Offices has become exhausted, and that an additional sum of Fifty dollars (\$50) will be required for said Contingencies for the balance of the year.

The undersigned, therefore respectfully recommends that under the provisions of section 24, cap. 9, 8 Edward VII., a further appropriation of (\$50) be made to cover the said increased expenditure.

J. P. WHITNEY,

Acting Attorney-General.

5th January, 1909.

Copy of a Minute of the Treasury Board, dated the 8th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Treasurer, dated the 31st day of December, 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of One hundred and eighty-one dollars and thirty-six cents (\$181.36) be placed to the credit of the Honourable the Treasurer, to cover payments for the balance of the year in connection with the Audit Office Contingencies, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, December 31st, 1908.

The undersigned has the honour to report that the sum appropriated at the last session of the Legislature for Audit Office Contingencies is insufficient by the sum of One hundred and eighty-one dollars and thirty-six cents (\$181.36) to meet requirements for the balance of the current year. The insufficiency was caused by an extra clerk being employed from April 15th to December 31st amounting to \$724.16, and a messenger employed for year amounting to \$312; both being paid out of Contingencies. An appropriation of \$300 was taken under salaries for a messenger, but as no appointment was made, the messenger was paid out of Contingencies and the appropriation of \$300 lapsed.

The undersigned has the honour to recommend therefore, that a further appropriation of One hundred and eighty-one dollars and thirty-six cents (\$181.36) be granted under authority of section 24, cap. 9, 8 Edward VII., for the balance of the current year.

A. J. MATHESON,

Provincial Treasurer.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 12th day of January, A.D. 1909

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 7th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of the Audit Act, the sum of One thousand one hundred dollars (\$1,100) be placed to the credit of the Honourable the Treasurer, to meet the requirements of the Revision of Voters' Lists to the end of the year 1908, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

ATTORNEY-GENERAL'S OFFICE,

January 7th, 1909.

The undersigned respectfully reports that the appropriation to pay the Judge's travelling expenses in connection with the Revision of the Voters' Lists is exhausted, owing to the increased Appeals and number of days in holding Courts, and that further accounts remain to be paid and that a further estimated amount of Eleven hundred dollars (\$1,100) will be required.

The undersigned therefore respectfully recommends that authority be given under the Audit Act, 8 Edward VII., Chapter 9, for the issue of a warrant for the sum of Eleven hundred dollars (\$1,100) to meet the requirements of this service.

J. P. WHITNEY,

Acting Attorney-General.

JAMES CLANCY, ESQ.,

Auditor,

Toronto.

Copy of a Minute of the Treasury Board, dated the 5th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Public Works, approved by the Minister, dated the 30th day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of The Audit Act,

the sum of Three hundred and ninety dollars (\$390) be placed to the credit of the Honourable the Treasurer to meet expenditures in connection with "Government House Grounds" and the "Highways Branch" of the Public Works Department, respectively, the appropriations for said services having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, ESQ.,

Auditor,

Ontario.

SIR,— I beg to report that the appropriation for Government House grounds is exhausted and that a further sum of One hundred and twenty dollars (\$120) will be necessary to meet the requirements for the balance of the current year, and that the appropriation for Highways Branch of this Department is nearly exhausted and that a further sum of \$270 will be necessary to meet the requirements for the balance of the year.

The reasons for the over-expenditure in connection with the Government House Grounds is that it was necessary to continue the workmen on grounds longer than usual, the reason for the over-expenditure in connection with Highways Branch was due to the account for paper reports not having been included in the estimates.

I would therefore respectfully recommend that authority be given under chapter 9, section 24, 8 Edward VII., for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the sum of \$390 to meet payment of the accounts in connection therewith.

A. W. CAMPBELL.

Deputy Minister of Public Works.

Approved J. O. R.,

Toronto, December 30th, 1908.

Copy of a Minute of the Treasury Board, dated the 12th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Provincial Secretary, dated the 11th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Ten thousand eight hundred and fifty dollars (\$10,850) be placed to the credit of the Honourable the Treasurer to meet

payments in connection with the maintenance of the Hospital for the insane at Kingston, London and Toronto and the Mercer Reformatory, Toronto, in respect of supplies furnished for medicines, groceries, clothing, laundry, Farm and Miscellaneous, the appropriations for said services having been found to be insufficient, the amount involved in respect of each institution being as follows:

Hospital for the Insane, Kingston	\$3,700
" " " London	4,900
" " " Toronto	1,950
Mercer Reformatory, Toronto	300
	\$10,850

Certified,

J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, January 11th, 1909.

DEAR SIR,—I have the honour to inform you that the sum appropriated at the last session of the Legislature for the maintenance of some of the Public Institutions of the Province has been found to be insufficient.

The sum appropriated for the maintenance of the Hospitals for the Insane at Kingston, London and Toronto and the Mercer Reformatory at Toronto, under the headings of supplies furnished for Medicines, Groceries, Clothing, Laundry, Farm and Miscellaneous is insufficient by the sum of \$10,850, owing to the increase of population at the Hospitals for the Insane at London and Toronto and Mercer Reformatory, and the increased consumption of food at the Hospital for the Insane at Kingston.

The following list shows the amount involved in respect of each institution.

Hospital for the Insane at Kingston	\$3,700
" " " London	4,900
" " " Toronto	1,900
Mercer Reformatory, Toronto	300

I therefore beg leave to recommend that authority be given under section 24, Cap. 9, 8 Edward VII, for the payment of the said amount of \$10.850.

Yours very truly,

W. J. HANNA,
Provincial Secretary.

Auditor,
Parliament Buildings.
Toronto.

TORONTO, January 11th, 1909.

DEAR SIR,—I beg to inform you that the sum appropriated at the last Session of the Legislature for the maintenance of the Hospitals for the Insane at Kingston, London and Toronto and the Mercer Reformatory has been found to be insufficient by the sum of \$10,850.

At the Hospital for the Insane at Kingston, under the headings of Medicines, Groceries, Laundry, Farm, and Miscellaneous, the appropriation is insufficient by the sum of \$3,700.

The overdraft on Medicines is caused by an attack of Smallpox, which was entirely unforeseen and for which no provision could be made.

The overdraft on Groceries is accounted for by failure of the Potato crop, causing an unprovided expenditure of nearly \$1,000; also, the continued increased cost of general supplies, and the increased consumption of meat, milk and eggs, which form the principal food products most essential in a hospital dietary.

The increased cost of Laundry is largely due to extra work caused by sickness.

The overdraft on Farm is due to the fact that Beef and Pork sold to the extent of \$1,700 is not credited to the maintenance of the institution, and all purchases of new hogs or cattle are charged against the maintenance.

In 1898 the Discharges of this institution were 43. In 1908, owing to advanced treatment the Discharges were 81.

At the Hospital for the Insane at London the overdraft on Groceries and Clothing amounting to \$4,900, is due to an increase in the population, which has been added to throughout the year, making a total increase of 50. It is not intended that the present population shall be further added to.

At the Hospital for the Insane at Toronto the overdraft on Groceries amounts to \$1,950, which is accounted for by an increase in population of 20. This increase is provided for by the change in rooms in the institution. An increase in population was provided for at Woodstock and Penetanguishene, but in the former case a class of patients was not forthcoming to fill that institution, and at the latter place the increased building accommodation did not warrant further adding to the population.

At the Mercer Reformatory the overdraft on Groceries amounts to \$300, caused by the increased population of nearly 60 per cent.

Of the maintenance for the Public Institutions there remains yet unexpended the sum of \$37,790.

I would ask that authority be given for the payment of the said amount of \$10,850.

I have the honour to remain,

Your obedient servant,

EDWIN R. ROGERS,

Inspector.

HON. W. J. HANNA,
Provincial Secretary,
Toronto.

Copy of a Minute of the Treasury Board, dated the 14th day of January, A.D. 1909.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 13th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Two hundred and thirty-two dollars and eighty-five cents (\$232.85) be placed to the credit of the Honourable the Treasurer to cover expenditure to the end of the year 1908, for fuel, light, water and maintenance of prisoners, including clothing in the District of Thunder Bay, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

ATTORNEY-GENERAL OFFICE,

January 13th, 1909.

The undersigned respectfully reports that the appropriation to cover the fuel, light, water and maintenance of prisoners, including clothing, for the District of Thunder Bay, is exhausted, owing to the large number of prisoners confined in the gaol during the year and that further accounts amounting to Two hundred and thirty-two dollars and eighty-five cents (\$232.85) remain to be paid.

The undersigned therefore recommends that authority be given under section 24, Audit, 8 Edward VII, Cap. 9, for the issue of a warrant for the sum of Two hundred and thirty-two dollars and eighty-five cents (\$232.85) to cover the above accounts.

J. P. WHITNEY,
Acting Attorney-General.

JAMES CLANCY, Esq.,
Auditor,
Toronto.

Copy of a Minute of the Treasury Board, dated the 14th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Agriculture, dated the 23rd day of December, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of One thousand dollars (\$1,000) be placed to the credit of the Honourable the Treasurer to cover salaries and services of officers and employees of the fruit Experimental Farm, and also the adjustment of the salaries of the experimenters to the end of the year 1908, the appropriation for said service being insufficient for the purpose.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, December 3rd, 1908.

DEAR SIR,—I beg to transmit to you herewith accounts for the payment of salaries and services of Officers and employees of the Fruit Experimental Farm, and sundry expenditures in connection therewith amounting to \$626.66. We have also under adjustment salaries of experimenters amounting to \$425. The total appropriation in connection with Experimental Fruit Work is \$15,500. Upon the payment of accounts already sent forward with recommendation for payment, there will be available only \$110. To meet these unpaid accounts and some small items that will come in before the end of the year, we require an additional sum of One thousand dollars.

At the beginning of the year it was impossible to make an exact estimate of the amount required in connection with the

work of clearing the farm and putting it in shape for experimental purposes. There will be a surplus in some of the other appropriations in connection with our Fruit Branch, so that with this extra appropriation our total expenditure under Vote 44 will not be exceeded.

These expenditures have all been found to be necessary and it is in the interest of the work that the accounts be now paid.

I have, under instructions from the Minister to request that you will be pleased to submit these accounts and this report to the Treasury Board, in accordance with section 24, of "The Audit Act," asking for an additional appropriation of \$1,000, and to approve of the payment of the accounts.

I remain,

Yours very truly,

C. C. JAMES,

Deputy Minister.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the 14th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Minister of Public Works, dated the 12th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Seven hundred dollars (\$700) be placed to the credit of the Honourable the Treasurer for the payment of accounts to the end of the year 1908, in connection with miscellaneous expenses of the Game and Fisheries Branch, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Provincial Auditor.

That the appropriation for Miscellaneous Expenditure for the Game and Fisheries is exhausted, and a further appropriation of \$700 is necessary to pay the Overseers' disbursements for the month of December, amounting to \$627 and some inci-

dental accounts as well. This increase arises mainly from increased patrol work which was not anticipated in the earlier part of the season.

The undersigned therefore recommends that authority be given under the Act, 8 Edward VII, Cap. 9, section 24, for an appropriation of \$700, to meet the expenditure for this purpose to the end of the year.

J. O. REAUME,
Minister of Public Works.

TORONTO, 12th January, 1909.

JAMES CLANCY, Esq.,
Auditor,
Toronto.

Copy of a Minute of the Treasury Board, dated the 14th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Education, dated the 31st day of December, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Three hundred and fifty dollars (\$350) be placed to the credit of the Honourable the Treasurer to meet the requirements of London Normal School expenses for the balance of the year 1908, the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for London Normal School expenses is exhausted owing to an increased expenditure for reference books which were required owing to the change in the regulations and to the increased number of students.

The undersigned therefore recommends that under the authority of the Act, Chapter 9, section 24, 8 Edward VII, that a further appropriation of Three hundred and fifty dollars (\$350) be made to meet the expenditure for above purpose.

A. H. U. COLQUHOUN,
Deputy Minister of Education.

TORONTO, 31st December, 1908.

Copy of a Minute of the Treasury Board, dated the 12th day of January, A.D. 1909.

Upon consideration of the report of the Honourable Sir J. P. Whitney, Acting Attorney-General, dated the 8th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24, of "The Audit Act," the sum of Two hundred dollars (\$200) be placed to the credit of the Honourable the Treasurer, to meet the payment of accounts to the end of the year 1908, in connection with Contingencies Attorney-General's Department the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

JAMES CLANCY, ESQ.,
Auditor.

The undersigned begs to report that the sum appropriated at the last session of the Legislature for "Contingencies" Attorney-General's Department has become exhausted, owing to extra clerical assistance having to be employed, and it is estimated that the further sum of Two hundred dollars (\$200) will be required to meet the payment of accounts to the end of the year.

Under the circumstances the undersigned respectfully recommends that authority be given pursuant to the provisions of section 24, of Cap. 9, 8 Edward VII, that a further appropriation of Two hundred dollars (\$200) be made to cover the above expenditure.

J. P. WHITNEY,
Acting Attorney-General.

8th January, 1909.

Copy of a Minute of the Treasury Board, dated the 20th day of January, A.D., 1909.

Upon consideration of the report of the Honourable the Treasurer, dated the 31st day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Ten thousand one hundred and seventy-five dollars (\$10,175) be placed to the

credit of the Honourable the Treasurer to cover outstanding accounts for the balance of the year 1908 in connection with stationery, including printing paper, printing bills, distributing statutes, printing and binding, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, December 31st, 1908.

The undersigned has the honour to report that the appropriation of \$65,000 for Stationery, including printing paper, printing bills, distributing statutes, printing and binding, has been exhausted owing to closing accounts in connection with the expiration of the paper contract, and increased expenses in connection with the session and to pay outstanding accounts for the balance of the current year, the sum of \$10,175.00 will be required.

The undersigned therefore has the honour to recommend that authority be given pursuant to the provisions of section 24, Cap. 9, 8 Edward VII., for the issue of a Treasury Board warrant in favour of the Provincial Treasurer for the sum of Ten thousand one hundred and seventy-five dollars (\$10,175) for the balance of the current year.

A. J. MATHESON,

Provincial Treasurer.

JAMES CLANCY, ESQ.,

Auditor.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D., 1909.

Upon consideration of the report of the Deputy Minister of Education, dated the 31st day of December, 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of One thousand dollars (\$1,000) be placed to the credit of the Honourable the Treasurer to meet the requirements of Inspection of Public and Separate Schools, the appropriation for said service and the further sum granted by the Treasury Board having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for the Inspection of Public and Separate Schools, together with a further sum of \$2,500 granted for this purpose by the Treasury Board bearing date of the 7th day of January, 1909, is exhausted, chiefly owing to the expenditure for travelling expenses being much greater than anticipated.

The undersigned therefore recommends that under the authority of the Act, Chapter 9, section 24, 8 Edward VII., that a further appropriation of One thousand dollars (\$1,000) be made to meet the expenditure incurred for the above purpose up to the end of 1908.

A. H. U. COLQUHOUN,

Deputy Minister of Education.

TORONTO, December 31st, 1908.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D., 1909.

Upon consideration of the report of the Deputy Minister of Education, dated the 31st day of December, A.D., 1908, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the further sum of One hundred and fifteen dollars (\$115) be placed to the credit of the Honourable the Treasurer to cover "Education Refunds" to the end of the year 1908, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

The undersigned reports for the information of the Auditor.

That the appropriation for Education Refunds is exhausted as well as the additional provision of \$7,300 made by the Treasury Board in November, owing to a change in the regulations that now requires all fees to be refunded to the Teachers in training in addition to these refunds to teachers who withdraw their applications.

The undersigned therefore recommends that under the authority of the Act, chapter 9, section 24, 8 Edward VII., a further appropriation of \$115 be made subject to payment, certificate to be issued under the authority of the Department of Education.

Respectfully submitted,

A. H. U. COLQUHOUN,
Deputy Minister of Education.

TORONTO, December 31st, 1908.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D., 1909.

Upon consideration of the report of the Honourable the Attorney-General, dated the 19th day of January, A.D., 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Sixty-five dollars (\$65) be placed to the credit of the Honourable the Treasurer, to meet the payments of accounts to the end of the year 1908 in connection with the Administration of Justice in the Provisional County of Haliburton, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,
Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned respectfully reports that the appropriation for Administration of Justice for the Provisional County of Haliburton has become exhausted owing to the cost of investigation into certain fires, and it is estimated that the further sum of Sixty-five dollars (\$65) will be required to meet the payment of accounts to the end of the year 1908.

Under the circumstances the undersigned respectfully recommends that authority be given pursuant to the provisions of section 24, cap. 9, 8 Edward VII., that a further appropriation of Sixty-five dollars (\$65) be made to cover the above expenditure.

J. J. FOY.

Attorney-General.

19th January, 1909.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D., 1909.

Upon consideration of the report of the Honourable the Attorney-General, dated the 18th day of January, A.D., 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act" the sum of Seven hundred and fifteen dollars (\$715) be placed to the credit of the Honourable the Treasurer for the payment of accounts to the end of the year 1908, chargeable to the appropriations for "Contingencies" Office of Master in Chambers, "Contingencies" Registrar's Office High Court, and "Provincial Police," which have become exhausted, the amount involved in each case being as follows:—

"Contingencies" Office of Master in Chambers	\$55
"Contingencies" Registrar's Office High Court	60
"Provincial Police"	600
	\$715

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned begs to report that the following appropriations made at the last session of the Legislature have become exhausted, owing to the employment of extra assistance, namely, "Contingencies" Office of the Master in Chambers; "Contingencies" Registrar's Office High Court of Justice; and "Provincial Police," and it is estimated that the further sum of Seven hundred and fifteen dollars (\$715) will be required to meet the payments of accounts chargeable to the above services to the end of the year 1908. The amount involved in each case being as follows:—

"Contingencies" Office of Master in Chambers	\$55
"Contingencies" Registrar's Office High Court of Justice	60
"Provincial Police"	600
	\$715

Under the circumstances the undersigned respectfully recommends that authority be given pursuant to the provisions of section 24 of "The Audit Act" that a further appropriation of Seven hundred and fifteen dollars (\$715) be made to cover the above services.

J. J. FOY,

Attorney-General.

18th January, 1909.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Attorney General, dated the 19th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Fifty dollars (\$50) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts to the end of the year 1908 for "Contingencies" Master in Ordinary Office, Osgoode Hall, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned begs to report that the sum appropriated at the last Session of the Legislature for "Contingencies" Master in Ordinary's Office, Osgoode Hall, has become exhausted owing to the purchase of cases for papers, and printed forms for reports issued from the office, and it is estimated that the further sum of Fifty dollars (\$50) will be required to meet the payment of accounts to the end of the year 1908.

Under the circumstances the undersigned respectfully recommends that authority be given pursuant to the provisions of section 24, cap. 9, 8 Edward VII., that a further appropriation of Fifty dollars (\$50) be made to cover the above expenditure.

J. J. FOY,

Attorney General.

19th January, 1909.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Attorney General, dated the 19th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of One hundred dollars (\$100) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts to the end of the year 1908 in connection with the Administration of Justice in the District of Sudbury, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned respectfully reports that the appropriation for Administration of Justice for the District of Sudbury, as well as that voted by Minute of Treasury Board has become exhausted, owing to the employment of outside detectives and the supplying of new books to the Judicial Officers, and that the further sum of One hundred dollars (\$100) will be required to meet the payment of accounts to the end of the year 1908.

Under the circumstances the undersigned respectfully recommends that authority be given pursuant to the provisions of section 24, cap. 9, 8 Edward VII., that a further appropriation of One hundred dollars (\$100) be made to cover the above expenditure.

J. J. FOY,

Attorney General.

19th January, 1909.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Mines, dated the 12th day of January, A. D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Five

hundred and eighty seven dollars and twenty-two cents (\$587.22) be placed to the credit of the Honourable the Treasurer to meet the requirements of the Provincial Assay Office, Belleville, for the balance of the year 1908, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,
Clerk, Treasury Board.

TORONTO, January 12th, 1909.

DEAR SIR,—

The appropriation for the Provincial Assay Office, Belleville, \$2,750, has been exhausted, and the following accounts remain unpaid:

T. E. Rothwell, salary	\$223 44
do expenses	6 40
N. L. Turner, salary	83 33
do expenses	97 68
do expenses	113 75
William McGie, plumbing.....	15 59
N. Allen, coal	21 00
Greenleaf & Son, electrical supplies, etc.....	19 70
City of Belleville Gas Co.....	6 33
Total.....	\$587 22

The public interest, and the urgent requirements of the public service require payment of these accounts. The insufficiency of the appropriation is due to the fact that in addition to the services of Mr. N. L. Turner in charge of the Office, those of Mr. T. E. Rothwell, also a competent Assayer, have been necessary since the month of June last, in order to sample and make check assays of the ores shipped from the several mines in the Cobalt District, upon which royalty is payable to the Crown. Mr. Rothwell's salary is at the rate of \$1,000 per annum, and was not provided for in the estimates as passed by the Legislature.

Yours very truly,

T. W. GIBSON,
Deputy Minister of Mines.

JAMES CLANCY, Esq.,

Auditor,

Parliament Buildings.

Copy of a Minute of the Treasury Board, dated the 20th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Agriculture, dated the 18th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of One thousand six hundred and fifty-six dollars and thirty-two cents (\$1,656.32) be placed to the credit of the Honourable the Treasurer, to meet the payment of accounts to the end of the year 1908, in connection with the maintenance of the Veterinary College, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, January 18th, 1909.

DEAR SIR,—

The appropriation of \$10,000 for the maintenance of the Ontario Veterinary College is exhausted. I beg to transmit herewith accounts amounting to \$1,656.32, which include pay sheet for December, \$1,123.67, sundry other accounts for printing calender, fuel, light and water. It is in the interest of this work and very desirable that these accounts should be paid at once.

In explanation of this matter I might state that the appropriation of \$10,000 voted by the Legislature was an estimate made by myself before the College had been taken over and the Principal and staff appointed. It was impossible at the time to make a more definite estimate of the probable cost of the institution. The revenue has also exceeded our estimate, having amounted to \$12,210.

I would request therefore that in accordance with section 24 of "The Audit Act," you submit these accounts to the Treasury Board with a recommendation for the approval of the payment of the same.

Yours very truly,

C. C. JAMES,

Deputy Minister.

JAMES CLANCY, Esq.,
Auditor.

Copy of a Minute of the Treasury Board, dated the — day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Provincial Secretary, dated the 19th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Eight hundred and sixty-two dollars and seventy-six cents (\$862.76) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts to the end of the year 1908, in connection with the maintenance of Children's Aid Work, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

Toronto, January 19th, 1909.

JAMES CLANCY, Esq.,

Auditor,

Ontario.

SIR,—Re Children's Aid appropriation. The undersigned begs to report that the \$10,000 appropriation for the maintenance of Children's Aid work has been over-expended by the sum of \$862.76. This has been due to a considerable extension of the work, as each year sees the movement more thoroughly organized and systematically taken up involving naturally a small increase in expense from time to time. The undersigned would therefore recommend that pursuant to the provision of section 24 of Cap. 9, 8 Edward VII., the necessary funds be placed to the credit of the Honourable the Provincial Treasurer to pay this balance.

W. J. HANNA,

Provincial Secretary.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Provincial Secretary, dated the 19th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of One

thousand eight hundred and sixty-one dollars and thirty-two cents (\$1,861.32) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts to the end of the year 1908, in connection with the maintenance of pupils in the Industrial Schools, the appropriation for said service having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TORONTO, January 19th, 1909

JAMES CLANCY, Esq.,
Auditor,
Ontario.

SIR,—The undersigned would recommend that a Treasury Board order be passed for the payment of \$1,861.32, being an over-expenditure in the appropriation for the maintenance of pupils in the Industrial Schools. The amount voted was \$35,000, while the expenditure was \$36,861.32. This over-expenditure can be explained by the fact that a larger number of children have been committed to the Industrial Schools during the past year than ever before, partly owing to the closing of the Penetanguishene Reformatory and the Industrial Refuge for Girls, and partly to the rapid growth of population in recent years.

W. J. HANNA,

Provincial Secretary.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Attorney-General, dated the 19th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act, the sum of Five hundred and thirty dollars (\$530) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts to the end of the year 1908, in connection with the administration of Justice in the District of Nipissing, the appropriation for said service, as well as the amount appropriated by the Treasury Board having become exhausted.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

JAMES CLANCY, Esq.,
Auditor.

The undersigned respectfully reports that the appropriation for Administration of Justice for the District of Nipissing as well as that voted by Minute of the Treasury Board has become exhausted, owing to the employment of outside detectives, etc., and that the further sum of Five hundred and thirty dollars (\$530) will be required to meet the payment of accounts to the end of the year 1908.

Under the circumstances the undersigned respectfully recommends that authority be given pursuant to the provisions of section 24, cap. 9, 8 Edward VII., that a further appropriation of Five hundred and thirty dollars (\$530) be made to cover the above expenditure.

J. J. FOY,
Attorney-General.

19th January, 1909.

Copy of a Minute of the Treasury Board, dated the 20th day of January, A.D. 1909.

Upon consideration of the report of the Honourable the Attorney-General, dated the 20th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provision of section 24 of "The Audit Act," the sum of Three hundred and five dollars (\$305) be placed to the credit of the Honourable the Treasurer to meet the payment of accounts to the end of the year 1908, of Sheriffs' Criers and Constables in attending Assizes and County Courts and Deputy Clerks of the Crown in attending Assizes and their postage, etc., the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPRÉOL,
Clerk, Treasury Board.

ATTORNEY-GENERAL'S OFFICE,
TORONTO, January 20th, 1909.

The undersigned respectfully reports that the appropriation to pay Sheriffs, Criers and Constables in attending Courts of Assizes, County Courts, Deputy Clerks of the Crown and Pleas attending Assizes and their postage, etc., is exhausted, owing to the lengthy sittings of these Courts and that a further sum of Three hundred and five dollars (\$305) is required to cover accounts now in this Department.

The undersigned therefore respectfully recommends that authority be given under section 24, Audit Act, 8 Edward VII., Cap. 9, for the issue of warrant for the sum of Three hundred and five dollars (\$305) to cover the above mentioned accounts.

J. J. FOY,
Attorney-General.

JAMES CLANCY, ESQ.,
Auditor,
Toronto.

Copy of a Minute of the Treasury Board, dated the 20th day of January, A.D. 1909.

Upon consideration of the report of the Deputy Minister of Public Works, approved by the Minister, dated the 19th day of January, A.D. 1909, the Treasury Board doth hereby order that pursuant to the provisions of section 24 of "The Audit Act," the sum of Three thousand and sixty-five dollars and eleven cents (\$3,065.11) be placed to the credit of the Honourable the Treasurer to meet the payment of the balance of accounts in connection with "Colonization Roads" the appropriation for said service having become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

JAMES CLANCY,
Auditor,
Ontario.

SIR,—The undersigned begs to report that in cases where specific sums were voted at the last Session of the Legislature for colonization roads, a number of overseers exceeded the appropriations. In many cases the directions were so satisfactorily obeyed, that the appropriation was accounted for precisely. In a number of instances the expenditure was less than the grant.

The majority of the over-expenditures range from Two cents to Five dollars, the remainder, with the exception of the Sudbury to the Soo Trunk Wagon road ranges from Five dollars to Seventy-two dollars. The total over-expenditure on 397 works, a list of which is hereto attached, is \$3,065.11.

While these certain individual appropriations have been exceeded, the total appropriation for Colonization roads for current year has not been expended by about \$40,000.

The reasons for the over-expenditure have arisen in a large number of cases from the difficulty encountered by overseers in adjusting the accounts with the appropriations where small sums were involved. In other cases the appropriations were exceeded without the knowledge of the Department notwithstanding that instructions were given to the overseers in all cases not to exceed the grant. Careful examination of the work has been made by the Inspectors and it appears that the expenditure was well and carefully made. The over-expenditure on the Sudbury to the Soo Trunk road was created by a section of the work being much more difficult than anticipated.

I would, therefore, respectfully recommend that authority be given under Chapter 9, Section 24, 8 Edward VII., for the issue of a Warrant in favour of the Honourable the Provincial Treasurer, for the sum of \$3,065.11 to meet payment of the balance of the accounts in connection with the several works specified in the attached schedule, where the expenditure has exceeded the appropriation.

A. W. CAMPBELL,
Deputy Minister of Public Works.

TORONTO, January 20th, 1909.

NOTE.—The above list referred to, was not printed on account of the great number of names and small amounts contained therein.

Treasury Board Over-Rulings.

TORONTO, March 17th, 1908.

C. H. SPROULE, Esq.,
Assistant Treasurer,
Parliament Buildings.

Re Margaret Ryan Estate.

DEAR SIR,—Attached you will find a statement of my adjustment of the succession duty in this estate at the amount of \$2,719.49. On May 4th, 1904, the executors forwarded a cheque of the Toronto General Trusts Corporation in their favour and endorsed by them, payable to the Honourable the Treasurer, for \$3,028.00 as a deposit for any succession duty which might be found payable, and in addition gave their personal bond for \$12,114.00. According to the statement the executors are entitled to refund of \$424.24 as of this date and in my opinion a cheque for this sum should be made out in favour of Mrs. M. A. Smith and John T. Ryan and forwarded to their solicitors, Messrs. Foy & Kelly. The Provincial Auditor has taken exception to my adjustment of the interest payable to the executors on the amount so deposited and has also claimed that the executors are chargeable with interest at 5 per cent. for a portion of the time since the date of death to this date. Having refused to issue refund on the basis of the statement, he suggests that the matter be referred to the Treasury Board for its decision. If this is the proper method to have this matter disposed of, I shall be glad if you will make the necessary arrangement.

I also hand you copies of the solicitors' letter of May 3rd, 1904, which accompanied the deposit, and my acknowledgement thereof the following day, also a copy of the solicitors' letter of May 6th, acquiescing in a limitation of the rate of interest payable on the deposit. On May 4th the cheque was forwarded to the late Mr. Anderson, accompanied by a letter which you will have on your own file, but if not, a copy can be supplied if required.

Yours truly,

J. B. McLEOD,
Solicitor to the Treasury.

AUDIT OFFICE, TORONTO, June 12th, 1908.

Margaret Ryan Estate.

DEAR SIR,—Your statement in respect to the duty payable by this estate shows the death of the deceased to have been February 22nd, 1904. The value of the estate subject to duty as finally adjusted on or about March 17th, 1908, to be \$129,390.03 and the duty at 2½ per cent. thereon to be \$3,234.75 less duty paid in Quebec and New York, \$54.28 and \$460.98, respectively, leaving the net amount of duty due the Province at the death of the deceased \$2,719.49. The last day for payment of the same without interest having expired on August 22nd, 1905, the time was by order of the Surrogate Judge extended to November 22nd, 1905. By arrangement with the Solicitor to the Treasury the executors executed a bond without sureties and in addition made a deposit of \$3,028, with the Honourable the Treasurer on May 4th, 1904, such deposit to be held as security for the payment by the executors of the estate of whatever might be found to be the proper succession

duty. The Province at the same time agreeing to pay interest thereon to the executors at 3 per cent. per annum half yearly until the duty was finally paid, but subject to withdrawal by the executors of such deposit at any time upon certain eventualities and conditions.

While not assenting to the view that the Department then had (in the absence of legislative sanction) power to accept deposits and pay interest thereon, but for the purpose of giving effect to the contract to do so in this case interest at 3 per cent. per annum would be allowable from the date of the deposit on May 4th, 1904, to March 17th, 1908, when presumably by common consent the deposit was released and applied as far as necessary to the payment of the duty.

The time including the extension within which the duty might have been paid without interest expired on November 22nd, 1905, and interest thereafter became chargeable at 5 per cent. per annum until the same was finally paid on March 17th, 1908.

As shown by the annexed statement there would appear to be \$298.29 returnable to the executors, being balance of the deposit in excess of the duty and interest as compared with the balance shown by your statement of \$424.27.

Should you still adhere to the mode of dealing with this case as expressed in your statement referred to, I should be glad if you would inform me of the ground upon which it is supported.

Yours truly,

J. CLANCY,

Auditor.

MEMORANDUM FOR MR. CLANCY.

Margaret Ryan Estate.

I was unable before my departure for England to reply to your memorandum of June 12th. It seems to me that it would be inequitable to charge the executors of this estate with interest at the statutory rate from the expiration of the extension of time, namely, 22nd November, 1905, when the fact is that the Province had in its hands an amount in excess of the succession duty as finally adjusted. Under these circumstances no creditor would be allowed, at law, interest on the amount found due. Some months ago I suggested to the Assistant Treasurer the advisability of referring it to the Treasury Board for the adjustment of the matter and if this meets with your approval I would suggest that we lay it before them at the earliest possible date.

J. B. McLEOD,

Solicitor to the Treasury.

TORONTO, September 8th, 1908.
Estate Margaret Ryan.

DEAR SIR,—I have your memorandum in reply to my letter of the 12th of June in which you say: "It seems to me that it would be inequitable to charge the executors of the estate with interest at the statutory rate from the expiration of the extension of time, namely, 22nd November, 1905, when the fact is

that the Province had in its hands an amount in excess of the succession duty as finally adjusted. Under these circumstances no creditor would be allowed at law interest on the amount found due."

A case under the circumstances stated by you coming under the provisions of a general act governing the payment of interest could have no application in the present case where the circumstances are in no way similar and where the interest is fixed by statute and is therefore not within the discretion of a court or jury. But permit me to call your attention to what I am sure is an unintentional inaccuracy in the foregoing statement. The Province had at no time any funds in its hands belonging to the estate intended to pay, or that it could apply in payment of the succession duty, nor did it derive any benefit directly or indirectly from such funds. On the 4th of May, 1904, the executors deposited with the Honourable the Treasurer, \$3,028, in addition to an incomplete bond to be held as security for the payment of the duty, upon the express condition that the Province would allow and pay interest thereon to the executors at 3 per cent. per annum payable half-yearly until such time as the proper succession duty was finally determined, and with the further condition that in the event of the Province at any time refusing to allow the stipulated rate of interest the executors were at liberty to withdraw such deposit and substitute therefor as security a complete and sufficient bond. There would appear to be no room for entering upon a consideration of any equity in the case, but rather to follow the provisions of the act and to give effect to the contract.

If the matter has been allowed to drift and as a consequence any hardships may have arisen to the estate, that would seem to be a case for the executors and the estate to deal with and not the Province.

Yours truly,

J. CLANCY,

Auditor.

J. B. McLEOD, Esq.,

Solicitor to the Treasury.

MEMORANDUM FOR THE TREASURY BOARD UNDER AUDIT ACT,
1908.

Re Margaret Ryan Estate.

I hand you herewith for your ruling a statement of the adjustment of succession duty payable by this estate, showing

the amount of refund due the executors as of March 12th, 1908, at \$424.27. The Provincial Auditor has raised an objection to this adjustment on the ground that the executors are not charged with interest at the statutory rate of 5 per cent. from November 22nd, 1905, which was the last day for payment of duty, according to the extensions of time granted by the Surrogate Judge of the County of York by Order dated the 21st day of August, 1905. The facts relating to this matter may be shortly stated as follows: On May 3rd, 1904, the solicitors for the estate forwarded to this office the personal bond of John T. Ryan and Mary A. Smith, executors, for the sum of \$12,114 and also a cheque for \$3,028 to be held as security for the payment by them of whatever duty might be found payable. The executors were to be paid from time to time interest at the rate of 3 per cent. per annum until the succession duty was settled, according to the provisions of the Act, and they reserved the right in the event of the rate of bank interest being lowered to withdraw the deposit and provide other approved security. The testatrix having died on February 22nd, 1904, the duty was due and payable on August 22nd, 1905, which time was extended by the above mentioned order to November 22nd, 1905. The appraisement of the assets was not made by this office until on or about March 12th last, when the sum of \$2,719.49 was claimed. The Provincial Auditor seeks to charge the executors of the estate with interest on this sum at the above mentioned statutory rate of 5 per cent. from November 22nd, 1905, until the date of settlement, while allowing them only 3 per cent. on the deposit made as security. His views on this question and computation of the refund due the executors are more fully set out in the statement and correspondence attached.

It seems to me that it would be inequitable to charge the executors with interest at the statutory rate when the Province had in its hands for payment an amount in excess of the succession duty as fully adjusted. I therefore submit this question to your honourable board for your consideration.

J. B. McLEOD,

Solicitor to the Treasury.

TORONTO, October 2nd, 1908.

Copy of a Minute of the Treasury Board, dated the 6th day of October, A.D. 1908.

Upon consideration of the report of the Solicitor to the Treasury, dated the 2nd day of October, A.D. 1908, the Treasury Board doth hereby order that pursuant to the provisions

of subsection (c) of section 13 of "The Audit Act" (Cap. 9, 8 Edward VII.) a warrant for the sum of four hundred and twenty-four dollars and twenty-seven cents (\$424.27) be issued in favour of John T. Ryan and Mary A. Smith, executors of the estate of the late Margaret Ryan, being for refund of amount overpaid by the said executors with interest in connection with the succession duties claimed by the Province in respect of the said claim.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

TRAVELLING EXPENSES—HENRY REBURN.

TORONTO, December 2nd, 1908.

DEAR SIR,—Permit me to call attention to the case of the King vs. Wardy and Biskinty, in which Detective Reburn was called as a witness at Sudbury in September last, and for which he received from the Treasurer of the District of Sudbury for mileage \$34.06, and witness fees \$6.00, making in all \$40.06 which he applied to his own use. Detective Reburn was on duty for the Province in the district before and during his attendance as a witness for which he rendered an account and was paid his salary, railway fare and other allowances. In order that there may be some safeguard against the recurrence of matters of this kind, and that there may be some means of checking railway fares charged for, I have to request that the detectives in the service of the Province procure receipts for railway fares.

Yours truly,

J. CLANCY,

Auditor.

J. R. CARTWRIGHT, ESQ.,

Deputy Attorney-General.

TORONTO, 22nd December, 1908.

DEAR SIR,—Referring to your letter of the 2nd instant with respect to the accounts of detectives, it seems proper to call your attention to section 17 of the Audit Act, 8 Edward VII., Cap. 9.

Yours truly,

J. R. CARTWRIGHT.

J. CLANCY, Esq.,

Auditor.

TORONTO, December 23rd, 1908.

DEAR SIR,—I am in receipt of your letter of the 22nd inst. having reference to the detective's accounts, and beg to say that I am unable to discover anything in section 17 of the Audit Act, 8 Edward VII., Chap. 9, exempting the detectives from furnishing vouchers for railway fares.

Yours truly,

J. CLANCY,
Auditor.

J. R. CARTWRIGHT, Esq.,
Deputy Attorney-General.

TORONTO, 24th December, 1908.

DEAR SIR,—I hereby certify that the sum of \$25.25 is required to be paid to H. Reburn on account of criminal investigation as per the attached account signed by him, and I hereby make application for a cheque accordingly.

Yours truly

J. R. CARTWRIGHT,
Deputy Attorney-General.

J. CLANCY, Esq.,
Auditor.

TORONTO, December 28th, 1908.

DEAR SIR,—I am in receipt of your letter of the 24th inst., making application for payment of \$25.25 to Detective Henry Reburn, being for salary, allowances and railway fares, of which the latter amounts to only \$2.25, but for which no vouchers have been furnished, as requested in my letter to you of the 2nd inst. I should be obliged if you would kindly furnish such vouchers as early as convenient in order that there may be no delay in issuing the cheque.

Yours truly,

J. CLANCY,
Auditor.

J. R. CARTWRIGHT, Esq.,
Deputy Attorney-General.

TORONTO, 28th December, 1908.

DEAR SIR,—I have yours of the 28th instant with reference to the issue of the cheque to Detective Henry Reburn. The request contained in my letter was for payment out of the Consolidated Revenue Fund on account of criminal investigation and was made in pursuance of the provisions of sections 13 and 17 of The Audit Act, 8 Edward VII., Cap. 9, to which I desire to call your attention.

I shall be glad to receive an immediate reply to this letter.

Yours truly

J. R. CARTWRIGHT,

Deputy Attorney-General.

JAMES CLANCY, Esq.,
Auditor.

TORONTO, December 29th, 1908.

DEAR SIR,—I am in receipt of yours of the 28th inst., and beg to inform you that your letter of the 24th inst. contains no request for payment to Detective Henry Reburn of any sum out of the Consolidated Revenue Fund, your statement to the contrary notwithstanding. Permit me to call your attention to the provisions of subsections 1 of sections 10 and 13 respectively of the Audit Act, 8 Edward VII., Chap. 9, and to renew my request that the necessary vouchers in this case be furnished.

Yours truly,

J. CLANCY,

Auditor.

J. R. CARTWRIGHT, Esq.,
Deputy Attorney-General.

TORONTO, 29th December, 1908.

DEAR SIR,—I am in receipt of yours of the 29th instant and beg to say that sub-sections 1 of sections 10 and 13 of The Audit Act, 8 Edward VII., Cap. 9, are general provisions, not as it would seem governing the present case which falls under section 17, that section constituting an exception to the provisions referred to by you. That being so I certify that the sum of \$25.25 is required to be paid to Detective Henry Reburn out

of the Consolidated Revenue Fund on account of Criminal investigation as per the account signed by him and which has been handed to you, and I further make application for the cheque accordingly.

Yours truly,

J. R. CARTWRIGHT,
Deputy Attorney-General.

JAMES CLANCY, Esq.,
Auditor.

TORONTO, December 31st, 1908.

DEAR SIR,—I am in receipt of yours of the 29th inst. and beg to say that I am unable to concur in your view that subsections 1 of section 10 and 13 of the Audit Act, 8 Edward VII., Chap. 9, do not govern the present case. Under the provisions of the subsections referred to the directions to the Auditor are specific and imperative, and would not appear to be modified or governed in the remotest degree by section 17 which contains no direction to the Auditor, makes no service a charge on the Consolidated Revenue Fund. Nor does it indicate any service provided for or known to the Statute. There is no such service as "Criminal Investigation" as distinguished from the administration of criminal justice in counties. It is well to note that section 17 was not introduced upon a resolution having the consent of the Crown as an initial condition to a money bill before it could be made a permanent statutory charge on the Consolidated Revenue Fund.

But, apart from this, permit me to call your attention to the singular fact that during the whole of the present year the cost of administration of justice has at your direction been charged to the appropriation for general administration of Criminal justice in counties without distinction, and that you now for the first time request payment of \$25.25 to Detective Reburn out of the Consolidated Revenue Fund on account of so called "criminal investigation" without offering any reason or explanation for so startling a departure. I am therefore compelled to say that I am unable to comply with your request for the issue of the cheque to Detective Reburn for the following reasons:—

- (a) That all costs and charges for general administration of criminal justice in counties are properly chargeable to vote No. 14, subservice 2 and to no other.

- (b) That the said Detective Henry Reburn refuses to furnish the vouchers for any part of the expenditure made by him in connection with the administration of justice for which a cheque is requested by you to issue to him for \$25.25.

Yours truly,
J. CLANCY,
Auditor.

J. R. CARTWRIGHT, Esq.,
Deputy Attorney-General.

TORONTO, 31st December, 1908.

DEAR SIR,—Pursuant to the provisions of section 13 of The Audit Act, 8 Edward VII., Cap. 9, I am of opinion that there is legislative authority for the issue of the cheque to Detective Henry Reburn asked for in my letter of the 29th instant addressed to you, and that the expenditure is authorized by law upon the facts as stated and I am of opinion also that legislative authority for such payment is given by section 17 of the above mentioned Audit Act.

Yours truly,
J. R. CARTWRIGHT,
Deputy Attorney-General.

JAMES CLANCY, Esq.,
Auditor.

TORONTO, January 2nd, 1909.

DEAR SIR,—I am in receipt of your letter of the 31st ult., also an opinion purporting to be in pursuance of the provisions of subsection (a) of section 13 of The Audit Act, which would appear to be based upon an entirely assumed statement of the facts.

The questions of "legislative authority," or "as to whether the expenditure is authorized by law" have not been raised by me in the grounds of objection set forth in paragraphs (a) and (b) of my letter of the 31st ult., which can alone be considered in the case and upon which the Deputy Attorney-General has no lawful power to give an authoritative or binding opinion. The grounds of objection to issue the cheque for \$25.25

to Detective Reburn as stated in paragraphs (a) and (b) of my letter are confined to questions of mere regularity coming exclusively within the authority of the Treasury Board to decide pursuant to the provisions of subsection (c) of section 13 and section 23 of the Audit Act, 8 Edward VII., Chap. 9.

Yours truly,
J. CLANCY,
Auditor.

J. R. CARTWRIGHT, Esq.,
Deputy Attorney-General.

MEMORANDUM FOR THE TREASURY BOARD, UNDER THE AUDIT
Act, 1908.

Herewith I hand you for your ruling a statement regarding the issue of a cheque to Inspector Reburn for \$25.25. The Provincial Auditor has declined to issue a cheque without being furnished with vouchers, notwithstanding the provisions of section 17 of The Audit Act, 8 Edward VII., Cap. 9, his contention being, as it would seem, that notwithstanding that section the provisions of subsections 1 of sections 10 and 13 of the Act govern in such a case. As the Auditor puts it in a letter of the 30th ultimo, "under the provisions of the subsections referred to (that is subsections 1 of sections 10 and 13) the directions of the Auditor are specific and imperative, and would not appear to be modified or governed in the remotest degree by section 17, which contains no direction to the Auditor, makes no service a charge on the Consolidated Revenue Fund, nor does it indicate any service provided for or known to the Statute. There is no such service as "criminal investigation" as distinguished from the administration of criminal justice in counties. He also contends that the question is not one of legislative authority nor as to whether the expenditure is authorized by law, but that the matter is one of mere regularity coming exclusively within the authority of the Treasury Board to decide pursuant to the provisions of subsection (c) of section 13 and section 23 of The Audit Act. In substance, however, the question seems to be whether section 17 of The Audit Act does or does not govern in the matter of payments for criminal investigation, and this question is submitted to your honourable Board for your consideration.

J. R. CARTWRIGHT.

TORONTO, 5th January, 1909.

Copy of a Minute of the Treasury Board, dated the fifth day of January, A.D. 1909.

The Treasury Board have had under consideration the memorandum of the Deputy Attorney-General of the 5th of January, 1909, respecting the issue of a cheque to Inspector Henry Reburn from which it appears that the Provincial Auditor has declined to issue the cheque without being furnished with vouchers, notwithstanding the provisions of section 17 of The Audit Act, 8 Edward VII., Cap. 9, his contention being, as it appears, that notwithstanding that section, the provisions of subsections 1 of sections 10 and 13 of the Act govern in such cases. As the Auditor puts it in a letter of the 30th ultimo, "under the provisions of the subsections referred to" (that is subsections 1 of sections 10 and 13) the directions to the Auditor are specific and imperative, and would not appear to be modified or governed in the remotest degree by section 17, which contains no direction to the Auditor, makes no service a charge on the Consolidated Revenue Fund, nor does it indicate any service provided for or known to the Statute. "There is no such service as "criminal investigation" as distinguished from the administration of criminal justice in counties." The Board are of opinion that subsections 1 of sections 10 and 13 do not apply in such cases as the present, which in their opinion falls under section 17, that section governing in the matter of payments for "criminal investigation," which phrase includes those matters which relate to the administration of criminal justice.

Under the circumstances the Treasury Board direct that the cheque in favour of Henry Reburn be issued forthwith.

Certified,

J. LONSDALE CAPREOL,

Clerk Treasury Board.

THE ONAPING GOLD MINING COMPANY.

TORONTO, November 2nd, 1908.

MEMO. FOR THE AUDITOR.

In connection with a requisition made for a refund to the Onaping Gold Mining Company, Limited, of \$1,777.00 as balance of amount paid in on certain mining locations applied for in 1898, by the above company on Meteor and Shoo Fly

Lakes, in the District of Sudbury, on September 11th, 1898, A. F. McMichael, barrister, of Toronto, on behalf of the Onaping Gold Mining Company and twenty-four applicants who have since transferred their interests to the above company, filed thirty-two applications under the provisions of the Mines Act covering thirty-two mining locations, which were afterwards surveyed and designated as 38 P. to 69 P.

In October of the following year Mr. McMichael, in the name of the above company, filed plans and field notes of locations 41 P. to 67 P. in accordance with the requirements of the Mines Act. The area of the twenty-seven locations of which the plans were filed embraces an area of 4,501 acres.

On March 21st, 1899, Mr. McMichael, on behalf of the company, paid \$3,700.00 on account of the first year's rental at \$1.00 per acre.

These mining claims were applied for because of the placer gold thereon which was reported to be found in small quantities, and it was represented to the Department by the Company that in order to develop these properties all the timber on the locations would in the future be required for use thereon, and although under The Mines Act, under which these locations were applied for, they were entitled to what timber was required for mining purposes, the Onaping Company were not prepared to go to the enormous expense necessary in developing the properties, unless the timber were granted or secured to them, as the Government had the power at any time to sell the pine timber to other parties, who might cut and remove it. The Department was in 1900 of the opinion that it would conduce to the development of the mining industry in this Province and would at the same time conserve the public interests, if the application made by the Onaping Gold Mining Company to purchase the pine timber upon the locations they had applied for were granted. An estimate was made of the quantity of pine and the price was fixed at \$2.00 per thousand feet, board measurement, the understanding being that all the pine timber on the locations was to be used in developing the property. An Order in Council was passed on the 17th July, 1900, authorizing the Commissioner of Crown Lands to sell the pine timber to the above company at \$2.00 per thousand. After the passing of this Order in Council it appeared that the company considered they had the right to dispose of the timber in a commercial way, not necessarily restricting its use to the locations themselves. This, however, was not the understanding of the Department, and by a supplementary Order in Council, dated 12th September, 1900, it was made clear that the pine timber sold under the authority of the original Order

in Council, was not to be disposed of for ordinary lumbering purposes or for export, but was to be used in connection with mining upon the lands. The Company still maintained that under the original Order in Council they were entitled to dispose of the timber as they wished.

On the 25th October, 1900, a third Order in Council was passed revoking the two previous Orders in Council, the object of which was to bring the pine timber back into the possession of the Crown.

On the 2nd October, 1900, Mr McMichael remitted to the Department a cheque for \$3,200.00, the price of the timber, and \$801.00 as balance of the first year's rental on the mining locations, thus completing the amount necessary to take out leases. The Department declined to receive the money, and returned it to Mr. McMichael. The Company still maintain that the sale under the first Order in Council was an absolute sale and was not intended to impose any condition as to using the pine on the locations.

The Department having refused to consider the Company's application for the timber and returned them the moneys mentioned above, the Company now withdraw their application in toto, and ask for a refund of the balance of the amount paid in.

On August 20th, 1906, \$1,700 was refunded to the Company and \$223 out of the \$3,700 paid in was applied as first year's rental on mining location designated 55 P. and leased to Mrs. Mary Clemow, (the money being applied at the request of the Company), thus leaving a balance of \$1,777.00 which the Company are asking to be refunded.

There does not appear to be any reason why this should not be refunded to the Company, the Company having always maintained that unless the pine timber was granted they would be unable to operate the mining claims and that the completion of the application for the mining claims depended upon obtaining the timber which the Department has refused to grant.

Attached is a copy of the Orders in Council.

THOS. W. GIBSON,

Deputy Minister of Mines.

GEO. B. KIRKPATRICK,

Director of Surveys.

DEPARTMENT OF LANDS, FORESTS AND MINES.

Surveys Branch.

\$1,777.00

TORONTO, October 29th, 1908.

Required, a cheque in favour of The Onaping Gold Mining Company of Ontario, Limited, care of Stewart Jenkins, for the sum of seventeen hundred and seventy-seven dollars, being a refund of the balance of the \$3,700.00 paid in by A. F. McMichael, March 21st, 1899, L 6,254-99, Cert. 7,324, dated March 21st, 1899, on behalf of above Company as part of the first year's rental on Mining Locations 38 P. to 69 P. on Meteor and Shoo-Fly Lakes, District of Sudbury. When the Company applied for the mining locations they at the same time applied for the pine timber on the locations for use in developing the placer mines thereon. The Department refused to grant or sell the pine and the above Company withdrew application for mining locations. \$1,700 was refunded the Company August 20, 1906, and \$223 was applied as first year's rental on location 55 P. Leaving balance of \$1,777 which the Company ask to be refunded.

See memorandum.

GEO. B. KIRKPATRICK,

Director of Surveys.

Approved,

THOS. W. GIBSON,

Deputy Minister.

TORONTO, November 30th, 1908.

DEAR SIR,—Referring to Treasury file No. 4,247 and your accompanying memo. of the 2nd inst., stating the ground upon which you sanction the application of the Onaping Mining Company for a refund of \$1,777, being as stated a balance of the \$3,700 paid by the Company on March 21st, 1899, as part of the first year's rental on certain mining locations hereinafter referred to.

Before entering upon an examination of this case, and for the purpose of greater clearness, it may not be out of place to refer to section 28 of The Mines Act, 1897, under which the applications were made, as more particularly governing the case throughout, which provides as follows:—

Section 28. In addition to the requirements of sections 26 and 27 every application for a mining location shall be accompanied with an affidavit showing the discovery of valuable ore or mineral thereon by or on behalf of the applicant, and that he has no knowledge and has never heard of any adverse claim by reason of prior discovery or otherwise, and every applicant shall within sixty days pay into the Department of Crown Lands one-fourth of the purchase price or rental, and within three months the remaining three-fourths, the time to be reckoned from the date on which the application has been filed in the Department, and in case of failure in respect of any of these requirements the application shall lapse and be of no effect.

On the 11th of September, 1898, Mr. A. F. McMichael, barrister, made application under the provisions of the Mines Act on behalf of a number of his clients who were acting with and for the purposes of the Company for mining locations 38 P. to 69 P., in the District of Algoma, covering an area of 4,501 acres.

The Company allowed the above applications to lapse and on March 20th, 1899, Mr. McMichael, acting for the Company, applied for a renewal of its applications as from that date, in the following letter:—

TORONTO, March 20th, 1899.

“AUBREY WHITE, Esq.,

“Parliament Buildings, Toronto.

“File Nos. 20,823 to 20,853 of 1898.

“DEAR SIR,—We have unavoidably delayed in completing our applications for mining locations 38 P. to 69 P., situate north of the Oshawong Block north of Lake Oshawong in the District of Algoma. We are now prepared to pay the necessary amount, and will have a completed survey shortly. I beg leave on behalf of myself and as solicitor for the other applicants to renew our applications as of this date.

“Trusting there will be no objection to this, I remain,

Yours truly,

(Signed) A. F. McMICHAEL.

On March 21st, 1899, Mr. McMichael paid into the Department of Crown Lands on behalf of the Company \$3,700 as part payment of the first year's rental, accompanied by the following letter:—

TORONTO, March 21st, 1899.

RE 38 P. to 69 P.

"20,823, 1898, to 20,853, 1898.

"DEAR SIR,—Enclosed please find marked cheque for \$3,700 to cover first payment on the above applications. Owing to domestic reasons, Mr. Patten will be unable to complete his survey and my clients are compelled to employ another surveyor.

"Yours truly,

(Signed) A. F. McMICHAEL.

"TO AUBREY WHITE, ESQ.,

On March 28th, 1899, the Assistant Commissioner replied accepting the renewal of the applications and payment of \$3,700 on account of the first year's rental, as per the following letter:—

"20,823, 1898 to 20,853, 1898.

TORONTO, March 28th, 1899.

"DEAR SIR,—I have yours of the 20th instant with renewal of application for mining locations 38 P. to 69 P., North Upper Wahnapiatae River, in the District of Algoma, on behalf of your clients; also yours of the 21st instant with \$3,700 on account of the first year's rental. In reply I have to say that the land is still clear and if your clients comply with the requirements of the Mines Act and file evidence as to the pine timber on or in the vicinity of the location, as mentioned in the Departmental letter of September 22nd last to you, the matter will be dealt with.

"In reply please refer to the above letter number if an answer is desired.

"Yours truly,

G. B. KIRKPATRICK,
Assistant Commissioner.

A. F. McMICHAEL, ESQ.,
Barrister, etc.

On the 20th of October, 1899, some months after the Company had allowed its applications to again lapse, Mr. McMichael on behalf of the Company wrote the following letter in which he showed much anxiety as to what might be the attitude of the Department in respect to the Company's applications:—

“TORONTO, October 20th, 1899.

“AUBREY WHITE ESQ.,

“Parliament Buildings, Toronto.

Re Onaping Gold Mining Company.

“DEAR SIR,—Referring to the applications put in by me herein, and to your letters of September 22nd, 1898, Nos. 20,824 to 20,853 of 1898, I beg to file completed plans and surveys of the following locations, namely: W.P. 2 and P. 41 to P. 67, showing a total acreage of land applied for 4,516 acres.

“I am instructed that the report of your timber rangers should be in by this time. Consequently the filing of these plans and surveys appears to comply with all the conditions precedent to the granting of leases.

“An immediate answer to this letter will very much oblige, as it is important to my clients to know definitely at once.

“I may say they have spent considerable money in prosecution of their venture.

Yours truly,

(Signed) A. F. McMICHAEL.

On November 10th, 1899, the Assistant Commissioner replied to the above letter as follows:—

“20,823, 1898, to 20,852, 1898.

TORONTO, November 10th, 1899.

“DEAR SIR,—Yours of the 20th ultimo duly received with plans and field notes of the following mining locations in Shoo Fly and Meteor Lakes near the height of land between the Upper Wahnapiatae River and Moose River, in the District of Algoma, on behalf of different parties, as per your applications of September 11th, 1898.

“I find that the area of these locations is 4,501 acres.

“On March 21st last you paid into this Department \$3,700 on account of the first year's rental.

"It would now appear that if the balance of the first year's rental, \$801.00, is paid leases could issue in the names of your different clients as given in the applications of September 11th, 1898.

"If you wish to take out a patent for these locations you will require to pay into this Department the purchase money at \$2 per acre, except in the case of island 65 P., which is only 2 acres, where the purchase money would be \$20.00.

"You do not appear to have yet filed the plans and field notes of 38 P., 39 P., 40 P., 68 P., and 69 P., although these locations are among the locations applied for by you on September 11th, 1898.

"I enclose you herewith a list of the different locations, giving the area of each.

"Your clients should pay in the balance of the first year's rental at once, and as soon as it is received the matter will be again taken up.

"I do not find that an application was ever filed for 49 P., and you will therefore require to file evidence of the discovery of valuable mineral on this location on behalf of one of your clients.

G. B. KIRKPATRICK,

"Yours truly,

AUBREY WHITE,

Assistant Commissioner.

"A. F. McMICHAEL, Esq.,

"18 Victoria Street, Toronto.

The letters of October 20th and November 10th, 1899, just referred to deserve special notice, as practically concluding the correspondence in respect to the Company's applications for the mining locations in question, and as showing a clear and complete understanding as to the relative positions of the Department and the Company on that question.

The Company on the one hand had completed plans and surveys to the evident satisfaction of the Department, and had some seven or eight months prior to these dates paid \$3,700 on account of the first year's rental, leaving the payment of the balance of the first year's rental; namely, \$801, as the only condition required by the Department before issuing the leases to the Company.

The Department on the other hand would appear to have been possessed of such information as to enable it to decide in respect to the very important question raised by the Assist

ant Commissioner at the initial stage of the Company filing its applications; namely, as to whether or not there was valuable pine timber on the lands applied for by the Company. So clear would this appear to have been to the mind of the Department that notwithstanding that the Company's application had been allowed to repeatedly and finally lapse some time prior to these dates, the Assistant Commissioner expressed a willingness to grant the leases on the sole condition of the Company paying the balance of the first year's rental. But, strange to say, the Company has never made any response to the Assistant Commissioner's letter of the 10th of November, 1899, the balance of the first year's rental as requested in that letter has not been paid, nor, so far as the records disclose, has the Company ever assigned any reason for its failure or neglect to complete its applications, notwithstanding that it entered upon the lands in question, and exercised the rights of ownership by constructing and operating a mining plant thereon, consisting of a portable saw mill, steam pumps, derricks, sluice boxes and such camps or buildings as were necessary to carry on the work.

Reverting now to another question which, so far as the records would appear to disclose, arose for the first time on the 5th of April, 1900, on an application made by Mr. Stuart Jenkins on behalf of the Company for the purchase of what he termed the scattering pine timber on the mining location applied for by the Company. As the question of a refund is not involved in respect to any sale of the pine timber on the lands in question, it is only necessary to briefly refer to the reasons urged by Mr. Jenkins for wanting to secure the timber in his application of April 5th, 1900, and supported by the joint letter of Messrs. Dilworth and Abbott of June 25th, 1900, both of which are now appended:

Toronto, April 5th, 1900.

"The Honourable Commissioner of Crown Lands,
Toronto.

"Sir,—We have the honour to apply for the scattered pine standing on mining locations 22 P. and 38 P. to 69 P., the mineral rights in which have been assigned to this Company. Plans and field notes have been filed and a deposit of one dollar an acre made on these lands. We are quite prepared to accept the Government estimate as to quantity, and to pay such price as you may consider just and reasonable.

"The Pittsburgh capitalists who are associated with us in the development of this property have made the securing of the timber a *sine quâ non* of continuance of that work. They have become alarmed at recent timber concessions in the neighbourhood of the property and they decline absolutely to take any chances in a matter of such vital importance to the future interests of the Company.

"A previous refusal on the part of your Department to even consider this application has only added to the suspicion entertained by these gentlemen that the interests of the Company are liable to be seriously affected at any time by conflicting concessions. As they are willing to pay any price that the Government can in reason ask, their suspicion can hardly be called unreasonable.

"As the time for recommencing work on the property is close at hand, and the ability to continue this work depends entirely on our being able to meet the views of the Pittsburgh capitalists, we have the honour to ask that you will give the above your early consideration so that we may know at once where we stand.

We have the honour to be, Sir,
Your obedient servants,
The Onaping Gold Mining Co.
of Ontario, Limited.
(Sgd.) STEWART JENKINS,
Managing Director."

"PITTSBURGH, PA., June 25, 1900.

"HON. E. J. DAVIS,
Minister of Crown Lands,
Toronto, Ont.

"DEAR SIR,—This is to state that we are shareholders in the Onaping Mining Company to the extent of 250,000 shares out of 490,000, thus holding the controlling interest. We have already advanced to the Company some sixteen thousand (\$16,000) dollars, and as soon as we receive a clear title to the timber standing on the Company's property, we are prepared to advance further sum of eight thousand five hundred (\$8,500) dollars, and from time to time such further sums as may be

justified by the results of the test work which will be commenced immediately upon possession of the timber. The financial aid which we are prepared to give the Company will only be limited by the results.

Yours truly,

(Signed) LAWRENCE DILWORTH,
WM. G. ABBOTT."

Dealing with these letters in the order of their dates it will be seen that Mr. Jenkins states that Messrs. Dilworth and Abbott, members of the Company, as well as its financial backers, became alarmed at the possibility of the interests of the Company being seriously affected in the event of the Department disposing of the timber in the ordinary way and thereby denude the lands of the timber necessary to carry on the work of mining development, and which the Company would be entitled to use under the provision of The Mines Act free of charge. And further that these gentlemen had made the securing of the pine timber an indispensable condition of the continuance of the work and of development. This is followed by the statement of Messrs. Dilworth and Abbott that they are shareholders, holding the controlling interest,—that they had advanced a considerable sum of money to the Company, and that as soon as they secured a clear title to the timber standing on what they call the Company's property they would be prepared to make further advances.

Relying upon these and similar representations the Department consented (with or without authority) to a sale of the pine timber to the Company through the passage of an Order in Council for that purpose. The Company did not then, nor has it since, resumed the promised work of development, but immediately following the passage of the Order in Council authorizing the sale to the Company it at once set about to resell the timber to be used for ordinary or commercial purposes, contending that by reason of the Order in Council not having placed any restriction as to the purpose for which the timber might be used, the Company was at liberty to make any disposal of the timber it might think proper.

It would seem difficult to reconcile the representations made by the Company in the outset as to the necessity for securing the timber with its actions and attitude after it was supposed that the sale of it had been consummated. The Department, however, held to the view that it was never intimated or intended that the pine timber should be used for other than mining purposes, and without delay revoked the Order in Council, thereby cancelling the sale.

For the purpose of clearness it has been found necessary to trace in somewhat minute detail the history of the Company's applications for leases of mining locations and its application for the purchase of the pine timber on these locations as two separate and distinct transactions. It will be observed, as is conclusively shown by the foregoing correspondence, that the application of the Company to purchase the pine timber did not begin until some time after its applications for leases of the mining locations had been ended.

If I correctly interpret your views, the sole grounds upon which the application of the Company for a refund are supported I take to be definitely stated in the three last paragraphs of your memo. of the 2nd inst., namely:

1. "The Department having refused to consider the Company's application for the timber and returned them the moneys mentioned above, the Company now withdraw their application in toto, and ask for a refund of the balance of the amount paid in.

2. "On August 20th, 1906, \$1,700.00 was refunded to the Company and \$223 out of the \$3,700.00 paid in was applied as first year's rental on mining location designated 55 P. and leased to Mrs. Mary Clemow, (the money being applied at the request of the Company), thus leaving a balance of \$1,777.00 which the Company are asking to be refunded.

3. "There does not appear to be any reason why this should not be refunded to the Company, the Company having always maintained that unless the pine timber was granted they would be unable to operate the mining claims and that the completion of the application for the mining claims depended upon obtaining the timber which the Department has refused to grant."

As to the first, permit me to again call your attention to the provisions of section 28 of The Mines Act, 1897. and to the fact as must be well known that the Company's application for the mining locations in question had lapsed with the full knowledge of the Company and were of no effect more than eight years ago, and as a necessary consequence the Company has no applications in existence to withdraw. Nor for the same reason it is not entitled to a refund of the balance or any part of the \$3,700 paid into the Department as part of the first year's rental on the 21st of March, 1899.

As to the second, it does not appear clear as to whether or not the payment to the Company of \$1,700 as a refund on the 20th of August, 1906, is intended to be urged as a reason for making the balance of the refund now. But in any event it is

of the first importance that I should now call attention to the circumstances under which the Audit Office gave its consent to that payment, the requisition for which is as follows:

TORONTO, August 15th, 1906.

"No. 124.

"\$1,700.00.

DEPARTMENT OF CROWN LANDS,

Surveys Branch.

"Required a cheque in favour of the Onaping Gold Mining Company of Ontario, Canada, for the sum of seventeen hundred dollars out of the \$3,700.00 paid in by A. F. McMichael, barrister, on behalf of the above Company on March 21st, 1899, Cert. 7,324, dated March 21st, 1899, on mining locations 38 P. to 69 P. on Meteor and Shoo Fly Lakes in the Temagami Forest Reserve, covering an area of 3,700 acres. As there was considerable quantity of valuable pine on these locations the Department declined to entertain the application. The amount paid in, \$3,700.00, was in payment of first year's rental at \$1.00 per acre. The Company on their behalf withdrew their application for 42 P. to 49 P., covering an area of 1,700 acres and have asked that the balance remain on deposit till such time as the Department may be in a position to consider the Company's application for the balance of the location.

It will be seen that the simple and plain statement is made that "as there was valuable pine on these locations the Department declined to entertain the Company's application," and hence the propriety of making the refund. I regret to be compelled to state without reservation that the statement contained in the requisition is on all essential grounds, and in so far as the official records of the Department would appear to disclose, as inaccurate as it is misleading, as a reference to the letter of Mr. McMichael of the 20th of October and of the Assistant Commissioner of the 10th of November, 1899, will show. There was no hint or intimation of any kind that there was anything behind or unexplained in this simple statement, the result being that the Company, if I am right in my contention, received \$1,700 to which it was not entitled.

Dealing now with the last paragraph of your memo. in which it is stated that "the Company having always maintained that unless the pine timber was granted they would be unable to operate the mining claims, and that the completion

of the application for the mining claims depended upon obtaining the timber, which the Department has refused to grant." As has been stated, the Company made application for the first time to purchase the pine timber on April 5th, 1900, some time after it had allowed its application for the mining claims to lapse. In that application and in the subsequent correspondence it was repeatedly urged that unless the Company was permitted to purchase the pine timber it would be unable to continue the work of development, for the reasons set forth in the correspondence. But so far as I am aware it was never even intimated that the completion of the Company's application for mining claims depended in the slightest upon obtaining the pine timber. I have examined with much care all the correspondence to which I have access, and I am unable to find a single reference, by inference or otherwise, connecting the completion of the Company's application for mining claims with the purchase of the pine timber, and if such exists I should be glad to be put in possession of it. This is especially necessary in view of the fact that you seem to rely upon the statement contained in the last paragraph of your memo. as the sole ground for making the refund.

I am, of course, assuming that it is not proposed to go beyond the records of the Department to establish this or any claim of the Company, as such a course would render an enquiry meaningless, if not impossible, as well as remove every safeguard to which the public is entitled and which can alone be maintained through a strict observance of essential official form.

After careful examination of the whole case I am unable to conclude that the Company is entitled to a refund on any ground.

Yours truly,

J. CLANCY,

Auditor.

T. W. GIBSON, ESQ.,

Deputy Minister of Mines.

TORONTO, December 11th, 1908.

DEAR SIR,—Your letter of November, ultimo, addressed to the Deputy Minister of Mines, has been received, in which you decline, for the reasons set out therein, to honour this Department's requisition for a refund of \$1,777 to the Onaping Gold Mining Company.

As the transaction in question is one concerning timber as well as mining lands, and came under the purview of the Deputy Minister of Lands and Forests as well as the Deputy Minister of Mines, the undersigned have thought it well to make a joint reply.

We venture to take issue with you, in the directest possible manner, on your interpretation of section 28 of the Mines Act, R.S.O., 1897, now repealed, on which you base your refusal to make the refund. You read this section as requiring the Department to forfeit all moneys paid in in connection with applications for mining lands, where such applications were not completed within the time stipulated in the said Act. We beg leave to assert, on the contrary, that such was not the intention, and that such is not the meaning of the Act. Section 28 was originally subsection 2 of section 7, Chapter 8, 60 Victoria, entitled "An Act to Further Improve the Mining Laws." This Act was introduced into the Legislature by the then Commissioner of Crown Lands, and was prepared in this Department. The Deputy Minister of Mines is able to say from his own knowledge and recollection what the purpose was of this amendment, now embodied in section 28. Previous to that time it was not required of an applicant for mining lands that he should show discovery of valuable mineral, nor was there any time limited by law or regulation within which he was obliged to complete his application. The consequence was that the Department experienced much difficulty in dealing with applications for mining lands, especially in determining whether an uncompleted application found on the files of the Department was or was not bona fide, and whether it was or was not entitled to consideration on a second application being received. The intention of section 28 was by providing certain requirements and by declaring applications null and void which did not comply with them, to enable the Department to distinguish between genuine and speculative applications and to deal with them accordingly.

Further, it is within the personal knowledge and recollection of the Deputy Minister of Mines that the provision in section 28 which allowed an applicant who filed an affidavit showing discovery of valuable mineral, sixty days in which to pay in one-fourth of the purchase money or rental, and on his so doing thirty days longer to pay in the remainder, was expressly intended to give the prospector a reasonable period (fixed at sixty days) to work upon his find and ascertain as well as he could its value. If at the end of sixty days his discovery did not appear to be worth expending further time on, he could drop the application. If, on the other hand, the indications

were encouraging, he could pay in one-fourth of the price and then obtain thirty days more in which to make further exploration. At the end of three months he had either to complete his application by paying in the remainder of the purchase price, or suffer it to be treated as abandoned.

But it never was intended that the prospector should, on finding his hopes of valuable mineral disappointed, be mulcted in the money he had paid in as part payment of the land. This would have been a policy calculated, in the highest possible degree, to discourage the prospecting of the public domain for mineral deposits. It would be tantamount to saying to the prospector "Not only must you lose all the time, money and labour you have expended in ascertaining whether your discovery, or supposed discovery, is valuable or not, but if you have paid in any money to the Department you are to lose that also. The Crown keeps the land and keeps the money too." Surely the commonest principles of fair dealing and honesty, to say nothing of public policy, which would be served by the encouragement of prospecting, are repugnant to such an interpretation.

We are aware that the meaning of an Act is not always or necessarily judged to be that which its originators intended it to be, but we submit that the language of the Act is not only easily capable of the interpretation put upon it by this Department, but that such is the real, natural and evident meaning of the words employed. For years after the passing of section 28 the Department acted on the assumption that under the above circumstances a prospector was entitled to have his money refunded, and scores of such refunds have been made. Indeed it was not until you yourself, in another case, placed what we are bound to call a forced interpretation on the section that any exception was taken to this course.

Had the Act meant what you contend it means, surely there would have been in it an express intimation to the applicant that failure to proceed, from any cause, to full completion of his application, subjected him to the loss of any partial payment he might make. There is no such intimation in the Act. What it says is that "the application shall lapse and be of no effect," that is, that it shall not be permitted to stand in the way of a subsequent application for the same land. This, we venture to assert, is the full meaning of the section, and neither by express language nor by implication does it require the Crown to confiscate any moneys paid in by an applicant for mining lands; nor is there in the Act any hint whatever that the Legislature was placing applications for mining lands on the level of "optional agreements," which is practically what you are contending for.

Turning now to the salient features of the particular case in hand, we desire to direct your attention to the fact that the Department (there being no adverse applicant) acquiesced in the renewal or revival by the Company of its applications on the 20th of March, 1899, and that on the following day the Company paid in \$3,700, being the first year's rental for 3,700 acres. A plan of survey had already been filed on the 12th December, 1898, which was, in some particulars, incomplete, but upon which leases might easily have been granted. A completed survey, with field notes, etc., was filed October 20th, 1899. So far as the requirements of The Mines Act were concerned the Department probably on 21st of March, 1899, and certainly on or after October 20th, 1899, could have issued leases to the Company for locations totaling 3,700 acres.

Why did it not do so? Beyond doubt the reason was that it had ground for believing there was pine timber on the lands applied for or in their immediate vicinity, and it did not feel warranted in disposing of the land without more definite information regarding the pine. The Company had been asked by the Department to furnish evidence as to the existence or non-existence of valuable timber on the lands, but this the Company did not do, the fact being that there was such timber. The Company so stated, and asserted that possession of the timber was absolutely necessary for the carrying on of its project. Consequently the Company applied to purchase it, and thus remove any difficulty which the Department might feel in granting the land. The Department thereupon took steps to ascertain the position as to timber, and in May, 1900, Crown Timber Agent Henderson was sent to make an estimate. His report, dated May 22nd, 1900, contained the first definite information which the Department had as regards the timber, and your assumption (page 7 of letter), that the Department had at some date previous to this become "possessed of such information as to enable it to decide in respect to this very important question" is a gratuitous and unwarranted one. The Company pressed its application to buy the timber, and the Department finally agreed to sell, the understanding being that it was to be used for mining purposes on the locations. An Order in Council authorizing the sale was passed 17th July, 1900, and on 2nd October following the Company tendered \$3,200 as purchase money for the timber, and \$801 as balance of rental on the mining locations. The Department having meantime learned that the Company was offering the timber for sale, contrary to the understanding, had had an Order in Council passed on 12th September, making it clear that the timber was to be used only on the lands. The Company contended that such was

not the bargain, and in view of the Company's attitude the the Department refused to accept the purchase money and returned the cheques the day on which they were received.

It is therefore clear that the Department declined to permit the Company to complete the applications for mining lands by paying in full therefor. Such being the case, can it be seriously contended that the Crown would be justified in forfeiting the Company's money while refusing them the opportunity of completing their claim?

You say in your letter (page 7), that "the balance of the first year's rental" "was not paid," "nor so far as the records disclose has the company ever assigned any reason for its failure or neglect to complete its applications," and this in face of the fact that the only thing required to complete the applications was the payment of \$801.00, which amount the Company tendered and which the Department declined to accept.

You lay a good deal of stress upon the Department's letter of 10th November, 1899, advising the Company that if the balance of the first year's rental, \$801, were paid in, leases could issue. At this lapse of time the undersigned cannot undertake to explain the phraseology used in this letter, but it is only fair to read it along with the Department's letters of 22nd September, 1898, and 28th March, 1899, which expressly point out that favourable consideration of the applications depended upon the Department being satisfied that there was no merchantable pine on the lands in question. That the applicants thoroughly understood this is clear from Mr. McMichael's letter of 23rd September, 1898, in which he accepts as one of the conditions that proof should be furnished of the absence of merchantable pine.

There is little doubt that application had been made on behalf of the Company for the pine previous to its letter of 5th April, 1900, for in that communication reference is made to "the previous refusal" of the Department to "even consider this application." How long previous cannot now be stated, as the earlier application does not seem to have been in writing. Nevertheless this allusion proves that the purchase of the timber had been proposed by the Company sometime before and corroborates the recollection of the undersigned that the timber was, from an early period in the negotiations, regarded by the Company as of vital importance to its enterprise.

Taking all the circumstances together and considering the matter fairly, there can be no question that the mining and timber features of the application, if not presented to the Department concurrently, were at least contemporaneously in existence at an early stage of the negotiations, and it is clear

from the statements of the Company itself on the files that it regarded possession of the timber as an indispensable part of the undertaking.

The various steps may be thus summed up :

The Department first made the granting of the lands contingent upon there being no pine on them or in the neighbourhood, and the Company was requested to furnish proof to this effect. It failed to do so, the fact being that there was pine on the locations. The Company then applied to buy the pine, and the Department sent its agent to make an estimate. On receipt of the agent's report a sale was agreed to, but owing to the Company endeavoring, in the opinion of the Department, to evade an essential condition of the sale, it was revoked. The Company had already paid in \$3,700 and had completed its application to the extent of 3,700 acres, but the Department, owing to the uncertainty as to the pine, did not issue the leases. Then when the Company tendered \$801 to pay the rental for the remainder of the lands, the Department declined to receive the money. Under these circumstances you will, we are sure, forgive the undersigned if they are unable to appreciate the process of reasoning which leads you to the conclusion that the Crown is entitled to retain the Company's money.

For your information it may be stated that applications for other mining lands in this vicinity were refused after the receipt of Timber Agent Henderson's report showing the existence of pine, and that farther south on the Vermilion River similar applications were declined for the same reason, and it would have been in every particular consistent with the Department's practice had it refused to grant the lands applied for by the Onaping Company when it became aware that there was pine upon them. The Company offering to buy the pine, and the special reason which moved the Department to entertain the application, namely, the desire to encourage the establishment of a placer mining industry, placed this application in a different position from the applications for other similar lands, for if the pine were to be sold there was no longer any ground for refusing to sell or lease the land.

As to the "inaccurate" and "misleading" statement contained in the Department's requisition of 15th August, 1906, for a refund of \$1,700 to the Company, the undersigned beg leave to request the liberty of regarding these epithets as used in a strictly academical, even Pickwickian sense. It is not to be expected that in a brief and condensed statement such as can go within the limited compass of the Departmental form of requisition all the details of a long-drawn-out transaction such as this can be set out. It remains true that the sale of the pine

having been revoked, the land reverted to the position of ordinary Crown land containing pine timber. The practice of the Department was, as we have shown, and still is, to refuse applications under these circumstances.

The undersigned respectfully ask your reconsideration of the matter, and if you persist in the opinion that the money ought not to be paid to the Company, will ask that the matter be referred to the Treasury Board in pursuance of the provisions of The Audit Act.

We are,

Your obedient servants,

THOS. W. GIBSON,

Deputy Minister of Mines.

AUBREY WHITE,

Deputy Minister of Lands and Forests.

JAMES CLANCY, ESQ.,

Auditor,

Parliament Buildings.

TORONTO, December 23rd, 1908.

DEAR SIRS,—I am in receipt of your joint letter of the 11th inst., in reply to my letter of the 30th ult., in which I definitely stated the ground of objection to payment of any refund to the Company now or in the past. Following faithfully the records of your Department that statement was in substance as follows:

- (a) On the 11th of September, 1898, the Company applied for certain mining lands for which the Department in a letter of the 22nd of September, 1898, refused to grant leases until such time as the Company satisfied the Department that there was no valuable pine on these lands, or in the alternative until such time as the Department had an examination of the lands made by its own timber ranger to ascertain all the facts. In the meantime the Company paid no money and the application lapsed. The Company, however, in 1898, or the early part of 1899 entered upon the lands (no doubt with the knowledge of the Department) established a mining plant and commenced mining operations.

(b) On the 20th of March, 1899, the Company renewed its application for something over 4,500 acres, and the day following paid in \$3,700 on account of the first year's rental at \$1.00 per acre, but allowed the application to again lapse.

(c) On the 20th of October, 1899, the Company (without renewing its application) filed completed plans and surveys, at the same time taking up the unsettled question of the pine on these lands, suggested that it was understood that the Department then had the report of its own timber rangers and requested the issue of the leases.

(d) On the 10th of November, 1899, the Department accepted the plans and surveys so filed as being substantially complete, and informed the Company that on payment of the balance of the first year's rental, namely, \$801, the leases for these lands could issue. But the Company made no payment in response to the Department's request and never afterwards renewed its application or requested the issue of the leases.

In my letter of the 30th ult. I pointed out that the Company's letter of the 20th of October, and the Department's letter in reply thereto of the 10th of November, 1899, brought the parties together and settled for all time what had hitherto been the vexed question of the pine on these lands standing in the way of the Department granting leases to the Company, as well as settling beyond all controversy that up to and including these dates it is impossible to conclude that the Company had ever made application to purchase the pine, which was clearly an after-thought as the subsequent and only correspondence on that subject as clearly shows. Mr. McMichael, in referring to the Department's letter of the 22nd of September, 1898, then for the first time cast the whole responsibility upon the Department. And can there be any doubt as to his meaning when he said: "I am instructed that the report of your timber rangers should be in by this time, consequently the filing of these plans and surveys appears to comply with all the conditions precedent to the granting of the leases." The Department accepted the responsibility without qualification, and can there be any doubt as to the meaning of the Assistant Commissioner in his reply on the 10th of November when he said "On the 21st of March last you paid in to this Department \$3,700 on account of the first year's rental. It would now appear

that if the balance of the first year's rental, \$801, is paid leases could issue in the names of your different clients as given in the applications of September 11th, 1898."

You insist with much energy that my assumption was gratuitous and unwarranted when I ventured to suggest that at this date the Department would appear to have been possessed of such information as to enable it to decide in respect to the very important question raised by the Assistant Commissioner at the initial stage of the Company filing its applications, namely, as to whether or not there was valuable pine timber on the lands applied for by the Company. If the assumption on my part was gratuitous and unwarranted, what should have been the assumption in the mind of any one under such circumstances, or is it possible that any other assumption could reflect credit on the conduct of the Department?

At this point may I be permitted to call your attention to the stern fact that in the face of the two letters referred to, of the 20th of October and the 10th of November, 1899, which no attempt has been made to answer or explain, and which you have as completely ignored as if they never had existence, you state as a reason for not issuing the leases then was that the Department had ground for believing that there was valuable pine on the lands, and to remove this difficulty it subsequently consented to a sale of the timber to the Company. Where is the evidence that such was the case or that the sale of the pine timber had even been mentioned at that time? The first that was heard of a sale of the pine was in a memorial of March 19th, 1900, signed by the Onaping Gold Mining Company and others interested in mining, asking the Department to change its policy in respect to the pine on mining lands in that district, which was promptly refused, a fact which would appear to have been overlooked when seizing upon the words "a previous refusal to even consider" (used by the Company in its letter of April 5th, 1900,) to indicate and to refresh your memory that the timber was from an early period in the negotiations. Was it in the negotiations on the 11th of September, 1898, when the Company filed its first applications? Was it in the negotiations on the 20th of March, 1899, when it renewed its applications, or on the 21st of March, 1899, when it paid in \$3,700 on account of the first year's rental? Or was it in the negotiations on the 20th of October, 1899, when the Company filed completed plans and surveys and asked for the leases to issue?

No, the Company applied for the first time to purchase the pine timber on the 5th of April, 1899, alleging that possession of the pine was an absolute necessity in order to secure a supply

of timber for the future operations of the Company. Is there any lack of evidence in the records of your Department to show that this was a mere pretence in order to secure the timber?—or to show that when the Company became temporarily possessed of the timber through the passage of an Order in Council that it made any attempt at concealing the fact that it never intended to use the timber for the purpose alleged but proceeded to at once dispose of it?

Notwithstanding all this you declare that the Company on the 2nd of October, 1900, tendered the balance of the first year's rental, \$801, which the Department declined to accept, and refused the Company the opportunity to complete its claim for the mining lands. Is it not a fact that the Company's application had lapsed long prior to that date, and is it not a fact that cannot be overlooked under any circumstances that the \$801, was tendered along with the \$3,200 for the timber and as forming an inseparable part of the same transaction which the Company was then endeavoring to then force through? And as a consequence the Department was compelled to refuse to accept any money under such circumstances. And is it not a further fact that the Company has never before nor since tendered the \$801 as payment of the balance of the rental unconnected with the timber sale?

The spirit of levity in which you treat the reference made to the Department's requisition of August 15th, 1906, upon which the Company received a refund of \$1,700 in your excerpt "inaccurate and misleading," I submit does not quite do justice to the gravity of the case. It was not by reason of its brevity, but by reason of its inaccuracy that the statement was misleading, which I beg leave to point out. It is stated in the requisition that the payment of \$3,700 was to cover 3,700 acres at \$1.00 per acre while the records make it clear beyond doubt that no such application was ever proposed or made, but on the contrary the payment was applied on account of 4,501 acres. But the inaccurate statement did not end there. It was carried through your letter of the 11th inst., and an argument based upon it. The further statement is made in the requisition, "as there was considerable quantity of valuable pine on these locations the Department declined to entertain the application." Again I submit that the records show that at no time from first to last did the Department decline the application, but instead carried on negotiations with the Company with the view to complete the application long after it had lapsed.

Reverting now to section 28 of The Mines Act, 1897, to which you have alluded at great length in a somewhat reminis-

cent manner. As affording any assistance in determining the meaning of the section there would seem to be nothing more unprofitable than to enter upon a discussion of what may or may not have been the recollection or intentions of the framers of any Act of the Legislature. Every Act must be strictly construed according to the plain meaning of the language employed without respect to good intentions or evil consequences.

The payment under section 28 of one-fourth of the purchase price or rental at the time of making the applications or within sixty days thereafter would appear to have a clear and definite object, namely, to secure the completion of the application within the time limited. If such was not the object is it possible to conceive of any object or purpose to be served by requiring such payment? The applicant was not compelled to show actual discovery of valuable ore or mineral, or to expend a single penny in developing his claim before the completion of his application.

He held the exclusive right to his claim as against the public for sixty days without paying anything or doing anything. But at the expiration of that time he was compelled to pay one-fourth of the purchase price or rental as security for the faithful performance of his part of the contract within the time limited, and if he failed to do so his application lapsed and became of no effect, and it was not within the lawful power of the Department to deal in any shape or form with an application that no longer had any legal existence. Nor was it within the power of the Department to refund the money so paid without the direct consent of the Legislature. Could anything be more irrational than to conclude that the applicant was required to make a payment as security for the completion of his application and that it would be impossible for him to forfeit such payment under any circumstances or conditions no matter what his conduct may have been? If such a doctrine were held to be good there is not a wild cat speculator or applicant making a payment under the provision of section 28 who has not a legal and moral claim against the Province for the return of the money so paid.

It is urged that it was the practice of the Department for many years to act on this view of the case and to regard payments made on account of the purchase price or rental of mining lands as a mere empty form not intended to impose any liability upon the applicant for default. In this I regret I am unable to concur for reasons already stated. Nor would it seem that the practice of the Department could do more than prove that if the view taken of the Act was bad the practice of the Department was correspondingly bad. I submit that a disserta-

tion on the good or evil consequences that might attend any interpretation placed upon section 28 is no test of its meaning. Nor does it seem to me that employment of such catch phrases as "Mulct," "Confiscation," "Keep the land and keep the applicants' money," afford any proof of the truth of their existence or in the least strengthens a contention not otherwise supported.

Dealing now with your summing up of your presentation of the case, on page 8 of your letter, your contention clearly rests upon the sole ground that the Company tendered payment of \$801, being balance of the first year's rental which the Department declined to accept and thereby refused the Company the right to complete its application, and now should receive the refund applied for. I have already stated the circumstances under which the payment of the \$801 was tendered as well as the circumstances under which the Company knowingly made it impossible for the Department to accept the money so tendered, and in the light of which it would seem inconceivable of a ground being found to justify the refund.

But, apart from this, permit me to call your attention to the fact that this tender was made more than one year after the Company had allowed its application to lapse, when the Company had no right to tender payment and when the Department had no power to accept payment on an application that then had no legal existence. Nor, in my opinion, has the Department any power to refund the payment made by the Company on the 21st of March, 1899, without the consent of the Legislature. For the reasons set forth, and for other reasons, I am unable to reach a conclusion different from that expressed in my letter of the 30th ult.

Yours truly,
J. CLANCY,
Auditor.

T. W. GIBSON, Esq.,
Deputy Minister of Mines.

AUBREY WHITE, Esq.,
Deputy Minister of Lands and Forests.

TORONTO, January 9, 1909.

DEAR SIR,—The Provincial Auditor having refused to refund the sum of \$1,777 to the Onaping Gold Mining Company, as requested by this Department, the undersigned beg

respectfully to submit the matter to the Treasury Board to determine the sufficiency of the Auditor's objection, as provided by 8 Edward VII., Chapter 9, section 13, ss. 3.

A copy of the correspondence between the Auditor and the undersigned is enclosed herewith, in which the details are fully set out, but we beg to summarize the grounds for the refund as follows:—

1. The money paid in was for certain mining locations which were never granted, but which still remain the property of the Crown.

2. The Company having paid in part of the money required to take out leases, tendered the remainder, but the Department refused to accept it.

3. The appropriation for refunds in the Estimates for 1908, page 66, makes provision for refunds of this kind. The appropriation reads:

“For payments made to the credit of the Department on account of uncompleted purchases, and afterwards returned to proposed purchasers on purchases not being carried out.”

The present case comes exactly within the terms of the appropriation.

4. The Auditor contends that the Company allowed its application to “lapse” under the provisions of the Mines Act, 1897, and that the money it paid in was consequently forfeit.

To this we reply:

- (a) There was no applicant adverse to the Company, and the matter was therefore wholly between the Company and the Crown. In the exercise of its discretion the Department treated the applications as alive without requiring the Company to go through the empty formality of making fresh written applications, and filing new copies of the old affidavits; and by agreeing to accept \$3,700 paid by the Company on the 20th day of March, 1899, after the date of the alleged lapsing, clearly intimated that it regarded the applications as valid. Indeed, it informed the Company that on filing “evidence as to the pine timber” the applications would be further dealt with.

If the Auditor's view is correct, the Department accepted the Company's money on applications which it could not legally grant, and yet cannot now refund the money paid in under such circumstances.

- (b) The Auditor entirely misinterprets the meaning and effect of those provisions of the *Mines Act*, 1897, which he invokes to justify his refusal of the refund. These provisions wiped off the record applications not completed by making certain payments within a given period or periods, thus enabling the Department to consider other applications for the same lands should they be received, but there is nothing whatever in the Act authorizing the forfeiture of moneys remitted in partial payment.

The Company applied to purchase and the Department agreed to sell the pine on the locations, but for reasons set out in the correspondence the Department declined to accept payment and procured the passage of an Order in Council annulling the transaction.

Although the negotiations about the pine bulk largely in the Auditor's objections, they have in reality nothing to do with the right of the Company to receive \$1,777, which it paid on account of lands it never got, and full payment for which the Department refused to allow it to make.

Yours very truly,

THOS. W. GIBSON,

Deputy Minister of Mines.

AUBREY WHITE,

Deputy Minister of Lands & Forests.

J. LCNDALE CAPREOL, Esq.,
Secretary, Treasury Board,
Parliament Buildings.

Copy of a Minute of the Treasury Board, dated the 19th day of January, A.D. 1909.

The Provincial Auditor having refused to refund the sum of \$1,777 to the Onaping Gold Mining Company as requested by the Department of Lands, Forests and Mines, the said Department has submitted the sufficiency of the Auditor's objection to the Treasury Board for determination as provided by paragraph (c) subsection 1, section 13 of "The Audit Act" The facts as gathered from the correspondence between the Auditor and the Department may be briefly stated as follows:—

The Company through its solicitor, applied for certain mining locations on the 11th of September, 1898, covering an area of 4,501 acres.

This application lapsed under section 28 of the Mines Act, as it then stood; but no other applications have been made in respect of the same locations, the Company through its solicitor, on the 20th of March, 1899, applied for a renewal of its application from that date, and the next day, 21st March, 1899, the Company's solicitor paid to the Department of Crown Lands on behalf of the Company, \$3,700 as part payment of the first year's rental.

The Department of Mines accepted the renewal of the application on the 28th of March, 1899 and requested the applicants to file evidence as to pine timber.

Plans, etc., were filed on 20th October, 1899 and on the 10th of November, 1899, the Assistant Commissioner of Crown Lands advised the Company's solicitor that if the balance of the first year's rental amounting to \$801 was paid, leases could issue.

As the law then stood the Company on receiving leases would have been entitled to use such pine as was necessary for the purpose of mining, but for no other.

On the 5th of April, 1900, more than one year after the \$3,700 had been paid in on account of the first year's rental the company applied for the "Scattered pine" on the said mining locations.

And on the 17th of July, 1900, an Order-in-Council authorizing the sale was passed on the understanding that the timber was to be used merely for the purposes of the mines.

The Company attempted to sell the timber and on the 12th of September, 1900, another Order-in-Council was passed making it clear that the timber was to be used only on the lands of location. The Company contended that such was not the bargain and on the 2nd of October, 1900 tendered \$3,200 as purchase money for the timber and \$801 as balance of rental on the Mining location.

These sums the Department of Crown Lands refused to accept.

On August 15th. 1906, or soon afterwards, \$1,700 was refunded to the Company. The sum of \$223.00 was applied at the Company's request upon another location and the balance amounting to \$1,777 is the subject of the present application.

Having regard to the above facts, the whole question appears to be whether, under section 28 of the Mines Act, as it then stood and under the appropriation for refunds in the estimates for 1908, Vote 66, which reads as follows:—"For

payments made to the credit of the Department on account of uncompleted purchases, and afterwards returned to proposed purchasers on purchases not being carried out" there is Legislative authority for the refund suggested.

The Provincial Auditor contends that under section 28 of The Mines Act, the application having lapsed the money paid on account of first year's rental became forfeited and should not be refunded, the appropriation above referred to not covering "leases."

The Department of Lands, Forests and Mines on the other hand claim that the word "lapse" in the section merely meant that subsequent applications could be received in respect of locations and that the money was not forfeited nor intended to be, and that the appropriation above referred to Vote 66, of the estimates for 1908, was passed for just such cases as this.

The Board is of opinion that the money paid by the Company was not under the Mines Act, in specific terms forfeited to the Province and therefore that there is legislative authority for such refund. The Board is further of the opinion that the words "Purchases" and "purchasers" in the extract from the estimates for 1908, above referred to should be read as including "leases" and "Lessees." The Mines Act, permitting a lease to be turned into a estate in Fee on the lessee making certain payments.

Under the circumstances the Treasury Board direct that the said refund of One thousand seven hundred and seventy-seven dollars (\$1,777) be made to the said Onaping Gold Mining Company and that a cheque for the said amount in the Company's favour be issued forthwith.

Certified,

J. LONSDALE CAPREOL,

Clerk, Treasury Board.

ORDERS-IN-COUNCIL, AUTHORIZING THE ISSUE OF SPECIAL WARRANTS.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 12th day of June, A.D. 1908.

Upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of subsection (b) of section 13 of The Audit Act, a special warrant for the sum of Three hundred and fifty dollars (\$350)

be issued in favour of the Treasurer, the amount to be placed by him to a special account against which a cheque for the said sum may be issued in favour of Miss A. M. Baldwin and Mrs. L. M. Baldwin-Cooke, daughters of the late Colonel C. J. Baldwin, *re* losses of their farther in raising and equipping regiments during the rebellion in 1837-8 for which there is no legislative provision and necessity for payment of which is urgent and for the public good.

Certified,

J. LONSDALE CAPREOL,
Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 24th day of June, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated 16th June, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of section 13 (b) of "The Audit Act" a special warrant for the sum of Six hundred dollars (\$600) be issued in favour of the Honourable the Treasurer to be placed by him to a special account against which cheques may be issued for the payment of extra teachers in connection with the Ottawa Normal and Model Schools for which there is no legislative provision.

Certified,

J. LONSDALE CAPREOL,
Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 24th day of June, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated 21st May, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of section 13 (b) chapter 9, 8 Edward VII, a special warrant for the sum of Seven hundred and ten dollars (\$710) be issued in favour of the Honourable the Treasurer to be placed by him to a special account against which cheques may be issued for the

payment of expenses in connection with the erection of a Hose Tower at the Ontario Agricultural College for which there is no legislative provision, the expenditure being urgently and immediately required.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 12th day of June, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated 13th May, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of section 13 (b) Chapter 9, 8 Edward VII, a special warrant for the sum of One thousand five hundred dollars, (\$1,500) be issued in favour of the Honourable the Treasurer, the amount to be placed by him to a special account against which cheques may be issued for payments for contingencies, and for the services of extra Teachers in connection with the Ottawa Normal and Model Schools for which there is no legislative provision, and necessity for payment of which is urgent and for the public good.

Upon the recommendation of the Honourable the Treasurer the Committee of Council advise that under the provisions of subsection (b) of section 13, Cap. 9, 8 Edward VII, a special warrant for the sum of Seven hundred dollars (\$700) be issued in favour of the Provincial Treasurer, the amount to be placed by him to a special account against which a cheque may be drawn for travelling and other expenses of the Honourable Nelson Monteith, Minister of Agriculture to England, on official business.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the administrator of the Government of the Province of Ontario, the 19th day of August, A.D. 1908.

The Committee of Council have had under consideration the report of the Honourable the Minister of Agriculture, dated 18th August, 1908, wherein he states that on account of the railway blockade in February last, it was found necessary, after all arrangements had been made to postpone the Ontario Horse Breeders' Exhibition thereby necessitating additional expenditure for advertising and for work which had to be duplicated. Owing to the extra expenses the funds at the disposal of the Ontario Horse Breeders' Association have proved insufficient,

leaving a debit balance of Six hundred and four dollars and seventy-seven cents (\$604.77). To help meet this the Canadian Clydesdale Association made the Association an additional grant of Three hundred dollars (\$300). The Minister recommends that a special warrant for the sum of Three hundred dollars (\$300) be issued in favour of the Ontario Horse Breeders' Association under the authority of subsection (b) section 13, Cap. 9, 8 Edward VII., to meet the balance of the overdraft.

The Committee concur in the recommendation of the Minister and advise that the same be acted on.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order in Council approved by His Honour the Administrator of the Government of the Province of Ontario, the 28th day of August, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated 13th August, 1908, the Committee of Council advise that pursuant to the provisions of subsection (b) of section 13 of "The Audit Act" a special warrant for the sum of One thousand eight hundred dollars (\$1,800) be issued in favour of the Provincial Treasurer, to be placed by him to a special account against which cheques may be issued from time to time as required to meet payments in connection with the erection of a certain steel bridge across the Hudson Creek on what is known as the West Road in the 3rd Concession of the Township of Kearns, Temiskaming, there being no legislative provision for the said expenditure and the necessity for same being urgent and required for the public good.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Administrator of the Government of the Province of Ontario the 28th day of August, A.D. 1908.

Upon consideration of the report of the Honourable A. J. Matheson, acting for the Honourable Minister of Agriculture, dated 26th August, 1908, the Committee of Council advise that

pursuant to the provisions of subsection (b) section 13 of "The Audit Act" a special warrant for the sum of Eight hundred dollars (\$800) be issued in favour of the Provincial Treasurer to be placed by him to a special account against which cheques may be issued from time to time as required for the payment of the expenses of an exhibit of fruit at the Toronto Industrial Exhibition, there being no legislative provision for the said expenditure and the necessity for same being urgent and required for the public good.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 30th day of September, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of section 13, subsection 1, clause (b) of "The Audit Act," 8 Edward VII, Cap 9, a special warrant be issued for the sum of Seven hundred and ninety-eight dollars and forty-seven cents (\$798.47) to be placed by the Honourable the Treasurer to a special account out of which expenses may be defrayed in connection with the exhibit of the Minerals of Ontario at the Canadian National Exhibition recently held in the City of Toronto.

Certified,

M. CURREY,

Asst. Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant Governor, the 7th day of October, A.D. 1908.

Upon the recommendation of the Honourable the Minister of Education, the Committee of Council advise that pursuant to the provisions of subsection (b) section 13 of "The Audit Act" a special warrant for the sum of One thousand dollars (\$1,000) be issued in favour of the Honourable the Treasurer, to cover the payment of the salary of Mr. F. W. Merchant, who was by Order-in-Council of 17th July, 1908, appointed Chief

Inspector of Public Schools at Three thousand dollars (\$3,000) per annum to date from 1st September, 1908, there being no legislative provision for the payment of the above salary.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 30th day of October, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Agriculture, dated 28th October, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of subsection (b) section 13, Chapter 9, 8 Edward VII., a special warrant for the sum of Two thousand five hundred dollars (\$2,500) be issued to pay for the cost and collection of an exhibit of fruits and vegetable products of the Province of Ontario, at the exhibition of the Royal Horticulture Society to be held at London, England, on the 26th and 27th of November, 1908, its transportation, assistance in handling and setting up same and other expense incidental thereto, the amount to be placed by the Treasurer to a special account against which cheques may be drawn from time to time as required, there being no legislative provision for the above expenditure and the same being urgent and for the public good.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 30th day of October, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated 20th October, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of section 13, (b) of "The Audit Act" a special warrant for the sum of nine hundred and nine dollars and forty-nine cents be issued for the payment of the accounts of His Honour Judge Valin, the Commissioner, (\$166.50) and Chas. McCrae, Esq., Barrister, Sudbury, counsel for the Crown (\$742.99) *re* the inquiry into sev-

eral matters in connection with the construction, maintenance and operation of the Log Canal between Lakes Metagamasing and Wahnapiatae, there being no Legislative provision for the above expenditure, and the same being necessary and urgently required for the public good.

Certified,

J. LONSDALE CAPREOL,
Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 10th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Education, dated 2nd November, 1908, the Committee of Council advise that pursuant to the provisions of section 13 (b) of "The Audit Act" a special warrant for the sum of Two hundred and thirty-three dollars and twenty cents (\$233.20) be issued in favour of the Honourable the Treasurer to pay the salaries to the end of the year of Messrs. John C. Logan, A. F. Sprott and James W. Westervelt appointed as Writing Masters at the Ottawa, Toronto and London Normal Schools, there being no legislative provision for the payment of said salaries, the amount to be divided as follows:—

Ottawa Normal School	\$75 00
Toronto " "	75 00
London " "	83 20

Certified,

J. LONSDALE CAPREOL,
Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 19th day of November, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Lands, Forests and Mines, dated 4th November, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of subsection (b) section 13, chapter 9, 8 Edward VII, a special warrant for the sum of Two hundred and sixty-nine dollars and twenty-five cents (\$269.25) be issued in

favour of Messrs. Blight and Fielder of Chatham, Ontario, being a refund of the amount paid in by the said firm as security for the due performance of their contract in connection with the construction of a Dock at the Rondeau Provincial Park, there being no appropriation in the estimates of 1908, out of which such refund can be made and as the necessity for the said expenditure is urgent and for the public good.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 2nd day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated 4th November, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that under the provisions of subsection (b) section 13, of Cap. 9, 8 Edward VII, a special warrant for the sum of Three hundred and thirty-three dollars (\$333) be issued in favour of the Treasurer to meet two-thirds of the expenditure on certain roads designated in By-laws Nos. 43 & 44 of the township of Kerns prepared in pursuance of the Colonization Road Act, being One hundred and thirty-three dollars (\$133) under By-law No. 44 and Two hundred dollars (\$200) under By-law No. 43, said amount to be placed by the Treasurer to a special account against which cheques may be drawn, there being no legislative provision for the said expenditure and necessity for the same being urgent and for the public good.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

Copy of an Order-in-Council approved by His Honour the Administrator of the Government of the Province of Ontario the 17th day of December, A.D. 1908.

Upon consideration of the report of the Honourable the Minister of Public Works, dated 14th December, 1908, and upon the recommendation of the Honourable the Treasurer, the Committee of Council advise that pursuant to the provisions of

paragraph (b) subsection 1, section 13, Cap. 9, 8 Edward VII, a special warrant for the sum of Six hundred dollars (\$600) be issued in favour of the Treasurer, the amount to be placed by him to a special account against which a cheque may be drawn for the payment of the account of Messrs. McCarthy, Osler, Hoskin and Harcourt, Barristers, etc., Toronto, for professional services in connection with the revision of "The Ontario Game Protection Act," "The Ontario Fisheries Act," "The Consolidated Game and Fisheries Act," "The Temiskaming and Northern Ontario Railway Act," "The Act respecting Public Works of Ontario," "The Act for the Improvement of Public Highways" "The Municipal Drainage Act" and "The Act respecting the sale of Liquor near Public Works" there being no legislative provision for the said expenditure, and the necessity for same being urgent and for the public good.

Certified,

J. LONSDALE CAPREOL,

Clerk, Executive Council.

REPORT
OF THE
Minister of Lands, Forests and Mines
OF THE
PROVINCE OF ONTARIO
FOR THE YEAR
1908

*To His Honour THE HONOURABLE J. M. GIBSON,
Lieutenant-Governor of the Province of Ontario.*

MAY IT PLEASE YOUR HONOUR:

As required by law, I submit for the information of your Honour and the Legislative Assembly, a report for the year ending on the 31st December, 1908, of the management of the Crown Lands of the Province.

CLERGY LANDS.

The area of Clergy lands sold during the year was 109 acres, aggregating in value \$60. The collection on account of these and former sales amounted to \$1,642.05. (See Appendix No. 3, page 6.)

COMMON SCHOOL LANDS.

The area of Common School lands sold during the year was 107 acres for \$766.80. The collection on account of these and sales of former years was \$5,890.96. (See Appendix No. 3, page 6.)

GRAMMAR SCHOOL LANDS.

The area of these lands sold during the year was 50 acres for \$40. The collection on account of these land sales in former years was \$433.65. (See Appendix No. 3, page 6.)

UNIVERSITY LANDS.

The area of these lands sold during the year was 3,109½ acres, for \$1,594.87. The collection on account of these and sales of former years was \$1,015.78. (See Appendix No. 3, page 6.)

CROWN LANDS.

There have been sold for agricultural purposes during the year 74,911½ acres, for \$62,656.43. The collection on account of these and former sales was \$59,360.14. There were sold for mining purposes 7,559 acres, for \$18,842.90, and collected on account of mining sales, \$23,445.30.

There were leased for mining purposes 4,917 acres, for \$4,877.57. There was collected on account of mining leases, \$20,611.81. There were 3,865 acres of Crown Lands leased for other than mining purposes. The collection on account of these and former leases was \$6,165.56. The total area of land disposed of during the year was 94,628 4/5 acres. The total collection on account of lands sold and leased during the year was \$118,565.25. (See Appendix No. 3, page 6.)

During the past few years settlement has flowed into what is called the "Temiskaming Region," that is the country lying north and west of Lake Temiskaming, and there are now a number of prosperous settlements through that country. Ever since the exploration of 1900 public attention has been from time to time called to what has been described as the "Clay Belt," which is an area of some sixteen millions of acres of good farming land, reported by the exploration parties as lying on the Hudson Bay slope. Owing to the distance of this land from the settled parts of the Province and want of communication, no settlement had gone in there, and by some even the existence of this large area of good land was regarded as mythical. The Department, in order to satisfy itself as to the character of the country, has been running base and meridian lines through the "Clay Belt" region, and the result of these surveys having demonstrated that the land is as good as reported, the Department has surveyed one hundred and twenty townships, containing 2,625,000 acres, in what is known as the "Clay Belt." In addition to subdividing these townships, it has by survey blocked out in nine mile townships one and a half millions of acres additional. These surveys were made so that the country might be opened for settlement promptly, as soon as circumstances warranted that action. The reports of the surveyors who ran the base and meridian lines and blocked out the townships, shows the land in that region to be even better in quality than the reports of the explorers led us to expect.

For some years the Temiskaming & Northern Ontario Railway has been extending in the direction of this "Belt" with the ultimate idea of tapping it in a few years. The immediate construction of the Transcontinental Railway, which it was found would traverse the "Clay Belt" from east to west, a distance of some four hundred miles, and which gave assurance of great development and enormous traffic, caused the immediate construction of the Temiskaming and Northern Ontario Railway to become a necessity, so that settlement might flow in from the older parts of the Province, and that the population of that region should have easy communication with the Seat of Government of Ontario. So much energy was displayed by the Temiskaming and Northern Ontario Railway Commission that last autumn the Province's railway was constructed to the town of Cochrane, which is its junction point with the Transcontinental. The Railway Commission also

laid out a townsite at the junction point, and offered lots for sale. A great many lots were purchased by parties for business purposes, and it is expected that a town of considerable importance will immediately spring up there. The building of the Temiskaming & Northern Ontario Railway, the construction of the Transcontinental and the creation of a townplot there, caused population to flow in, and it became necessary to provide for those who desired to settle. This was done by opening a number of townships along side the lines of the Temiskaming & Northern Ontario Railway and the Transcontinental, and the establishment of Crown Lands Agencies at the towns of Matheson and Cochrane. The nucleus of a strong settlement has already been formed at Cochrane, and with the large population that will flow in for railway construction purposes good markets will be created for everything that can be grown, and the success of those who engage in farming pursuits there would seem to be assured. When the whole "Clay Belt" is opened from east to west by the construction of the Transcontinental and other railways, there is every reason to believe that that region will become one of the best agricultural regions of the Province. The townships open for sale in that locality now are Lamarche, Brower, Clute, and Glackmeyer, which are attached to the Cochrane Agency, and the townships of Bowman, Hislop, Benoit and Walker, which are attached to the Matheson Agency. Other townships will be added to these Agencies from time to time as necessity arises.

FREE GRANTS.

The following townships were added to the Free Grant list during the past year: Airy and Murchison, in the District of Nipissing; Mutrie, in the Rainy River District; Burns, in the County of Renfrew; Capreol, in the District of Sudbury, and Aberdeen, Galbraith and Lefroy in the District of Algoma. 2,110 persons were located for 297,543 acres of land, and 384 people purchased 14,480 acres under the Free Grant Regulations. 1,089 patents were issued for locations on which the settlement duties had been completed. The number of locations is the largest in the history of the Department since Confederation, except one year when there were five more locations only than have been made this year. There are now 231 townships on the Free Grant list. The Department has been endeavoring to see that only land suitable for farming purposes is sold or located. It has established a system of inspection of all lots applied for, so as to be satisfied that there is a sufficient proportion of good land to warrant the belief that the lots are being taken for farming purposes. Under the legislation of last Session, inspections have been made as applied for, and, if the circumstances warranted it, the minerals have been released, and also small quantities of pine timber, where the lands were not covered by timber license.

MILITARY GRANTS.

Four hundred and eight Military Certificates were issued during the year. This brings the total number of certificates granted under 1 Ed. VII., Cap. 6, to 13,958. Location certificates issued previous to this year were confirmed to the extent of 350. Altogether, 1,100 new locations were made during the year, bringing the number of locations under the Act up to 6,845. 625 Military Certificates have been surrendered to the Crown for the \$50 each commutation money, making a total of 3,050 disposed of in this way. Patents have been issued for 700 military grants, making a total of 2,005 patents issued to date. Where military grants have been taken subject to

settlement duties, it has been considered proper to call upon the locatees to file evidence showing that they are in actual occupation and the nature of the duties they have performed.

Mining Industry.

There was much activity in the raising of ores and minerals in Ontario in 1908, and the total value of the output of mines and mineral works was again the largest yet recorded. The aggregate production amounted to \$25,616,795, as compared with \$25,019,373 in 1907. Silver and nickel were the principal items in the list of metals, the yield of the former being 19,401,021 ounces,—practically all from the mines of the Cobalt camp—and of the latter, 10,175 tons, by far the larger proportion of which came from the deposits of the Sudbury region. The low prices which prevailed throughout the year depressed the value of the silver production, which was returned at \$9,116,008. It may be pointed out that Ontario now occupies a leading place among the silver-producing countries of the world, having contributed about one-ninth of the entire reported production in 1908. There was raised and shipped from the mines of Cobalt last year 24,453 tons of ore (including concentrates), which was considerably more than the total production up to the end of 1907. The average contents of the shipments for 1908 was 793 ounces of silver per ton, compared with 806 ounces up to 31st December, 1907. The principal producing mines were largely the same as before, viz.: Nipissing, La Rose, O'Brien, Kerr Lake, Coniagas, Temiskaming and Hudson Bay, Temiscamingue, Buffalo, Tretheway, Drummond, McKinley-Darragh-Savage, Cobalt Silver Queen, City of Cobalt, Standard Cobalt, Right of Way, Silver Leaf. The Crown Reserve mine, situated in the bed of Kerr Lake, began production in 1908, and was a heavy shipper of rich ore. A considerable proportion of the ore produced at Cobalt, especially of the richer grades, is now treated in the Province, in refineries situated at Copper Cliff, Deloro, Thorold and Trout Lake.

Development work was carried on in the silver districts of South Lorrain, James Township, Elk Lake and elsewhere in the Montreal River region, but owing largely to the greater distance of these camps from transportation facilities as compared with Cobalt, progress is at a slower rate. The latest discoveries of silver were on the west shore of Lake Gowganda, where some rich finds were made during the year, and where there will undoubtedly be much development in 1909. Exploration has been pushed on into the country adjoining Welcome, Burwash and Shining Tree Lakes.

The production of nickel in 1908 was valued at \$1,866,059, and of copper \$1,071,140, the bulk of these metals being contained in the mattes made in the furnaces of the Canadian Copper Company and the Mond Nickel Company. The iron mines of Ontario yielded 216,177 tons of ore last year, worth \$574,839, and there was made at the blast furnaces 271,656 tons of pig iron, valued at \$4,390,839.

The mining industry is dealt with more fully in the Eighteenth Report of the Bureau of Mines.

Collections.

The total collections of the Department from all sources was \$2,430,429.39. Of this amount \$23,445.30 was derived from mining lands; \$218,071.96 from royalties; \$1,786,338.99 from woods and forests; \$125,078.06 from supplementary revenue; \$71,721.39 from mining licenses, and \$66,008.71 from recording fees. (See Appendix No. 4, page 7.)

DISBURSEMENTS.

The gross expenditure of the Department for all services during the year was \$637,293.30. The principal services were: Agents' salaries and disbursements, \$48,942.24; forest ranging, \$53,823.28; fire ranging, \$119,734.26; forest reserves, \$46,970.97; mines and mining \$21,375.12; exploration and investigations, \$14,924.24; mining recorders, \$8,349.21; surveys, \$146,370.92; veterans' commutation, \$29,995.83; provincial mines, \$30,648.16; refunds, \$19,145.89; parks, \$17,113.89; contingencies, \$42,230.99. (See Appendix Nos. 6 and 7, pages 9 to 44.)

WOODS AND FORESTS.

The total revenue from woods and forests was \$1,786,338.99, consisting of bonus, \$100,879.39; timber dues, \$1,618,242.58; ground rent, \$65,150.87, transfer fees, \$2,066.15. (See Appendix No. 4, page 7.)

The revenue from timber dues was the largest in the history of the Province. Of this amount, however, \$196,000 accrued during 1907, but owing to financial stringency, payment was not enforced during that year. The collections proper for 1908 were \$1,224,243, and we carried forward into 1909 \$235,368, owing to inability of lumbermen to pay. In the history of the Department it has never been the practice to insist upon payments being made if the parties were shown to be in circumstances where the enforcement would ruin them. They were extended every leniency if the security was sufficient, interest at the rate of six per cent. per annum being charged on all balances unpaid at the end of the year. The situation of the lumber trade has slowly improved during the past year, and the recent stringency would seem to be passing away. One effect of the stringency of last year has been the curtailment of the output of the present winter, as from reports received the output of this year will be very much below that of last.

FIRE RANGING.

The fire ranging system at present in operation in Ontario was organized in 1885. Prior to that, though the Act to preserve the forest from destruction by fire was on the Statute Book, very few people knew anything about it, as those who travel in the forest are not usually in possession of the Statutes of Ontario. In the year 1885 it was thought that if a number of men of good judgment were placed on duty during the summer months as fire rangers they would be useful in bringing a knowledge of the law to all who travel in the forest, and in other ways bring about a better state of affairs than then existed, and so the present system of fire ranging was inaugurated in that year.

In establishing the system, the first consideration was the selection of the men, as unless all-round, good men were obtained, the system would certainly prove a failure. The timber licensees, having a large interest in the preservation of the timber on their licensed limits, it was laid down as a *sine qua non* that they should pay one-half of the wages and expenses of the men who might be selected, and as they had in their employment men who were familiar with their limits, knew the danger points and the class of people resident upon or frequenting them, it was thought it would be wisdom to let the licensees select the men for their own limits, thus making them responsible for the character of the men they selected, and for keeping more or less surveillance of them while they were in the field. In order to clothe them

with authority under the law, the Department appointed these rangers "Bush and Fire Rangers," the Statute providing that such officers should be ex-officio officers to enforce the provisions of the "Act to Preserve the Forest from destruction by Fire."

The rangers were instructed by the Department as to how they were to perform their duties. They were also supplied with diaries in which they had to enter their movements from day to day, and anything of importance occurring on the territory under their charge. They were supplied with large poster copies of the Fire Act printed on linen, which they had to post up on roads, portages and other places where there was travel passing. They were also supplied with small pamphlet copies of the Act, which they were instructed to hand to all parties or persons with whom they came in contact, such as surveyors, foremen of river drives, prospectors, explorers, hunters, summer tourists, etc., etc. By these means, it was thought that a knowledge of the law would become general, and that it would cease to be the dead letter it had been from its passage through Legislature. The rangers were instructed to take the names and addresses of all those with whom they came in contact, and in addition to handing them a copy of the Act, to impress upon them the necessity for being careful in the use of fire, and its extinguishment, when it had served its purposes, particularly when they were moving camp, or cooking meals en route. They were cautioned to be conciliatory in their manner and not to be over-bearing or abusive to settlers or others, it being recognized that a great deal could be done by moral suasion, and the enlistment of the sympathy and good-will of those using fire in travelling through the forest. In addition to the foregoing, instructions were given them as to the course to pursue in the event of a fire breaking out, by which they were required to report at once to the licensee and the Department the extent of the damage done, the locality in which the fire occurred, the expenditure in extinguishing it, and the nature and quantity of the timber damaged, so that steps might be taken to lumber it before it became a loss.

The system was started in 1885 as an experiment with few men and a small appropriation; it worked so well that immediately, with few exceptions, the licensees all took advantage of it, and so the territory under license was guarded in the summer time. At the end of the season, each ranger had to report the fires which had occurred on the territory, the locality in which they took place, the cause thereof, if it could be ascertained, and the loss of timber which ensued. The timber licensees were asked to report on the service: if in their opinion it had been efficient or had served its object, and where they thought it weak, and they were also invited to suggest how it might be strengthened and made more effective. The system has been in operation for nearly twenty-five years in the Province of Ontario. From time to time improvements have been made, and it has been strengthened at various points. It is not too much to say that it has been successful, and has met the approval of those most interested and most familiar with its working. One of the improvements has been, that power was taken to appoint fire rangers on lands where the licensee had failed to do so, charging the expense of same against the licensee. This action was taken because it was not considered fair that the man who paid for rangers on his own territory to protect it, should be exposed to the danger from fire running in from an adjoining limit, the owner of which was either too parsimonious or too careless to put on the necessary rangers. Then it was thought that it would be well to get a closer grasp of the work as performed in the field, and the licensed territory was accordingly divided into districts and a supervising

fire ranger appointed over each, whose duty it was to visit every fire ranger as often as possible for the purpose of seeing that he was performing his duty effectively and not engaged in any other work except fire ranging. The Department is always pleased to receive suggestions as to the improvement of this service, and to give consideration to whatever appears desirable for that purpose. The only recent suggestions of any importance have been that the number of men should be increased, and that their pay should be added to. The Department considers that the territory is pretty well guarded now, except perhaps in a few dangerous localities, as to which special action can be taken, and as to the increased remuneration, the Department feels that it should be undertaken by the parties receiving the largest proportion of benefit from the service, that is the timber licensees.

Later on, when settlement had extended further back and railway construction had assumed larger proportions and the discoveries of minerals had sent an army of prospectors into the forest, it became expedient to appoint fire rangers on the unsold territory of the Crown. The railways were found were the cause of great losses of timber by fire. In some instances, the survey parties were careless and allowed fires to remain unextinguished when moving, which spread and did serious damage. Then the disregard of the Fire Act as to the proper appliance to be fixed to locomotives created an additional danger. The Department tried the experiment of putting rangers along a line of railway, which was under construction through a densely timbered region, and became satisfied by that experiment that fires need not occur in railway construction if proper care was exercised. So legislation was obtained which enabled the Department to put rangers along lines of railway through the back country wherever it deemed the same were necessary, and to make the railway company pay the cost of the protection. Even in districts where construction was completed and the railway was running through a densely timbered region, the Department took the precaution of placing rangers, supplying them with railway velocipedes so that they could follow the trains from one section to another and so on, so that if a fire started from sparks or the dropping of coals by the locomotive, it might be put out before it assumed large proportions.

Of course, forest fires have occurred in spite of all the care and efforts we have made to prevent them. It is impossible to watch every one of the thousands of people who are wandering through the forest during the dry period, many of them reckless and careless as to the danger of leaving fires burning when they move camp, etc., etc. The ideal state would be to keep every body out of the forest, allowing no burning by settlers for clearing land during the summer months, etc., and that is what some people think should be done. Practically, this cannot be done; in the very nature of things, it would stop the clearing up of the lands for farming, create bad feeling and lead to the setting out of fires with malice, which can be easily done without discovery in an immense forest area. The ideal state being unattainable, practical efforts have been made to improve the situation, and the belief of the Department is that a sound public opinion has been created upon this question among the denizens of the forests, that consequently forest fires are neither so frequent nor so disastrous as they used to be, and that the situation is yearly improving. As before said, the system has never been regarded as perfect, and we are consequently frequently inquiring of those experienced in such matters as to suggestions whereby the system can be made more effective. Last year we had some serious fires, but no great losses took place; where the timber was damaged we were able to offer it for sale before it became a loss. The reports we have received from timber

licensees do not show any serious loss on licensed lands, and where the damage has occurred, they too, having prompt reports from the fire rangers, were able to arrange to cut the damaged timber before it went to waste.

On licensed territory we had last year 376 men, at a cost of \$46,621.45: on railways, 147 men, at a cost of \$53,236.71; on lands of the Crown, 58 rangers, at a cost of \$17,398.52. Then, the licensees paid an equal amount to ours for rangers on licensed lands, viz.; \$46,621.45. On Forest Reserves we had 111 men, costing \$45,805.18, so that there were on duty as fire rangers in the forest during the summer months, 692 men, at a cost of \$209,682.29.

PARKS AND RESERVES.

In recent years the desire of the Department has been to separate areas valuable for their pine timber into forest reserves and close them against settlement, etc. We have also created one or two parks, partly for this, and partly for other reasons.

The first park established in the Province was the Algonquin Park. At the time it was established, the territory covered by it was all under timber license, part of it for the cutting of all kinds of timber and part of it for the cutting of pine timber only. A careful inspection was made of this territory, and finding it was unsuitable for agricultural purposes, contained a network of rivers and lakes, covered the head waters of seven or eight important streams, it was felt that it would be a public benefit to withdraw it from settlement, put a staff of rangers in it in order to protect it from trespass and fire, as well as to preserve the game, and as far as possible keep it in a state of nature. This park is to-day one of the most beautiful parks to be found anywhere, containing miles of beautiful lakes and rivers, on which the lover of the forest may roam through what has been well called a "Lacustrine Paradise." The game has been preserved, indeed the forest is alive with game, moose being plentiful, and that most interesting of all Canadian wild animals, the beaver, is to be found surrounded by his family, as industrious in hydraulics as he ever was. If the people of this Province generally knew what a marvellously lovely spot this park is, and so easy of access, they would certainly take advantage of the opportunity of spending their summer holidays in this quiet locality, surrounded by a typical Canadian forest. In this park we have a chief ranger with a staff of rangers under him to prevent fire and trespass, enforce the game and fishery laws and cut out portage roads from one lake to the other. These rangers are always courteous and obliging to visitors and endeavor to give them all information, which shall enable them to visit different parts of the park. The area of this park is 1,216,000 acres.

Rondeau Park: This is a small park containing about 5,000 acres. It is situated in one of the garden counties of Ontario, the County of Kent, on the shores of Lake Erie. Here is to be found specimens of all the ancient forest trees of Ontario, which it is almost impossible to find in any other locality. It is a favourable resort for picnic parties from the surrounding neighborhood, and is an ideal spot for such outings. There is a Superintendent in charge, and small lots are leased at a moderate rental by the Department for cottage sites.

The Temagami Forest Reserve, the most important in the Province, contains a large quantity of pine timber, which has been estimated at from three to four billions of feet. The pine timber is of good quality, and easily lumbered, part of it can be driven down to Ottawa City, and also to the Georgian Bay of Lake Huron. It is being blocked out by surveys, and the quantity

of timber on these blocks is being estimated from year to year for the purpose of ascertaining with closeness the actual quantity of timber there is in the reserve. There is a chief ranger in charge of this reserve, who had under him last year a staff of seventy rangers, at a cost of \$30,000. There were no serious fires in the reserve although in the vicinity of Gowganda Lake, there was a fire that did some damage. The quantity of timber was estimated and offered for sale and was sold for \$18 a thousand bonus, in addition to the Crown dues of \$2. This reserve has been carefully protected, but it is the subject of a good deal of anxiety just now. The pine timber is growing on the surface, and beneath it there are silver mines. Thousands of prospectors have gone in there, which will render a large increase in the ranging staff necessary. The area of this reserve is 3,563,600 acres.

The Nipigon Reserve has an area of 4,670, 080 acres. There is a considerable body of pine in this reserve, but it was to protect the spruce and pulpwood growing on this area and to preserve the game and fish that it was primarily set apart. Here there is a chief ranger with a staff under him. Owing to the construction of the Transcontinental Railway, there is a continual stream of travel through this reserve, as the line of construction runs through the north end of it. There have been some fires during the year, but none have done any serious damage. Twenty-two rangers were on duty there last year at a cost of about \$9,000.

Thunder Cape Reserve is a small reserve, eighty miles in extent, which was set apart to protect the timber on the promontory called Thunder Cape. The Crown Timber Agent at Port Arthur is in charge of this reserve.

The Mississaga Reserve is situated on the tributary to the Mississaga River, which flows into the Georgian Bay of Lake Huron. This reserve contains 1,920,000 acres. The quantity of pine timber on this reserve is estimated at from three to four billions of feet. There is no settlement or mining in this vicinity, and therefore it is reasonably safe from fire. The Department is also blocking this reserve out by survey and estimating the blocks so as to get an accurate idea of the quantity of pine timber in it. We had a supervising ranger and staff of twenty-two rangers under him on duty in this reserve last year at a cost of about \$7,600.

There is a large block of timber lying on the Quetico River, in the Rainy River District, which it is under contemplation to create into a forest reserve. The estimated quantity of timber on this area is about one and a half billions of feet.

CULLERS' EXAMINATIONS.

Cullers' examinations were held at North Bay, Kenora, Arnprior and Sprague. 47 candidates were successful at these examinations and were granted certificates authorizing them to act as Cullers. (For list of Cullers see Appendix No. 45, page 119.)

CROWN SURVEYS.

The following Crown surveys have been undertaken this year:—

Instructions for subdivision of thirteen townships were issued. The names of these townships and the respective districts in which they are situated are as follows:—

District of Nipissing:—Part of Maisonneville and Benoit, townships of Skead, Bonis, Berry, Steele. District of Sudbury:—Townships of Haggart and Kingsmill. District of Algoma:—townships of Fleck and Sankey. District of Thunder Bay:—township of Fralceigh. District of Rainy River:—townships of Morson and Umbach.

Instructions also issued for a number of base and meridian lines which were run out during the year. In the Mississauga Forest Reserve, District of Algoma, 319 miles were run. In the Temagami Forest Reserve, in the District of Nipissing, 140 miles were run. In the District of Algoma and Thunder Bay, 153 miles were run. In the District of Sudbury, 27 miles were run.

The outlines of Block No. 7, in the Thunder Bay and Rainy River Districts, set apart in accordance with the provisions of Statutes of Ontario, 4 Edward VII., Chapter 18, along the Thunder Bay Branch of the Grand Trunk Pacific Railway, was also defined upon the ground, 48 miles having been run.

The Gillies Timber Limit, in the District of Nipissing, was also subdivided into blocks of the normal area of 640 acres each.

A number of timber berths in the Districts of Algoma, Nipissing, Rainy River, have been surveyed during the year.

The town sites of Brower, Smyth and addition to Smyth, both in the District of Nipissing, have also been surveyed.

Several other minor surveys have been performed.

The reports of the surveyors of the base and meridian lines in the Clay Belt in Northern Ontario confirm the favorable impression of former reports as to the adaptability and fertility of the soil for agricultural purposes.

The surveyors' reports so far as received and examined will be found in Appendices 18 to 42 inclusive, pages 61 to 113, inclusive.

MUNICIPAL SURVEYS.

On the petitions of the municipal councils of the City of Port Arthur, County of Waterloo, County of Wellington, Township of Barton, Township of East Oxford, Township of Ross, Township of Houghton, United Counties of Stormont, Dundas and Glengarry, Township of East Luther, instructions have issued to survey certain streets in the City of Port Arthur, to survey part of the line between the Township of Waterloo and the Township of Guelph, to survey the original allowance for road between broken front and 1st concession of Barton, to survey a portion of road allowances between the 3rd and 4th concessions of the Township of East Oxford, to survey a portion of the road allowance between the 7th and 8th concessions in the Township of Ross, to survey the road allowance between lots 7 and 8 east of the North Road, Township of Houghton, to survey the boundary road allowance between the Townships of Osnabruck and Cornwall, to survey certain lots in the 14th concession of the Township of East Luther.

The following municipal surveys have been confirmed under the provisions of the Revised Statutes of Ontario, 1897, Chapter 181, sections 14 and 15, such surveys being final and conclusive. The allowance for road forming the boundary between the Townships of Osgoode and Mountain. Certain block of land in the Town of Blind River, District of Algoma. Certain line in the Township of Hinchinbrooke, in the County of Frontenac.

Particulars relating to these surveys will be found in Appendices No. 14 and 15, pages 54 to 56, inclusive.

MINING AND OTHER SURVEYS.

The Mining Act of Ontario requires that applicants to purchase or lease mining lands in unsurveyed territory shall file in the Department, surveyor's plans (in triplicate) of their proposed mining claims with field notes

and description by metes and bounds, before any sale or lease can be carried out, and under Orders-in-Council, dated February 26th, 1906, 2nd October, 1907, 7th November, 1907 applicants to purchase islands, or locations for pleasure and summer resorts or for agricultural purposes in unsurveyed territory, are required to file surveyor's plans (in triplicate) of their islands or locations as the case may be, with field notes and descriptions by metes and bounds, together with the necessary affidavits as to there being no adverse claim by occupation or improvement, etc.

Under the above Act, Orders-in-Council and Regulations in the Districts of Parry Sound, Nipissing, Sudbury, Algoma, Thunder Bay, Rainy River, an area of 10,708.98 acres has been sold and patented during the year for which the sum of \$38,077.89 has been received, and an area of 404 $\frac{1}{4}$ acres has been leased at \$1 per acre for the first year's rental.

F. COCHRANE,
Minister.

Department of Lands, Forests and Mines,
Toronto, December 31st, 1908.

APPENDICES.

W. C. CAIN,
Clerk in Charge.

AUBREY WHITE,
Deputy Minister.

Appendix No. 14.

Statement of Municipal Surveys for which instructions issued during the year 1908.

No.	Name of Surveyor.	No.	Date of Instructions.	Description of Survey.
1	A. L. Russell...	663	Jan. 28, 1908 ...	To survey certain streets in the city of Port Arthur, in the district of Thunder Bay, including North and South Water Streets, Cumberland Street, Court Street and Algoma Street, and all intersecting Streets between John Street and McVicar Street, and to have the corners of the streets marked by iron bars duly planted thereat.
2	C. D. Bowman .	664	Feb. 5, 1908....	To survey part of the line between the township of Waterloo in the county of Waterloo and the township of Guelph in the county of Wellington, from the north easterly angle of the township of Waterloo, southerly along the easterly limits of lots 97, 98, 99 and 100 of the German Company tract of Waterloo, and to mark by stone or other permanent monuments at the several corners in the easterly limit of the said township of Waterloo, and also at each end of the several concession lines of the township of Guelph abutting on said boundary between the said points.
3	E. G. Barrow ..	665	May 2, 1908.....	To survey the limits of the original allowance for road between the broken front and the first concession of the township of Barton, in the county of Wentworth, known as the base line, and now within the limits of the City of Hamilton, said survey to be made from the intersection of the said base line with the allowance for road between lots Nos 4 and 5 in the said township of Barton, known as Ottawa Street, to the westerly terminus of such base line, and that durable monuments be placed marking the limits of the original allowance for road between the above points.
4	W. H. Fairchild	666	May 2, 1908.....	To survey the road allowance between the 3rd and 4th concessions of the township of East Oxford, in the county of Oxford, across lots Nos. 16 to 18 inclusive, or as much farther on either side as may be necessary to find an original monument, and to mark the road allowance across lots Nos. 16 to 18 inclusive, with permanent monuments on each side of said road allowance.
5	H. J. Beatty....	667	Sept. 21, 1908...	To survey the portion of the road allowance between the 7th and 8th concessions of the township of Ross, in the county of Renfrew, extending from lot No. 22, or as near thereto as the original post can be found to the town line between Ross and Horton, and to establish the same by planting permanent monuments on either side of the said allowance for road.
6	W. H. Fairchild	668	Nov. 6, 1908....	To survey the road allowance between lots Nos. 7 and 8, east of the North Road, in the township of Houghton, in the county of Norfolk, and to establish the same by planting permanent monuments on either side of said road allowance.

Appendix No. 14.—Concluded.

Statement of Municipal Surveys for which instructions issued during the year 1908.

No.	Name of Surveyor.	No.	Date of Instructions.	Description of Survey.
7	Geo. L. Brown .	669	Dec. 21, 1908 . . .	To survey the boundary road allowance between the townships of Osnabruck and Cornwall, and to have the said boundary marked by permanent stone or iron monuments at the expense of the municipality of the township of Osnabruck, in the county of Stormont.
8	Isaac Traynor . . .	670	Dec. 31, 1908 . . .	To survey lots Nos. 28 to 32 inclusive, in the 14th concession of the township of East Luther, and also the side road between lots 30 and 31, in the said 14th concession, and to plant permanent monuments at the angles of the said lots on each of the said side road allowance.

GEORGE B. KIRKPATRICK,
Director of Surveys.

AUBREY WHITE,
Deputy Minister of Lands and Forests.

Appendix No 15.

STATEMENT OF MUNICIPAL SURVEYS CONFIRMED DURING THE YEAR 1908.

No.	Name of Surveyor.	No.	Date of Instructions.	Description of Surveys.	Date when confirmed under R. S.O., 1897, Chap. 181, secs. 10 to 15, inclusive.
1	John H. Moore..	653	October 14, 1904.....	To survey the allowance for road forming the boundary between the Township of Osgoode in the County of Carleton, and the Township of Mountain in the County of Dundas, and to mark the limits of the said original road allowance by permanent stone or iron monuments on each side of the said original road allowance.	June 19, 1908.
2	Thos. Byrne....	661	September 24, 1907.....	To survey the Block of land situate in the Town of Blind River bounded by Michigan Avenue, Hanes Avenue, Lakeside Avenue and Centre Street, and to define the same by permanent monuments planted at the angles of the said Block as well as elsewhere along the lines of said Block as may be necessary.	March 16, 1908.
3	E. T. Wilkie....	662	October 3, 1907	To survey the line between lots 5 and 6, concession 3, in the Township of Hinchinbrooke, in the County of Frontenac, and to plant permanent monuments at the front and rear angles of said line.	October 21, 1908.

GEORGE B. KIRKPATRICK,
Director of Surveys.

AUBREY WHITE,
Deputy Minister of Lands and Forests.

Appendix No. 16.

Statement of Crown Surveys in progress during the year 1908.

No.	Date of instructions.	Name of surveyor.	Description of survey.	Amount paid.
1	May 28, 1908..	T. D. Green.....	Survey of township of Umbach, District of Rainy River	2,400 00

GEORGE B. KIRKPATRICK,
Director of Surveys.

AUBREY WHITE,
Deputy Minister of Lands and Forests

Appendix No 18.

TOWNSHIP OF HAGGART, DISTRICT OF SUDBURY.

PETERBOROUGH, ONT., November 25, 1908.

SIR,—I have the honour to report the completion of the survey of the township of Haggart, in the District of Sudbury, performed under instructions from your Department, dated June 2nd of this year. I beg to submit also the field notes and plans of the township, all of which I trust will be found complete and satisfactory.

As instructed I commenced the survey at the southwest angle of the township of Kendrey, from this point I chained northerly along the east boundary of the township making the first two concessions fifty-nine chains and fifty links each in depth. Owing to the line in the centre of the road allowance between concessions four and five having been previously surveyed by the Messrs. Patten & Speight, concessions three and four have a depth of sixty chains and four links each on the east boundary, concession five and six were given a depth of fifty-nine chains and fifty links on this line. From the points thus established I ran the lines in the centre of the road allowances between concessions two and three and six and seven due west astronomically to the west boundary; the various side lines were run north and south astronomically to the north and south boundaries respectively from the base line previously established by Messrs. Patten & Speight. The north boundary I ran due west astronomically from the northwest angle of the township of Kendrey. The lines in the centre of the road allowances between concessions eight and nine and ten and eleven were run east and west astronomically from side road line between lots twelve and thirteen.

As will be seen by the plan, I did not run the side line in the centre of the road allowance between lots eighteen and nineteen through concessions five and six, as I thought it better to leave lot eighteen extend to the road allowance along Departure Lake.

To all the regular lots I gave a uniform width of twenty-five chains and twenty-five links allowing a side road allowance of one chain in width between lots six and seven, twelve and thirteen, eighteen and nineteen, and twenty-four and twenty-five; also a half road allowance of fifty links along the west side of the east boundary and along the east side of the west boundary. A road allowance of one chain in width was also allowed for between each alternate concession; namely, between concessions two and three, four and five, six and seven, eight and nine, and ten and eleven. A half road allowance of fifty links was also allowed for along the north side of the south boundary and along the south side of the north boundary.

Good posts made of the most durable wood to be had in the vicinity were planted along the various concession lines between the lots, one on the line itself as a guide post with the numbers of the lots cut on the east and west sides and the letter "R" cut on the north and south sides, one fifty links north of the guide post; and one fifty links south of the guide post with the numbers of the lots cut on the east and west sides and the number of the concessions or "R" cut on the north or south sides as the case might be. At the intersection of the centre lines of the different side road allowances with the centre line of the different concession road allowances, good posts were also planted with the letter "R" cut on the north, south, east and west sides. Good posts were also planted at the

angle of each of the four adjoining lots, with the number of the concession cut on the north or south side as the case might be, and the number of the lot cut on the east or west side as the case might be, and the letter "R" cut on the two sides facing the concession and side road allowances, these posts were planted at a distance of fifty links from the centre of the side road allowances and fifty links from the centre of the concession road allowance.

Where the front angle of a lot fell in a lake or in the Poplar Rapids or Muskego River, the posts were projected to the proper points on the north or south, or on the north and south shores thereof, these points were planted at a perpendicular distance of one chain from high water mark. Witness posts with the number of the lots marked on the east and west sides were also placed at high water mark, and where they were to be had several trees in the vicinity were blazed in a conspicuous manner. A road allowance of one chain in perpendicular width is allowed for along each side of the Muskego and Poplar Rapids Rivers, also around all large lakes and around all lakes cut by the concession and side road allowances. All these road allowances are marked by good durable posts planted on the lines of survey, with the letter "R" cut on the side facing the road allowance.

To all posts with the exception of the guide posts, the witness posts, and the posts defining a road allowance, suitable bearing trees were taken, full descriptions of which will be found in the field notes.

In order to make the survey more permanent in case of the destruction of the wooden posts by fire, iron posts of the following dimensions and marked with a cold chisel were placed at the following points:—

An iron post one and seven-eighths inches in diameter and three feet long at the northwest angle of the township with the name "Haggart" cut on the southeast side, "Con. XII." on the south side, "Lot XXVIII." on the east side, and "R" on the north, south, east and west sides.

An iron post one and one-quarter inches in diameter and three feet long at the intersection of the line in the centre of the road allowance between concessions six and seven with the west boundary line marked "Con. VII." on the north side, "Con. VI." on the south side, "Lot XXVIII." on the east side, and the letter "R" on the north, south, east and west sides.

An iron post one and one-quarter inches in diameter and three feet long on the north boundary line at its intersection with the line in the centre of the road allowance between lots twelve and thirteen marked "Con. XII." on the south side, "Lot XII." on the east side, "Lot XIII." on the west side, and the letter "R" on the north, south, east and west sides.

An iron post one and one-quarter inches in diameter and three feet long at the intersection of the line in the centre of the road allowance between concessions six and seven, with the line in the centre of the road allowance between lots twelve and thirteen marked "Con. VII." on the north side, "Con. VI." on the south side, "Lot XII." on the east side, "Lot XIII." on the west side, and the letter "R" on the north, south, east and west sides.

An iron post one and one-quarter inches in diameter and three feet long on the south boundary line at its intersection with the line in the centre of the road allowance between lots twelve and thirteen marked "Con. I." on the north side, "Lot XII." on the east side, "Lot XIII." on the west side and the letter "R" on the north, south, east and west sides.

An iron post one and one-quarter inches in diameter and three feet long on the east boundary line at its intersection with the line in the centre of the road allowance between concessions six and seven marked "Con. VII." on the north side, "Con. VI." on the south side, "Lot I." on the west side and the letter "R" on the north, south, east and west sides.

On the iron posts one and seven-eighths inches in diameter and three feet long planted at the northwest angle of the township of Kendrey (northeast angle of the township of Haggart) I marked "Haggart" on the southwest side, "Lot I." on the west side, "Con. XII." and the four "R's" had already been marked on the proper sides.

On the iron post one and seven-eighths inches in diameter and three feet long planted at the southwest angle of the township of Kendrey (southeast angle of the township of Haggart) I marked "Haggart" on the northwest side; Lot I. on the west side; Con. I. and the four "R's" had already been marked on the proper sides.

On the post one and seven-eighths inches in diameter and three feet long planted at the northwest angle of the township of Sydere (southwest angle of the township of Haggart) I marked "Haggart" on the northeast side, "Con. I." on the north side, the other sides had already been properly marked.

The township of Haggart is well watered by the Muskego and Poplar Rapids Rivers, the latter which enters the township on lot twenty-eight, concession one, has an average width of one chain and depth of from one to five feet. This river after flowing in a northwesterly direction for about three miles expands into a beautiful sheet of water known as Departure Lake. This lake, which is about three miles long and having an average width of twenty-five chains is the largest in the township, on the lake are five small islands, full descriptions of which will be found in the traverse notes. The river north of Departure Lake has an average width of about ninety links and depth running from a few inches up to six and eight feet, on the river in concessions eleven and twelve is a lake having an area of about one hundred acres, several small rapids are met with, but no water power worthy of note.

The Muskego River which enters the township from the south on lot four, concession one, has an average width of one chain and depth of from two to five feet, this river flows northerly through the first six concessions, then turning easterly leaves the township at concession six, a few small falls and rapids are also met with on this river, but I did not consider them of sufficient importance to make any reservation for water power development.

Besides these rivers there are a number of small lakes in various parts of the township, the water in these lakes and rivers is of the very best and clearest, and they contain the usual kinds of fish common to this section of the Province.

The whole township of Haggart may be described as a more or less rolling country timbered with spruce up to eighteen inches in diameter, balsam of gilead up to twenty-five inches in diameter, poplar, white birch, balsam and cedar of an average size and quality. The undergrowth consists for the most part of willow and alder while here and there considerable windfall is met with.

Interspersed throughout are swamps covered with spruce and dead tamarack and as a rule grown up with a dense growth of alder, none of these swamps, however, are of any great extent and as their elevation above the waterways is considerable they will admit of very easy drainage.

On the uplands, generally speaking, the soil is of a rich, black loam of from eight to twelve inches in depth, entirely free from stone, with a sub-soil of clay.

A few outcroppings of rock (Huronian) are met with, particularly on the Muskego River at the various rapids.

I found no traces of mineral whatever.

The average magnetic variation is about eight degrees and thirty minutes west of north.

I would consider about fifty-five per cent. of this township suitable for immediate settlement, and there can be no doubt that by a proper drainage of the swamps nearly all the remainder can be made suitable for agriculture.

Several trial lines of the Grand Trunk Pacific Railway (Transcontinental) cross the township, I have shown as nearly as I possibly can the final location, and with the railway built here and the township open to settlers, I would look for a speedy opening up of this section.

Game and fur of the usual kinds, particularly moose, are to be seen in abundance.

Wild fruit, such as strawberries, raspberries, etc., were plentiful.

Observations for azimuth were taken as often as possible during the progress of the work.

I have the honour to be,
Sir,
Your obedient servant,

(Signed) J. W. FITZGERALD,

Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 19.

TOWNSHIP OF KINGSMILL, DISTRICT OF SUDBURY.

WINCHESTER, ONT., 23rd September, 1908.

SIR,—On the 20th day of May, 1908, I was instructed by the Deputy Minister of Lands and Forests to make a survey of the Township of Kingsmill in the District of Sudbury and to prepare a plan and field notes of my survey for transmission to your Department.

I beg to report that pursuant to these instructions I made preparations for an early departure and proceeded northward by canoes from Metagama Station over the Mettagami route.

We arrived in the Township of Kingsmill on Saturday July 4th, 1908, and commenced work at the southeast corner of the township on Monday, July 6th, where I found the wooden post described in the field notes of O. L. S. Speight. From this point I ran my south boundary due west astronomically, planting a wooden post every forty chains for a distance of six miles.

I then ran my west boundary due north astronomically from my six mile post until it intersected the south boundary of the Township of Mabee, which it did at a point fifty-four links east of the southeast angle of Mabee.

I then divided the township into sections of 640 acres as near as possible, as shown in the accompanying field notes and planted a wooden post, prop-

erly marked, at each intersection. These sections I further sub-divided by planting half-mile wooden posts between the intersections along all the concession lines.

I planted an iron post one and one-quarter inches in diameter on the side line between lots six and seven at its intersection with the north and south boundaries and the third concession line and also an iron post of the same size at the intersection of the third concession line with the east and west boundaries.

I planted an iron post one and seven-eighths inches in diameter at the southwest and northwest angles of the township of Kingsmill.

In addition to the regular wooden posts I planted on the south boundary between lots six and seven a one and one-quarter inch iron post marked on the east side, "VI.," on the north side "Con. I.," and on the west side "VII."

On the line between lots six and seven at its intersection with the third concession line, a one and one-quarter inch iron post marked on the south side "Con. III.," on the east side "VI.," on the north side "Con. IV.," and on the west side "VII."

On the north boundary between lots six and seven a one and one-quarter inch iron post marked on the south side "Con. VI.," on the east side "VI.," and on the west side "VII."

On the east boundary between concessions three and four a one and one-quarter inch iron post marked on the south side "Con. III.," on the north side "Con. IV.," and on the west side "I."

On the west boundary between concessions three and four a one and one-quarter inch iron post marked on the south side "Con. III.," on the east side "XII.," and on the north side "Con. IV."

At the southwest angle of the township a one and seven-eighths inch iron post marked on the east side "XII." on the northeast side "Kingsmill" on the north side "Con. I."

At the northwest angle of the township a one and seven-eighths inch iron post marked on the south side "Con. VI.," on the southeast side "Kingsmill," and on the east side "XII."

I found the land level for the most part, particularly the southern portion becoming slightly rolling towards the north boundary.

The soil of the north and eastern portions is principally clay of good quality, while in the southwest it is inclined to be sandy, particularly in the first and second concessions west of lot seven. A few ridges of very slight elevation were found in the township. These ridges are as a rule not so thickly wooded as the other lands and as a result are generally covered with a variety of berries, especially raspberries of large size and fine quality, which I found in great abundance.

The whole township is covered with spruce of varying sizes up to fourteen inches in diameter. A few much larger trees are found along the White Cariboo Head River.

The ridges are timbered with poplar and balm of gilead of large size with spruce, birch and balsam intermingled.

I found no real muskeg in this township, although there are some areas of very deep moss with small open spruce, particularly on lot nine, concessions one and two and lot five, concessions four and five.

I found no lakes in the township and only one stream of any size, viz., The White Cariboo Head River, which enters the township on lot five and leaves it on lot two. The depth of this river at the time of the survey was

from four to five feet and the width about eighty links. I do not think it could be navigated to any extent even with canoes.

There are many small windfalls, the result of decaying trees, but none resulting from cyclones or hurricanes.

There are no water powers.

The only rock outcrop is on lot nine in the fifth concession. Here the rock rises up in a mass covering about three acres in extent and reaching a height of about seventy-five feet above its base and probably two hundred feet above the lower lands to the northward. A sample of this rock accompanies this report.

I saw no mineral veins here nor anywhere in the township.

The weather was generally good with a majority of cloudy days, but only occasional showers. One notable electric and rain storm occurred on the evening of July 27th. Frequent soundings of the White Cariboo Head River showed a depth of from four to five feet, but on the morning after this storm the depth was found to be over ten feet.

The magnetic variation was from seven degrees to eight degrees, thirty minutes west, except in the neighbourhood of the rock above mentioned. An observation a short distance north of the rock gave a variation of sixteen degrees west.

The side line was corrected accordingly and as this observation was taken at an intersection it was also used to verify the bearing of the concession line. Several other observations were taken, some similar to the above and some at Eastern Elongation at different points throughout the township.

The drainage of practically the whole of the Township of Kingsmill is northward into the Township of Mabee and is effected through three main water courses. The eastern and southern portions find an outlet through the White Cariboo Head River, which, although the banks are here much lower than they are farther north, has a rapid current and affords an opportunity for good drainage for the area which it serves.

The central portion of the township north of the second concession has but fair drainage through a somewhat sluggish creek which enters the township of Mabee on lot No. six.

The western portion is drained by a creek with considerable banks and a fair current in the northern part of the township, but the banks flatten out toward the south and the current is but slight.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) THOS. H. DUNN,

Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 20.

TOWNSHIP OF LAIDLAW, DISTRICT OF SUDBURY.

WINCHESTER, ONT., November 26th. 1908.

SIR,—On the 20th day of May, 1907, I was instructed by the Deputy Minister of Lands and Forests to proceed to the township of Laidlaw in
6a L.M.

the District of Algoma, now called the District of Sudbury, and make a survey of it by dividing it into lots of 320 acres each.

I commenced the survey at the southwest corner of the township of Mabee, at an iron post one and seven-eighths inches in diameter planted by me and marked "XII." on the east side, "Mabee" on the northeast side, "Con. I." on the north side, "Laidlaw" on the northwest and "I" on the west side, and a wooden post also planted by me and marked the same as the iron post. From this point I ran the south boundary line of Laidlaw township, west astronomically to its intersection with O. L. S. Speight's first meridian line at a point twenty-three links north of O. L. S. Speight's six mile post.

As I had already run the east boundary of Laidlaw as the west boundary of the township of Mabee, I next ran the first and second concession lines and the side lines between lots two and three, four and five, six and seven, etc., continuing them as far north as the third concession line.

On the 18th day of September, 1907, we moved our camp west along the first concession line to the side line between lots four and five, where we discovered a lake about one and a half miles long and half a mile wide, extending in a north and south direction through concession two and part of concession one. We camped on the bank of this lake, which I have called Return Lake, the remainder of the season. The banks are generally about fifteen to twenty feet in height and covered principally with poplar. The water of the lake is very clear. We caught some very large pike and saw a few otter.

I was forced to break camp on October 7th and quit work in Laidlaw township on account of bad weather, the men refusing to remain any longer. I therefore withdrew my camp into Mabee township and, after finishing my work there, returned to civilization, October 28th. We had the pleasure of breaking ice to afford passage for our canoes for a distance of about fifteen miles on our return trip.

I returned to the township of Laidlaw and re-commenced the survey on the 3rd day of August, 1908, under more favourable circumstances. I completed the survey and withdrew from the township on the 18th day of August, 1908.

I found several lakes, mostly of small size scattered throughout the township. There is an excellent trail running in a north and south direction through lot four. This trail was most likely made late in the fall of 1907, as I saw no signs of it when working in the township last year. It is very recent and had evidently been used for packing, as it is opened up wide and all obstructions have been removed and streams bridged with logs. It joins the several lakes in lot four.

The soil of the township is clay of good quality except in the extreme southwest corner, where it is sandy. The surface is somewhat rolling, especially in the neighbourhood of the lakes and there is a large muskeg on lots one and two in concessions one and two and on lots ten and eleven in concessions five and six.

The timber is chiefly spruce, but the higher ground is covered with poplar, balm of gilead, birch and balsam. These poplar ridges are very numerous over the whole of the township.

There is a small island in Return Lake which has a very few white pine growing on it and near the south end of the same lake there are a few Norway pine. In the extreme southwest corner of the township the principal timber is jack pine.

I found no rock outcrops and no minerals of any kind.

I took several observations mostly on Polaris at greatest Eastern Elongation and found the reading of the magnetic needle to range from six and one-half to nine degrees west of the true north.

In addition to the regular wooden posts planted each half-mile along the concession lines and south boundary I planted iron posts supplied by the Department, as follows:—

One, one and one-quarter inch iron post on the south boundary between lots six and seven marked "VI." on the east side, "Con. I." on the north side, and "VII." on the west side, one, one and seven-eighths inch iron post at the southwest angle of the township marked "XII." on the east side, "Laidlaw" on the northeast side and "Con. I." on the north side, one, one and one-quarter inch iron post where the line between lots six and seven intersects the line between concessions three and four marked on the south side "Con. III.," on the east side "VI.," on the north side "Con. IV.," and on the west side "VII.," one, one and one-quarter inch iron post on the west boundary at the line between concessions three and four, marked on the south side "Con. III.," on the east side "XII.," and on the north side "Con. IV.," one, one and one-quarter inch iron post at the intersection of the line between lots six and seven with the centre line of the road allowance along the north boundary of the township, marked "R" on the north and south sides, "VI." on the east side and "VII." on the west side. No iron post was planted on the third concession line at the east boundary as this post and a canoe were taken from my cache during my absence from the township. There is, however, an iron post sixteen links north of this point, which belongs to the township of Mabee.

The one and seven-eighths inch iron posts planted last year at the northeast and southeast angles of the township of Laidlaw while surveying the township of Mabee and described in the notes on that township, were marked with the word "Laidlaw" on the southwest and northwest sides respectively. I also found a one and seven-eighths inch iron post at the northwest angle of Laidlaw township which I marked with the word "Laidlaw" on the southeast side.

The weather was generally fine throughout the season of 1908.

Nearly the whole drainage of the township is northward through the west branch of the Muskego, which is quite small, being about forty links wide in the south of the township and seventy links wide in the north and from three to four feet deep. This stream leaves the township on lot four and enters the township of Sydere. A portion of the southeast corner of Laidlaw drains into Mabee township, lot twelve drains west and the northwest portion, which is comparatively low except for a few poplar ridges drains but very poorly to the northward and crosses the north boundary on lot nine.

The lakes all drain by small streams to the west branch of the Muskego River, except Boundary Lake, for which there is no apparent inlet or outlet. The banks of this lake are perfectly flat and in this respect it differs from most of the other lakes in this township.

I have the honour to be, Sir,
Your obedient servant,

(Signed) THOS. H. DUNN,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines.
Toronto.

Appendix No. 21.

TOWNSHIP OF JESSOP, DISTRICT OF SUDBURY.

SUDBURY, ONT., April 11th, 1908.

SIR,—I have the honour to submit the following report of the survey of the township of Jessop, in the District of Sudbury, performed under instructions from your Department dated July 10th, 1907.

I proceeded to the work July 22nd, 1907, by the way of Mattagami Station on the main line of the Canadian Pacific Railway, thence by the usual canoe route down the Mattagami River, arriving at O. L. S. Niven's second base line on August 1st. The township of Jessop is bounded on the south by O. L. S. Niven's second base line run in 1905 and by the township of Mountjoy, being surveyed by O. L. S. Green this season, on the west by the township of Jamieson, being surveyed by the writer this season, on the north by the township of Kidd and on the east by O. L. S. Speight's meridian, run in 1903, and by the township of Murphy.

The survey of the township was commenced on August 3rd as per instructions, by running west astronomically from the several mile posts planted by O. L. S. Speight on his meridian forming the east boundary. Posts were planted on the south boundary at the end of forty chains in each mile to mark the width of lots not otherwise marked by mile posts. Our chainage practically agreeing with that of O. L. S. Niven's on his base line in every mile, his mile posts were adopted as the starting points for our several meridians run due north from the base line. In the second week at this work I was compelled to abandon it on account of my men refusing to work owing to the low and wet nature of the ground due to incessant rains and proceeded to subdivide Jamieson to the west. On September 23rd, after completing the survey of the township of Jamieson a second attempt was made to complete this survey, but after three days I was compelled to again abandon the work owing to men quitting, and return to Sudbury, leaving the work only partly done.

On January 26th, 1908, I left McDougall's Chutes with my party to make a third attempt to complete the survey, going in by way of Driftwood City, along the right of way of the Temiskaming and Northern Ontario Railway and the third concession road (which is cut out and being used) of Walker, Clergue and Dundonald townships to Frederick House Lake. Thence south over this lake and Night Hawk Lake to the Night Hawk Lake Mining Company's camp on Gold Island. From here we proceeded with sleighs and toboggans up the Porcupine River and across the portage route to Mattagami River, arriving in Jessop township on February 1st, when the survey commenced in August was continued and was completed on February 21st, 1908, under more favourable conditions, there being only about fifteen to eighteen inches of snow on the ground and only about four inches of snowfall during our three weeks' residence there. At the south-east angle of the township I found an iron post of one and seven-eighths inches in diameter, marked "VIM" on the south side, "Murphy" on the northeast, "Tisdale" on the southeast, on which I marked with a cold chisel "Jessop" on the northwest, "Con. 1," on the north and "1" on the west, a wooden post found beside it was similarly marked except for the words "Jessop, Murphy and Tisdale."

On the south boundary was found a one and one-quarter inch iron post marked "111M" on the east side, on which I marked with a cold chisel "VI"

on the east, "VII" on the west, "Con. I" on the north side. A wooden post planted beside it was similarly marked. On the south boundary at the end of six miles was found a one and seven-eighths inch iron post marked "VIM" on the east side, on which I marked with a cold chisel "Jessop" on the north-east, "Jamieson" on the northwest, "Con. I" on the north, "I." on the west and "XII" on the east. A wooden post found beside it was similarly marked except for the words "Jessop and Jamieson." On the east boundary was found a one and one-quarter inch iron post marked "IXM" on the south side, on which I marked with a cold chisel "Con. IV" on the north, "Con. III" on the south and "I" on the west. A wooden post similarly marked was planted beside it.

At the front of concession four between lots six and seven I planted an iron post of one and one-quarter inches diameter, on which I marked with a cold chisel "Con. IV" on the north, "Con. III" on the south, "VI" on the east and "VII" on the west. A wooden post similarly marked was planted beside it. Where concession four intersected the west boundary run in August, 1907, by the writer, I planted a one and one-quarter inch iron post on which I marked with a cold chisel "Con. IV" on the north, "Con. III" on the south, "XII" on the east and "I" on the west. A wooden post similarly marked was planted beside it. At the northeast angle of the township was found a one and seven-eighths inch iron post, on which was marked "XII M" and "Con. VI" on the south, "Con. I" on the north, "Murphy" on the southeast, "Wark" on the northeast, "Kidd" on the northwest and "I" on the west, on which I marked with a cold chisel "Jessop" on the southwest. A wooden post found beside it was similarly marked except for the words "Jessop, Kidd, Wark, and Murphy."

On the north boundary where our lines between lots six and seven intersected it, I planted a one and one-quarter inch iron post on which I marked with a cold chisel "Con. VI" on the south, "VI" on the east and "VII" on the west. A wooden post similarly marked was planted beside it, and distance to O. L. S. Holcroft's post noted. At the northwest angle of the township was found a one and seven-eighths inch iron post planted by the writer in August, 1907, marked "Con. VI" on the south, "XII" on the east and "I." on the west, "Jessop" on the southeast and "Jamieson" on the southwest. A wooden post planted beside it was similarly marked except for the words "Jessop and Jamieson."

All iron posts were tubing, three feet in length forged at the top, pointed at the bottom and painted red.

The wooden posts planted between lots two and three, four and five, six and seven, eight and nine, ten and eleven on the different concessions were marked according to the concessions and lots to which they referred, that is on four sides, with the exception of those on the north and south boundaries, which were not marked on the north and south sides respectively.

The wooden posts planted on the concessions between lots one and two, three and four, five and six, seven and eight, nine and ten, eleven and twelve were marked on three sides only, that is on the north, east and west sides. No trouble was experienced in planting the posts in the winter, there being only four to six inches of frost in the ground. Bearing trees at a convenient distance were carefully marked and noted for each post planted.

The distances along the north boundary from our posts to those planted by O. L. S. Holcroft for Kidd township and along the west boundary to those planted by the writer for Jamieson township were chained and noted in each case, also along the south boundary to those planted by O. L. S. Green for Mountjoy.

Observations on Polaris at Elongation for azimuth were taken at convenient intervals.

The magnetic variation was found to be fairly constant at eight degrees west.

All lines were well opened up and blazed and were run with transit.

GENERAL FEATURES.

The township is situated on the verge of the clay belt and is practically level except for a few gulleys cut by creeks in the south end in lots five, six, seven, and eight, concession one.

A considerable area of muskeg was met with, both in the east and west sides of the township as well as some smaller areas near the centre as shown in accompanying timber plan, these muskegs being moss covered to a considerable depth.

SOIL.

The soil for the most part was found to be clay loam, with the exception of a small area in lots five and six at the north end of concession two, and south and north ends of concession three, where sand, gravel and boulders were found. I would consider not more than forty per cent. of the area suited to agriculture.

ROCK.

Rock was only evident in lot five, concession two in form of large boulders, and in lot six on the south boundary in place, being in both cases of dark slate and diabase.

No indications of economic minerals were found.

TIMBER.

The township is fairly well timbered throughout, with large white spruce, black spruce, up to six inches diameter, balsam up to sixteen inches in diameter on lot four, concession one, balsam of gilead, poplar, white birch and some cedar to eight inches diameter and considerable dead tamarac, as well as some green tamarac.

All timber seemed to become larger in size approaching the south end of the township where on the base line occurred banksian pine up to eighteen inches diameter. The areas of muskeg were grown with small scattered black scrubby spruce two and three to four inches diameter. About sixty per cent. of the township was thickly grown with tag alders and other small scrubs making progress difficult.

WATER.

Numerous small creeks were found throughout the township, but for the most part were slow and sluggish owing to the flat nature of the ground.

The only creek navigable for canoes being in the southeastern part of the township, it being much swollen in summer due to continual rain.

GAME.

Game seemed plentiful, especially in the winter, moose and caribou being numerous as well as some fur bearing animals, as martin.

Partridge were also plentiful.

Accompanying this report are general plan, timber plan, field notes and account. I have the honour to be Sir,

Your obedient servant,

(Signed) J. H. BURD,
Ontario Land Surveyor.

The Honourable,
The Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 22.

TOWNSHIP OF MOUNTJOY, DISTRICT OF SUDBURY.

TORONTO, ONT., April 21st, 1908.

SIR,—I have the honour to submit the following report of the survey of the township of Mountjoy in the District of Sudbury.

On the 16th of July last, I was instructed to proceed with as little delay as possible to the townships of Mountjoy and Godfrey for the purpose of subdividing the same into lots of 320 acres each.

I engaged a small party in Ottawa and purchased my provisions in Sudbury and started north from Metagami station on the Canadian Pacific Railway, on the morning of the 24th July, and reached O.L.S. Niven's first base line on the 8th of August, following.

Having taken observations on Polaris at the crossing of the Mattagami River by Niven's base line, I proceeded to retrace the base line and turned the angles for the meridians or side lines for a couple of miles on each side of the river. We then moved camp to a point a little below the mouth of a creek (which we called Mountjoy Creek) and near the Porcupine portage using the canoes on the river for transportation.

This point is very conveniently situated in the southeast quarter of the township; and the retracing of the base line and meridian line forming the eastern boundary of the township were completed from this camp, also the starting of the concession and side lines.

Having performed all the work that could be conveniently done from this point we moved camp up stream to the southern crossing of the said river by the side line between lots eight and nine.

From this camp we completed the southern part of the township and on the same day that we moved camp from here to a point about half a mile above the head of the first rapids of the Sandy portage, we continued the side line between lots eight and nine northwards to the northern crossing of the river by this line.

From this camp the sub-division of the township was completed on the 23rd of October, excepting the traverse of the river which was left until the survey of the township of Godfrey was completed in December, when the traverse was made on the ice and completed on the 23rd December last.

With the exception of the southwestern part through which runs a low ridge of sand, gravel and sandy-loam, this township consists of good agricultural soil of clay loam.

This township is covered with spruce eight inches, balsam six inches, poplar eight inches on knolls, birch, five inches, cedar ten inches along river and some dead tamarac eight inches. Scattered trees of black ash four inches are found along the river. In addition to the foregoing, considerable jackpine, eight inches or banksian pine is found in the southwestern or sandy portion of the township.

MAGNETIC DECLINATION.

The magnetic declination at the south end of the side line between lots eight and nine in concession one, is west seven degrees forty minutes (12th August, 1907) at the crossing of the Mattagami River by the side line between lots two and three, in concession two it is seven degrees fifteen minutes west (December 2, 1907). At the crossing of the Mattagami River by the side line between lots four and five in concession five it is west eight degrees fifteen minutes (18th December, 1907) and on the western boundary in concession five it is west eight degrees forty-five minutes (12th December, 1907).

The Mattagami River meanders through this township for over fourteen miles, entering near the middle of the south boundary of lot nine, in concession one and running northeasterly to near the centre of lot two, concession two, where it is joined by Mountjoy Creek from the south and then takes a sharp turn to the north for about three and a half miles to the south-east corner of lot four, concession six, when it makes another sharp turn in a general direction a little south of west crossing the west boundary of the township between concessions four and five.

The river through this township, excepting the last two and a half miles, is a beautiful stretch of water from three to four chains wide about ten feet deep with an average current of about two miles an hour.

About two and a half miles from the west boundary the current of the river gets quite rapid and about a quarter of a mile farther down stream we reach the head of the first portage just below the mouth of a small creek entering the river from the south. This portage is the longest of the three portages (known as Sandy portages) being about a quarter of a mile long.

There is no definite drop or fall in the river along this portage, but the river is wide, shallow and rocky, and having a fall of ten feet in this distance, the current is very rapid and it is dangerous to run excepting with lightly loaded canoes.

About three-quarters of a mile below this we come to the second portage, also situated on the left limit of the river. This portage is a few chains shorter than the first and the river along it has two distinct falls as well as a heavy grade in the river itself, making the difference in elevation forty feet.

About half a mile below this second portage the third and last portage of the so called Sandy portages is met on the right limit of the river. It is a short easy portage of about one-eighth of a mile long. The river along this portage consists of four separate and distinct drops or falls of seven, five, eight and four feet and the different small river stretches adding about six feet more, making a total of nearly thirty feet difference in elevation between the ends of the portage.

I estimate that there are 50,000 cubic feet of water per minute flowing here at low water, and at ordinary water level there would be double that quantity. For safety and convenience of calculation we will assume that there are 45,000 cubic feet of water, with a net available fall of twenty

feet (which allows ten feet for grade of aqueduct and tail race). With this amount of water and fall available, approximately, one thousand four hundred and forty (1,440) horse power can be generated. At the middle portage, with an available fall of thirty feet approximately, two thousand one hundred and sixty (2,160) horse power can be generated.

The upper or eastern rapids will probably never be used for power purposes until all the available power generated by the middle and lower rapids and falls have been absorbed. Should the upper rapids ever be required for power purposes, the intake of the canal or flume would probably be near the northeast corner of lot eight, in concession five. Hence, in order to permit all the available water power to be used here, I beg to recommend the reservation of the following parcels of land:—

(a) The north quarter of lot eight. (b) The north half of lot nine. (c) The whole of lot ten. (d) The south half of lot eleven. (e) The south half of lot twelve, all in concession five; and in concession four, (f) The north quarter of lot ten. (g) The north half of lot eleven, and (h) the north half of lot twelve.

No mineral bearing rock was observed in this township.

The following is the record of iron posts to be found in and around this township.

1. At the southeast corner of the township was found an iron post one and one-quarter inches in diameter, alongside the wooden post marked "XII M" on the east side and "Tisdale, Lot. 1, Con. 1" on the northeast side. This iron post was marked by me "Mountjoy, Lot 1, Con. 1" on the northwest side.

2. On the base line on the south boundary between lots six and seven was found an iron post one and one-quarter inches in diameter marked "XVM." alongside a wooden post. This iron post was marked by me "VI." on the east side, "VII" on the west side, and "Con. I" on the north side.

3. An iron post one and one-quarter inches in diameter was found alongside the wooden post marking the southeast corner of the township, marked "XVIII M" on the east side and which we marked "Con. I" on the north side, and "Mountjoy, Lot XII" on the northwest side.

4. On the eastern boundary of the township alongside the wooden post marking the point between concessions three and four was found an iron post one and one-quarter inches in diameter, marked "III M" on the south side and which we marked "Lot 1" on the west side, "Con. III" on the southwest side, and "Con. IV" on the northwest side.

5. One link south of the wooden post marking the intersection of the concession line between concessions three and four and the side line between lots six and seven is an iron post one and one-quarter inches in diameter marked "Con. III" on the south side, "Con. IV" on the north side, "Lot 6" on the east side, and "Lot 7" on the west side.

6. On the west boundary of the township and at a point one link east of the wooden post marking the intersection of the said boundary and the concession line between concessions three and four is planted an iron post marked "Con. III" on the southeast side, "Con. IV" on the northeast side, and Lot XII" on the east side. An iron post one and one-quarter inches marked "Con. III" on the southwest side, "Con. IV" on the northwest side and "Lot 1" on the west side is planted 2.08 chains south of this corner for the township of Godfrey.

7. An iron post one and one-quarter inches was found alongside the wooden post marking the northeast corner of the township and marked "Murphy XII.I" on the northeast side. "Tisdale XII .VI" on the southeast

side, "Jessop 1.1" on the northwest side, and we marked it "Mountjoy 1.VI" on the southwest side.

8. An iron post one and one-quarter inches in diameter was placed one link south of the wooden post marking the intersection of the side line between lots six and seven and the north boundary of the township.

This iron post was marked "Con. VI" on the south side, "Lot VI" on the east side and "Lot VII" on the west side.

An old iron post was found on the said north boundary of the township alongside a wooden post at a point 4.2 links east of said intersection.

9. An iron post one and seven-eighths inches was placed one link south of the wooden post marking the northwest corner of the township and marked "Godfrey" on the southwest side, "Mountjoy" on the southeast side, "Lot I" on the west side, "Lot XII" on the east side and "Con. VI" on the south side.

I have the honour to be,

Sir,

Your obedient servant,

(Sgd.) T. D. GREEN,

Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 23.

TOWNSHIP OF GODFREY, DISTRICT OF SUDBURY.

TORONTO, ONT., March 18th, 1908.

SIR,—I have the honour to submit the following report of the survey of the township of Godfrey, in the District of Sudbury.

The subdivision of this township was begun on the 4th of November, and completed on the 21st. December, 1907.

The ground was frozen to a depth of a few inches and the lakes were all frozen over early in November, but the Mattagami River did not freeze until near the end of the same month.

All crossings and traverses were performed on the ice which facilitated matters considerably.

For descriptive purposes this township may be divided into three parts running north and south: viz.: the eastern, central and western.

(a) The eastern part consists of lots one, two and part of lot three, from the south boundary as far north as the Mattagami River.

The surface is rolling and is well drained by the Waterhen Creek and a number of small tributaries.

The soil is mostly too light for agricultural purposes, running from sand to sandy loam.

It is thickly covered with spruce, four inches to ten inches, balsam four inches to eight inches, throughout: poplar four inches to ten inches and birch three inches to seven inches on the knolls, jackpine four inches to ten inches (banksian pine) on the sandy portions and cedar three inches to nine inches along the Mattagami River.

(b) The central portion consists of lots three (part), four, five, six, seven, and part of eight, and those parts of lots one and two north of the Mattagami River.

The surface is mostly level although there are numerous portions of it that are slightly rolling.

With the exception of that in the immediate vicinity of the said Mattagami River and small portions of the southern part of the township the soil is generally a clay loam and is excellent for agricultural purposes.

It is thickly covered with spruce four inches to ten inches, balsam four inches to eight inches, throughout, with poplar four inches to twelve inches and birch three inches to seven inches, on the knolls, and cedars three inches to nine inches in the swampy portions.

(c) The western division consists of lots eight (part of), nine, ten, eleven and twelve.

The surface is rolling and rocky and is interspersed with small areas of good clay loam.

The timber generally consists of spruce, balsam and poplar, with considerable jackpine near the rocky portions and cedar in the swamps near the lakes.

A few straggling trees of white pine were seen in the western portion of the township.

The ground was all covered with snow and I found no trace of minerals of any commercial value.

The following is the record of iron posts to be found in and around this township:—

1. At the southeast corner of the township was found an iron post one and one-quarter inches in diameter marked "XVIII M," alongside the wooden post. This iron post was marked by me "Godfrey I" on the northwest side, "Mountjoy XII" on the northeast side and "Con. 1" on the north side.

2. On the base line on the south boundary between lots six and seven was found an iron post one and one-quarter inches in diameter marked "XXI M" alongside a wooden post. This iron post was marked by me "VI" on the east side, "VII" on the west side, and "Con. 1" on the north side.

3. An iron post one and seven-eighths inches in diameter was placed one link east of the wooden post marking the southwest corner of the township and marked "Con. 1" on the north side, and "Godfrey Lot XII" on the northeast side. At a point 1.16 chains east of this iron post was found an iron post one and one-quarter inches alongside a wooden post, marked "XXIV M" on the east side.

4. On the eastern boundary of the township at a point one link south of the wooden post marking the point between concessions three and four, is an iron post one and one-quarter inches in diameter, marked "Lot 1" on the west side, "Con. III" on the southwest side, and "Con. IV" on the northwest side.

5. One link south of the wooden post marking the intersection of the concession line between concessions three and four and the side line between lots six and seven is an iron post one and one-quarter inches in diameter and marked "Con. III" on south side, "Con. IV" on north side, "Lot 6" on east side, and "Lot 7" on west side.

6. On the west boundary of the township and at a point one link north of the wooden post marking the intersection of the said boundary and the concession line between concessions three and four is planted an iron post marked "Con. III" on the southeast side, "Con. IV" on the northeast side,

and "Lot XII" on the east side. An iron post one and one-quarter inches in diameter marked "III M" on the south side was found at a point 1.99 chains north of the iron post planted by me.

7. An iron post one and seven-eighths inches in diameter was placed one link south of the wooden post marking the northeast corner of the township and marked "Godfrey" on the southwest side, "Mountjoy" on the southeast side, "Lot I." on the southwest side, "Lot XII." on the southeast side and "Con. VI." on the south side. An old iron post one and one-quarter inches in diameter alongside a wooden post was found sixty-three links west of this corner marking the southwest corner of the township of Jessop and the southeast corner of the township of Jamieson.

8. An iron post one and one-quarter inches in diameter was placed one link south of the wooden post marking the intersection of the side line between lots six and seven and the north boundary of the township.

This iron post was marked "Con. VI" on the south side and "Lot VII" on the west side, and "Lot VI" on the east side.

An old iron post was found on the said north boundary of the township alongside a wooden post at a point 1.81 chains west of said intersection.

9. An old iron post one and one-quarter inches in diameter was found at the northwest corner of the township marked "XII M" on the east side, "Jamieson, Lot 1, Con. 1" on the northeast side.

We marked this "Godfrey, Lot XII, Con. VI" on the southeast side.

RECORD OF MAGNETIC DECLINATIONS OBSERVED.

At the southeast corner of lot 1, Con. 1, 4th Nov. 1907—7 deg. 15 minutes W.
Between lots eight and nine, Con. 1, 7 Nov., 1907—7 deg. 30 minutes, W.
Between lots two and three, Con. IV, 24 Nov., 1907—8 deg. 15 minutes, W.
East boundary, lot 1, Con. V., 12 Dec., 1907—8 deg., 45 minutes, W.
Between lots eight and nine, Con. V., 10 Dec., 1907—8 deg. 15 minutes, W.

I have the honour to be,

Sir,

Your obedient servant,

(Sgd.) T. D. GREEN,

Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 24.

TOWNSHIP OF MABEE, DISTRICT OF SUDBURY.

WINCHESTER, ONTARIO, May 21st, 1908.

SIR,—In May, 1907, I was instructed to make a survey of the township of Mabee, in the District of Sudbury, and proceeded to the site of the work by way of the Mattagami River route.

I attempted to enter the township by ascending the White Caribou Head River, but found the stream so blocked by log jams that, after very hard work cutting out the logs, we were only able to navigate it for a distance of about one mile. We therefore abandoned the river and moved our camp overland.

I commenced the survey at the south-east corner of the township and ran the south boundary of both the townships of Mabee and Laidlaw, planting a post every forty chains, to its intersection with O. L. S. Speight's first meridian line, a distance of twelve miles and ninety three links. This intersection was found to be twenty-three links north of O. L. S. Speight's six-mile post.

I ran concession lines west astronomically and the section lines north astronomically planting posts at the intersection of these lines and also posts on the concession lines forty chains west of each intersection.

The half-mile posts were marked with the number of the lot on the east and west sides and with the number of the concession on the north side while the mile posts or those placed at the intersections were marked with the number of the lot on the east and west sides and with the number of the concession on the north and south sides. I planted a post at each intersection on the north boundary and then measured south fifty links and planted another post, the first forming the centre line and the second post the south limit of a road allowance.

In addition to the regular wooden posts, I planted iron posts as follows:

One at the south-west angle of the township one and seven-eighths inches in diameter, marked "Mabee" on the northeast, "Laidlaw" on the northwest, "Con. I." on the north, "XII." on the east, and "I." on the west; also one at the north-west angle of the township, one and seven-eighths inches in diameter, marked "Mabee" on the southeast, "Laidlaw" on the southwest, "R" on the north, "R" on the south. I planted an iron post one and one-quarter inches in diameter at the intersection of the line between lots six and seven with the south boundary, and marked it "Con. I." on the north, "VI." on the east, and "VII." on the west; also one of the same dimensions at the intersection of the line between lots six and seven with the line between concessions three and four and marked "Con. IV." on the north, "Con. III." on the south, "VI." on the east and "VII." on the west; also one of a similar size at the intersection of the line between lots six and seven with the south limit of the road allowance forming the north boundary of the township and marked "R" on the north, "Con. VI." on the south, "VI." on the east and "VII." on the west; also a similar iron post at the intersection of the line between concessions three and four with the west boundary of the township, and marked on the north "Con. IV.", on the south "Con. III.", and on the east "XII." I also marked the iron post, planted by O. L. S. Speight at the south-east angle of the township, with "Mabee" on the northwest, "Con. I." on the north, and "I." on the west. The post planted by O. L. S. Speight at the north-west angle of the township I marked "Mabee" on the southwest, "R" on the north and "R" on the south.

The Mattagami River enters the township of Mabee from the east and in the third concession, and keeping along the east boundary, leaves the township and enters again in the fourth concession. It finally leaves the township at the intersection of the line between concessions five and six with the east boundary. This river is here about six to seven chains wide and is deep with little current. There is no beach, the inner banks descending sharply, in many cases vertically, to the water, making a rather bad landing for canoes. The land rises up from the river to a height of about seventy-

five feet and is inclined to be rolling in the immediate vicinity of the river, but the balance of the township is for the most part level. The land is of a good quality of clay, showing some tendency to gravel on the poplar ridges, and is overlaid with muck in certain swampy sections.

I found the upper waters of the Muskego River extending completely through the township from north to south. This is the east branch of the Muskego and is here quite small, being generally about eighty links wide. It is navigable for canoes in the second, third and fourth concessions, but south of the second concession it is blocked with alders, and north of the fourth concession are rapids and log jams. No lakes of any size were found in the township.

The timber consists chiefly of spruce, balsam, poplar, balm of gilead and birch, with some rather poor cedar. It is not heavily timbered, but there is no brule and with the exception of a few small poplar ridges, spruce is found in varying size and quality over the whole township. Much tamarac is standing over a considerable portion of the township, but it is all dead, and in many places the ground is covered with fallen tamarac. There are some large spruce, particularly along the streams.

There are no outcrops of rock in the township and we saw no minerals of any kind. The rapids in the Muskego River are full of boulders, but these did not appear to carry any minerals.

The streams were swollen by the heavy rains which continued all summer, and I was unable to determine the average summer flow, which would probably be slight in the Muskego and White Caribou Head, which are nothing more than creeks at this point.

There was little opportunity for taking observations as the weather was generally cloudy. I was only able to get four observations on Polaris while working in the township.

These were taken at elongation on the 20th and 26th of August, the 16th of September and the 8th of October.

At the beginning of the work I found the variation to be eight degrees forty minutes west, but later on the compass showed nine degrees west. My compasses were all damaged, and finally became useless altogether. It was therefore impossible to get a further determination of the variation.

I have the honour to be,
Sir,

Your obedient servant,

(Signed) THOS. H. DUNN,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 25.

PART OF THE TOWNSHIP OF MAISONVILLE, DISTRICT OF NIPISSING.

NEW LISKEARD, ONTARIO, May 11th, 1908.

SIR,—In accordance with instructions dated January 2nd, 1908, I beg to present my report *re* the survey of part of the township of Maisonville.

On the evening of January 21st, 1908, I observed on Polaris at the six-mile post on O. L. S. Speight's meridian line and ran east from this point on the following morning

I found that, included in the survey, there was some good agricultural land, some fair and some not very good.

Lots numbered five in concessions one, two and three are not very good agricultural land as they are rough and rocky.

The land lying along either side of, and from one-half to three-fourths of a mile from the creek emptying out of Lake Kapakitawewegimok, and the land east, south and west of Twin Lakes is practically good. The land about Lake Seseikinika is somewhat broken, but there are fine valleys of sandy loam soil between somewhat rocky hills.

The remainder of the township surveyed is generally very fair land, excepting an occasional rocky ridge or low flat, and is generally suited for either agricultural or dairy purposes.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) C. H. FULLERTON,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 26.

PART OF THE TOWNSHIP OF BENOIT, DISTRICT OF NIPISSING.

NEW LISKEARD, ONTARIO, May 1st, 1908.

SIR,—In accordance with instructions dated January 2nd, 1908, *re* the survey of parts of the townships of Maisenville and Benoit, I herewith beg to present my returns of the township of Benoit.

In addition to the area specified in the instructions, I included in the survey the following:—Lots numbered eleven and twelve in the first and second concessions, lots numbered six and ten in the third concession, and lot numbered six in the fourth, fifth and sixth concessions, or nine lots in all.

I found the land and the timber somewhat better than in the township of Maisenville to the south of it. In the northern portion of the township the timber on the whole is quite large and valuable for pulp wood, and the land is of first-class quality, in fact, almost all the land in this township included in the survey will, I have no doubt, be well suited for agricultural and dairy purposes. There was no red or white pine encountered in this township.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) C. H. FULLERTON,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 27.

GILLIES TIMBER BERTH, DISTRICT OF NIPISSING.

NEW LISKEARD, ONTARIO, October 11th, 1908.

SIR,—I beg to report that I have completed the sub-division of the Gillies Timber Berth into mile blocks, according to instructions dated June 2nd, 1908.

The survey was commenced on the 6th of June at the south-west angle of lot two, in the third concession of the township of Coleman, where an observation was taken. The east and west lines were all run west from the easterly limit of the sub-division, except the three most southerly lines which were run as follows:—The southerly boundary of Blocks 75, 76, 77, 78 was run east and west from the south-east angle of Block 76, the southerly boundary of Blocks 83, 84 and 85 was run east and west from the south-east angle of Block 84, the southerly boundary of Blocks 90, 91 and 92 was run east and west from the south-east angle of Block 92, the southerly boundary of Blocks 94, 95 and 96 was run east and west from the south-east angle of Block 96, the southerly boundary of Blocks 80, 81 and 82 was run east and west from the south-east angle of Block 82, the southerly boundary of Blocks 88 and 89 was run east and west from the south-east angle of Block 89.

The north and south lines were all run north and south from the line which was produced west from the point of commencement with the exception of the four most westerly lines which were run as follows:—The westerly boundary of Blocks 12, 20, 28, 38, 49, 59, 68, 77, and 85 was run north and south from the south-west angle of Block 12; the westerly boundary of Blocks 39, 50, 60 and 69 was run north and south from the south-west angle of Block 39, the westerly boundary of Blocks 30, 40 and 51 was run north and south from the southwest angle of Block 30, the westerly boundary of Block 41, was run south from the northwest angle of Block 41.

The east boundary of the sub-division which is part of the west boundary of the township of Lorrain was well opened up, chained, blazed and posted every ten chains.

The north boundary of the sub-division which is the westerly production of the line between concessions three and four in the township of Coleman, was well opened up, blazed and posted every ten chains.

The northeast boundary of the sub-division which is part of the north-east boundary of the Gillies Timber Berth, was well opened up, blazed and posted where the east and west lines of a ten-chain block would intersect the boundaries.

The northwest boundary of the sub-division, which is also part of the northwest boundary of the Gillies Timber Berth, was well opened up, blazed and posted where the east and west lines of a ten-chain block would intersect the boundaries.

The southwesterly boundary of the sub-division which is also the south-westerly boundary of the Gillies Timber Berth, was well opened up, blazed and posted, where the east and west lines of a ten-chain block would intersect the boundaries.

The southeasterly boundary of Blocks 87 and 79, which is also part of the southeasterly boundary of the Gillies Timber Berth, was well opened up, blazed and posted where the north and south lines of a ten-chain block would intersect the boundaries.

The southeasterly boundary of Blocks 93, 94 and 97, which is also part of the southeasterly boundary of the Gillies Timber Berth, was well opened up, blazed and posted where the east and west lines of a ten-chain block would intersect the boundaries.

At the corner of each block was planted an iron post (a tube) one and one-quarter inches in diameter, three feet long, forged at the top, pointed at the bottom and painted red, which was marked with a cold chisel on the side facing the block with the number thereof. Each iron post was planted beside a wooden post not less than six inches square similarly marked, and where it was possible a cairn of stones was built around the posts.

On the north and south limit of each block were planted wooden posts at the end of each ten chains not less than five inches square and marked on the east side, one, two, three, four, five, six and seven in Roman numerals, being the distance said posts are off the southeast or northeast angle of each regular block.

On the north and south lines similar posts were planted at the end of each ten chains, numbered on the south side of the above.

Posts not less than five inches square were planted at the intersections of all lines with the shores of all lakes and the Montreal River, where the ten-chain posts would have fallen within the lake or river, the same being marked "W.P." on the side facing the point where the post would have fallen, the chainages of which are all given in the field notes.

A careful traverse was made of the Montreal River and of all lakes found within the limits of the sub-division by triangulations and by using carefully adjusted stadia and a graduated rod.

Bearing trees were marked to the posts planted at each angle of the blocks also a bearing tree to the half mile or No. four post on each side of the blocks. Bearing trees were marked "B.T." on the side facing the post.

All lines were well opened up, blazed and posted, the trees being blazed with three blazes each, two in the direction in which the line is running and one on the side on which the line passes.

In running the lines great care was taken to destroy as little timber as possible, and if a line struck a valuable pine tree the same was offset in order to get past it.

The right of way of the Temiskaming and Northern Ontario Railway was located through the limit, also the outlines of the different water power locations and of mining location J. S. 32, and of mill locations J. S. 25 and J. S. 26.

Frequent astronomical observations were made during the course of the survey a few of which are found recorded in the field notes.

The survey of this work on the ground was completed on the 3rd of September, 1908. During the progress of the work sketch plans showing the lines as run with the measurements made on the ground together with all traverses of lakes etc., were given to the Provincial Geologists who accompanied my party.

The magnetic variation was found to be very irregular, and where observed for a whole mile it was very seldom found to be constant.

The blocks were numbered from the east boundary of the subdivision to the west commencing at the northeast angle thereof.

GENERAL FEATURES.

The greater part of the berth is covered with high rocky ridges intercepted by valleys in which there is usually found a lake or a stream of water, the surface being covered with timber and underbrush.

TIMBER.

Large white and red pine originally covered the greater part of this timber berth, the most of which has, however, been cut off, leaving a still very valuable growth of smaller and apparently very healthy red and white pine, spruce, cedar, poplar, etc. There are portions on the northeast and south parts which still contain some exceptionally good large white and red pine. Along some of the ridges were found some valuable large bird's-eye maple and birch. Some fair sized ash trees were met with about the centre of the berth.

SOIL.

There seems to be no great depth of soil in any part except in the valleys and on a few clay and sandy ridges. This area is not suited for agricultural purposes except in a few scattered points.

WATER AND WATER POWERS.

The Montreal River flows through the berth from northwest to southeast, the average breadth of which is about two hundred and fifty feet and depth varying from two to forty feet. Its immediate banks rise to an average height of about ten feet above low water, but at a short distance from the shores the hills often rise to an elevation of several hundred feet. There are several water powers on this river, which may be described as follows:

(1) Hound Chute with a natural fall of sixteen feet, (2) Ragged Chutes with a natural fall of thirty-seven feet, (3) Fountain Falls with a natural fall of sixteen feet. There are two rapids known as Red Pine and Long Rapids, both of which are dangerous for canoes. The river is generally considered to be treacherous and many drownings have occurred in its waters.

The discharge of the river at low water is one thousand cubic feet per second.

Numerous small and large lakes were found within the subdivision, the waters of which were clear and apparently good.

MINERALS AND GEOLOGY.

The Provincial Geologist, I believe, is making a complete and exhaustive report on these subjects which will no doubt appear as soon as possible.

GAME.

Moose, red deer, bear, wolves, beavers, foxes, musk-rats and mink were occasionally seen. Pike, bass and trout were found in the Montreal River and in many of the lakes.

FOREST FIRES.

In the early part of July a fierce forest fire raged in the west part of the sub-division adjoining the township of Lorrain, which had apparently orig-

inated in the mining region south of Lorrain. Other small fires occurred at different times the origin of which is doubtful, as several prospectors or hunters were seen at different times during the survey within the subdivision.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) JAMES H. SMITH,

Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 28.

TOWNSHIP OUTLINES IN THE VICINITY OF NIGHT HAWK LAKE, IN THE
DISTRICTS OF SUDBURY AND NIPISSING.

PETERBOROUGH, ONT., November 25th, 1908.

SIR,—I have the honour to submit the following report on the survey of certain township outlines in the vicinity of Night Hawk Lake in the Districts of Sudbury and Nipissing, surveyed by me under instructions from your Department dated August 5th, 1908.

As instructed I commenced the survey at the southwest angle of the township of Whitney, and after getting the necessary observations at this point, I ran the west boundary of the township of Shaw due south astronomically six miles planting durable posts at the end of each mile, marking them as instructed. At the end of the sixth mile I procured another observation for azimuth and from this point ran due east astronomically, five miles, seventy-nine chains and sixty-two links, where I intersected the line between the Districts of Sudbury and Nipissing at a point sixty-nine links north of the one hundred and fourteen mile post.

The west and south boundaries of the township of Shaw pass over a rolling country timbered with spruce, birch, cedar, and balsam of average size and quality. Considerable windfall and alder are also met with and although there are some fair flats of land along these lines, for the greater part of the country it is rough and rocky and as a general rule underlaid with drift boulders.

From what I have seen of the township of Shaw I would consider it entirely unfit for settlement.

After completing the above work, I proceeded to the one hundred and eight mile post on the line between the Districts of Sudbury and Nipissing, and after having taken the necessary observations at this point, I ran east astronomically on six mile chords, the line which marks the southerly limit of the townships of Langmuir, Blackstock and part of Timmins, planting durable posts at the end of each mile marked as per instructions.

At twelve miles, five chains and fifty-two links I intersected O. L. S. Galbraith's meridian line at a point twenty links south of his six mile posts, and at a point three miles, forty-one chains and forty links east of O. L. S. Galbraith's meridian the line terminates at a small lake which forms part of

the Hudson Bay Company's old canoe route between the Montreal River and Night Hawk Lake.

I found the country traversed by the south boundaries of Langmuir, Blackstock and Timmins rough and rocky. The timber consists chiefly of spruce, banksian pine, birch, cedar and balsam up to fourteen inches in diameter and of a fair quality, with willow and alder underbrush and considerable windfall. A few good white pine of about twelve inches in diameter were noticed at about sixty chains east of the District line. Many small clumps of white pine were also noticed around the shores of Night Hawk Lake. A brule of recent date but of small extent occurs on the third and fourth miles of the south boundary of Blackstock and along the last mile of the south boundary of Timmins is a brule of old standing.

Two streams of considerable importance flowing into Night Hawk Lake cross the line, Night Hawk River, on the fourth mile of the south boundary of the township of Langmuir, and White Fish River on the second mile of the south boundary of Blackstock, the average width of these streams is about one chain, while the depth varies from a few inches to many feet.

Along this whole line very little agricultural land is seen and I am sorry to report that from my observations I consider the townships of Langmuir, Blackstock and Timmins entirely unfit for settlement.

While I saw no mineral along the line, I would conclude from the almost constant fluctuations of the needle that this locality is fairly rich in magnetic iron.

Many prospectors were met in this locality, some of them had staked several claims and done considerable work. I found, however, that owing to the want of recognized surveys in this vicinity, many of the prospectors were completely at sea with regard to the location of their claims.

I beg respectfully to suggest to your Department the necessity of putting into force some more effective regulations with regard to the starting and putting out of camp fires by prospectors, the great majority of whom are not bushmen.

I was called upon during the summer to extinguish several of these fires in the incipient stage, and after a rather long experience in the bush, I have come to the conclusion, owing to the rich discoveries of mineral that are being made almost daily and to the opening up of this great northern country by the construction of the Temiskaming and Northern Ontario and Grand Trunk Pacific Railways, that nothing short of a regular police patrol of picked bushmen (men selected only with an eye to their fitness for the work) and armed with ample authority, can save this immense forest wealth of the Province.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) J. W. FITZGERALD,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
TORONTO.

Appendix No. 29.

ADDITION TO THE TOWN PLOT OF SMYTH, DISTRICT OF NIPISSING.

NEW LISKEARD, ONT., December 5th, 1908.

SIR,—In accordance with your instructions dated the 5th day of October, 1908, I have made the survey of the addition to the Town Plot of Smyth, and herewith present my report.

I find that while the town plot previously surveyed is an ideal one for a town site, the extension is fully as good, the land is high, level and dry and on the whole the streets will be quite easy to make.

Portions of the site have been burnt over and comparatively little difficulty will be experienced in clearing either streets or lots.

I also find that owing to the finding of silver in the locality and also in the vicinity of Miller and Gowganda Lakes, there is a great influx of people in that neighbourhood, many of whom will no doubt remain.

Accompanying herewith is a plan with copy of the survey with field notes and all the other necessary documents duly signed, all of which is respectfully submitted.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) C. H. FULLERTON,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
TORONTO.

LIST OF LOTS.

All the lots are level and particularly unbroken, except as follows:—
372, 373, 156, 157, 158, 159, 226, 225, 224, 223, 231, 222, 232, 233,
234, 235, all crossed by ravine containing small creeks, banks of ravine
being about fifteen feet.

187, 267 broken.

269, 270 broken by ravine.

327, 343, 354, 336, 337, all somewhat broken.

277, 276, broken by ravine.

270, 271, 272, have abrupt fronts.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) C. H. FULLERTON,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
TORONTO.

(Appendix No. 30.)

TOWN PLOT IN THE TOWNSHIP OF BROWER, DISTRICT OF NIPISSING.

NEW LISKEARD, ONT., December 23rd. 1908.

SIR,—In accordance with your instructions dated July 30th, 1908, I have made a survey of a town plot in township lots four and five, in the fourth concession of the township of Brower, on the Abitibi River in the district of Nipissing, where the same is crossed by the National Transcontinental Railway, and herewith present my report.

I have made a plan of the said survey on a scale of two hundred feet to the inch, and have also made a linen copy, both of which I have forwarded to you.

I have also compiled field notes of the survey and have made a list shewing the character of the lots, I have also made a list of the buildings, with their location, size, approximate value, and the name of the owner or occupant in each case, all of which are herewith presented.

The spot is an ideal one for a town site, the banks of the river are high and the town plot is quite elevated and dry. There is a splendid view up and down the river and it will no doubt be a very suitable place for saw mills and other mills depending upon the timber products.

For buildings for public purposes, lots nineteen to twenty-seven inclusive, on North Victoria Street would be the most suitable, in my opinion to be reserved, being situated about the centre of the town plot as subdivided, and of a character quite suitable generally for building upon. Lots ten to eighteen inclusive on both sides of Victoria Street would be very suitable for park purposes.

Opposite lots sixteen to twenty-four inclusive on either or both Abitibi Avenue or River Street would be suitable sites for docks and landings.

I also present oaths of chainbearers, pay list, account and the other documents required.

All of which is respectfully submitted.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) C. H. FULLERTON,

Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

(Appendix No. 31.)

TOWNSHIP OF BONIS, DISTRICT OF NIPISSING.

DELTA, ONT., November 25th, 1908.

SIR,—I have the honour to submit the following report on the survey of the township of Bonis, in the District of Nipissing, in accordance with your instructions, dated the 23rd day of May, A. D. 1908.

This township is bounded on the west by the township of Steele, on the south by the township of Berry, and on the east and north sides by the unsurveyed lands of the Crown. I found that the west boundary of my township had been run this season by O.L.S., Herbert Beatty, and according to his chainage, the southwest corner of this township would be where the line between concessions A and B of the township of Steele intersected his east boundary.

I therefore started from his post between these concessions and established my south boundary by running a chord of latitude due east astronomically a distance of six miles, planting posts every forty chains and marking them for the respective lots.

From the easterly end of this chord I ran a line due north astronomically to intersection with base lines run by O.L.S. Patten last year, which forms the north boundary of this township.

The subdivision of the township was then performed in accordance with instructions.

The side lines between lots two and three, four and five, six and seven, eight and nine, and between ten and eleven were run due north astronomically from the posts planted on the south boundary, and the concession lines were run east and west astronomically as the work progressed with a depth of eighty chains as near as practicable.

The result being set forth in detail in the field notes. All posts were made from the most durable wood available, marked with a marking iron and firmly planted in the ground.

At the southwest corner I planted an iron bar one and seven-eighths inches in diameter, and as this is also the northwest corner of the township of Berry, I marked it "Con. I" on the northside, "Bonis" on the northeast, "XII." on the east, "Berry" on the southeast, and "Con VI." on the south side. I also planted a bar one and seven-eighths inches in diameter at the southeast corner of the township, and it being the northeast corner of the township of Berry, I marked it "Con. VI." on the south side. "Berry" on southwest, "I." on west, "Bonis" on northwest and "Con. I" at north side, and a similar bar at the northeast corner of the township marked "Con. VI." on south side, "Bonis" on southwest and "I." on the west side, and at the northwest corner I planted another marked "Con. VI." on south, "Bonis" on southeast, and "XII." on east side.

I planted iron bars one and one-quarter inches in diameter at the following places: on the line between lots six and seven at its intersection with the south boundary marked "VI." on east, "Con. I." on north, "VII." on west, and "Con. VI." on south side; at its intersection with line between concessions three and four, marked "Con. III." on south, "VI." on east, "Con. IV." on north and "VII." on west side; and at its intersection with the north boundary marked "Con. VI." on south, "VI." on east, and "VII." on west side; on the line between concessions three and four at its intersection with the east boundary marked "Con. III." on south, "I." on west and "Con. IV." on north side; and at its intersection with west boundary marked "Con. III." on south, "XII." on east, and "Con. IV." on north side.

Observations for azimuth were frequently taken to check bearings of lines, the magnetic variation being about nine and one-half degrees west of the astronomic north.

The National Transcontinental Railway now under construction runs through this township, crossing the east boundary in concession two and the

west boundary in concession four, and will assist materially in the future development of this township.

The surface is fairly level with sufficient fall towards the large creeks to be easily drained, but at present a large part of it is wet and swampy. The soil is a good clay loam, and is well adapted for agricultural purposes.

The only timber of any commercial value is spruce, and it is small in diameter and only suitable for pulpwood.

No traces of economic minerals were seen and there are no water powers in this township.

Fish and game are conspicuous only by their absence. At present the spruce pulpwood is the chief asset of this township, but I have no doubt that the construction of the railway will be quickly followed by the establishment of a prosperous farming community.

Accompanying this report are a general plan, timber plan, and field notes.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) WALTER BEATTY,

Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

(Appendix No. 32.)

TOWNSHIP OF BERRY, DISTRICT OF NIPISSING.

DELTA, ONT., November 25th, 1908.

SIR,—I have the honour to submit the following report of the survey of the township of Berry, in the District of Nipissing, performed under your instructions dated the 23rd day of May, 1908.

This township is bounded on the north by the township of Bonis, surveyed by me this summer, on the east and south sides by the unsurveyed lands of the Crown, and on the west by Lower Abitibi Lake and concession A of the township of Steele. Having surveyed the south boundary of Bonis as reported already, I established my east boundary by running a line due south astronomically from the southeast corner of the township of Bonis. I then ran side lines between lots two and three, four and five, six and seven and eight and nine, from posts planted on south boundary of Bonis, due south astronomically, and from these meridians the concessions were run east and west astronomically as the work progressed, so as to make each concession eighty chains in depth approximately, the sub-division being performed in accordance with instructions, and the results shown on plan and in field notes. Posts were planted firmly in the ground, properly marked, at the proper points, the most durable wood available being used. Sufficient observations for azimuth were taken to check bearings of lines, the magnetic variation being about nine and one-half degrees west of the true meridian.

The iron posts planted on the south boundary of Bonis suited for the adjacent corners on the north boundary of this township, and I have already reported them in my returns for the former township.

I planted iron bars one and seven-eighths inches in diameter at the southeast and southwest corners of the township, the former being marked "Con. I." on the north, "Berry" on the northwest and "I." on the west side, the latter marked "X." on the east, "Berry" on the northeast and "Con. I." on north side. I planted iron bars one and one-quarter inches in diameter at the following places, at the intersection of line between lots six and seven with the south boundary, marked "VI." on east, "Con. I." on north and "VII." on west side; and on the line between concessions three and four at its intersection with the east boundary marked "Con. III." on south, "I." on west, and "Con. IV." on north side; at its intersection with line between lots six and seven marked "VI." on east, "Con. IV." on north, "VII." on west and "Con. III." on south side; and at its intersection with shore line of Lake Abitibi marked "Lot VIII., Con. IV." on north side and "Lot IX., Con. III." on south side.

The surface of the township is level or gently undulating, excepting a strip from half a mile to a mile in depth along Lake Abitibi, through concessions one, two, three, and four, this strip being rough and broken with occasional outcrops of rock.

Aylen River crosses the north boundary near the middle of lot three, and flows in a southwesterly direction into Lake Abitibi. It is a very sluggish stream after the spring floods run off, and is navigable by canoes until on in September, when the water in the lake begins to get pretty low. There are only four small lakes in this township and a few small ponds, and that part of the township lying east of line between lots four and five is very level and swampy, the timber being mostly small spruce. The only timber of commercial value is spruce suitable for pulpwood. In the hilly portions and along the banks of the creeks the timber is spruce, balsam, and poplar with scattered white birch and banksian pine, all averaging from six to twelve inches in diameter.

The soil is good clay loam and will be easily cleared for agricultural purposes, and owing to the National Trans-continental Railway passing a couple of miles to the north of this township it should soon be settled and cleared.

Fish and game are very scarce, the only portion of the township in which evidence of presence of moose was noted, was around a small lake in the southwest corner of the township.

Accompanying this report are a general plan, timber plan, and field notes.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) WALTER BEATTY,
Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines.
Toronto.

(Appendix No. 33.)

TOWNSHIP OF STEELE, DISTRICT OF NIPISSING.

EGANVILLE, ONT., December 3rd, 1908.

SIR,—I have the honour to report that in accordance with your instructions dated the 29th day of May, 1908, I have completed the survey of the township of Steele in the District of Nipissing.

This township is bounded on the south by Lower Abitibi Lake, on the east by the township of Bonis and the unsurveyed lands of the Crown; on the north by unsurveyed lands, and on the west by unsurveyed lands and the township of Purvis.

The base line, run by O.L.S. Patten last summer is the front of concession one of this township, and his fourth mile post being the most convenient point to reach from Lake Abitibi, I went to it and commenced the subdivision work by running a line south to the lake and north through the various concessions as a base for my work, making the concessions eighty chains in depth and the lots forty chains in width as near as was practicable. The township of Purvis formed the west boundary through concessions D., E., F. and G., and I ran a line due north astronomically from the northeast corner of this township for the remainder of said boundary. The east boundary was run from Patten's six mile post south astronomically to the shore of the lake and north astronomically to intersection with the north boundary. The subdivision of township was carried out in accordance with instructions, the meridians being projected from Patten's base line, south to the lake and north through the township, the concession lines being run east and west astronomically. Posts of the most durable wood available were planted at the corners of the lots, and where ground was rocky and posts could not be well driven into the ground, stones were piled around them.

Frequent observations for azimuth were taken, the magnetic variation being about nine and three-quarter degrees west.

I planted an iron bar one and seven-eighths inches in diameter at southeast corner of my township marked "I." on west, "Con. A." on north and "Steele" on northwest side. To the one and seven-eighth inch iron bar, beside Patten's six mile post I added "Con. I." on north, "I." on west and "Con. G." on south side. I also planted one and seven-eighth inch iron bars at the northeast and northwest corners of my township, the former marked "Con. VI." on south, "Steele" on southwest and "I." on west side, the latter marked "Con. VI." on south, "Steele" on southeast and "XII." on east side, and I planted a similar bar at the southwest corner of the township, marked "XII." on east, "Steele" on northeast and "Con. D." on north side. This post was planted alongside wooden post planted by O.L.S. Patten last year.

I planted iron bars one and one-quarter inches in diameter at the following places, on the line between lots six and seven, at its intersection with shore line of Abitibi Lake, marked "VI." on east, "VII." on west and "Con. E." on north, at its intersection with line between concessions three and four marked "Con. III." on south, "VI." on east, "Con. IV." on north side and "VII." on west, and at its intersection with north boundary marked "Con. VI." on south, "VI." on east and "VII." on west side; also on line between concessions three and four, at its intersection with east boundary marked "Con. III." on south, "I." on west and "Con. IV." on north, and at its intersection with west boundary, marked "Con. IV." on north, "XII." on east and "Con. III." on south.

The surface of that part of this township lying north of the line between concessions two and three is rolling and broken as a whole, while some of it is very hilly, and is not of any value for agricultural purposes, the soil being mostly sandy, mixed with stones and rock, and a considerable percentage of it has been burned over in the last few years.

The timber is small and not of any commercial value, while the remainder of the township is either level or gently undulating, with numerous small creeks which will afford excellent drainage facilities, the soil being a rich clay loam, suitable for agricultural purposes, the timber being spruce suitable for pulpwood, standing very thick but none of it is of large dimensions. Along the banks of the larger creeks and on the higher knolls scattered bank-sian pine and spruce are found from eight to fourteen inches in diameter, but the construction of the railway will require a large percentage of supply of large timber. The majority of the lots have a valuable asset in their supply of spruce pulpwood. Outcrops of rock occur generally speaking in the easterly portion of the township and it appears to have been overrun by prospectors who staked out a number of claims, but all of these seem to have been abandoned with the exceptions of B.G. 189, in Concession C. where men were engaged sinking a shaft this summer. The Bureau of Mines had a party making geological survey on Lake Abitibi this summer and will doubtless report fully on the mineral resources of this township.

The National Trans-continental Railway now under construction runs through this township, and should add materially to the value of the land, as the settlers will by its aid have access to markets for their pulpwood, thereby more than paying for the cost of clearing their land.

Residency 5 of the Engineering Staff of the railway is located on lot 5, concession E., and the buildings erected there, the partially cleared right of way of the railway and the mining operations on B.G. 189 are the only evidences of occupation in this township.

There are no navigable streams or water powers, and only three fair sized lakes in this township, but it is well drained by numerous small creeks. The larger portion of the township drains southerly into South East Bay of Lake Abitibi, the remainder draining in a northwesterly direction, with an outlet into the lake through the township of Purvis.

Lake Abitibi which forms the south boundary of the township is very shallow with low shores, and is only navigable by flat bottomed or shallow vessels.

Game of any kind is very scarce. Indications of the presence of moose were seen round the lake on lots six and seven, concessions five and six, and occasional tracks along the shore of Lake Abitibi.

Taken as a whole I believe that fifty per cent. of this township is suitable for agricultural purposes, and I have no doubt that the construction of the railway will quickly be followed by settlers, and that that portion of the township south of concession three will develop into a prosperous agricultural community.

Accompanying this report are a general plan, timber plan, field notes, and the customary affidavits.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) HERBERT J. BEATTY,
Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

*Appendix No. 34.*TOWNSHIP OUTLINES IN THE TEMAGAMI FOREST RESERVE, DISTRICT OF
NIPISSING.

TORONTO, ONT., November 30th, 1908.

SIR,—I have the honour to submit the following report upon the survey of certain township outlines to the east of the east branch of the Montreal River in the Temagami Forest Reserve, made by me under instructions from your Department, dated the 27th day of May, 1908.

Leaving Latchford on the tenth day of June with my party and outfit I proceeded via the Montreal River to the field and commenced operations in due course. The first meridian line was run due south from a point six miles due west of the northwest angle of the township of Farr and forms the eastern boundary of the townships of Morel, Haultain, Nichol, Charters and Donovan. The second meridian line was run north from a point six miles due west from the southwest angle of the township of Rorke and forms the eastern boundary of the townships of Gamble, Brewster, Corkill, Lawson, Chown and Shillington.

Base lines were run six miles east and six miles west from the northwest angles of the townships of McGiffin and Trethewey, in other cases were produced west from points established last year.

Three of these were produced westerly to the east branch of the Montreal River, as follows:—

The north boundary of the township of Morel intersecting at Sisseney Lake, the north boundary of the township of Nichol at Burk Lake and the south boundary of the township of Donovan at Smooth Water Lake.

From the last mentioned intersection I connected by triangulation across Smooth Water Lake with P. L. S. Sinclair's one mile point on his survey of the east branch of Montreal River made in 1867, where I found an eight inch red pine blazed on four sides and a few feet away on another red pine, the name "D. SINCLAIR, P.L.S." (date) cut in and although somewhat charred by fire since placed there, was still quite distinct, the date alone being indistinct.

Good substantial squared wooden posts were planted at every mile throughout the survey, excepting where such point came within a lake or river, in such cases a witness post was planted at the shore with the proper chainage inscribed thereon. The mile posts were all properly marked with the mileage, numbered from the east and south from 1 M. to 6 M. for each township boundary.

Iron posts one and one-quarter inches in diameter were planted in addition to the wooden posts, at township corners and also at the intersections before mentioned at Smooth Water and Burk Lakes on the east branch of the Montreal River

PHYSICAL FEATURES.

In general the surface of the country traversed is very broken and rough, high hills, with rock surface succeed each other with marked regularity as the country is travelled from east to west. The watershed towards the east branch does not extend more than two miles to the east.

The headwaters of the southwest branch of Bear Creek, Stony Creek and north branch of Lady Evelyn River are situate within the township of Corkill where a number of small spring lakes and ponds were found.

The largest valley noticed was that through which the east branch flows in a very winding course in the township of Charters and Nichol, being from one to two miles wide. The banks of the stream are of good clay loam. The soil in general throughout the country is sandy with loose rounded boulders, but the country rock is not very deep below the surface, even in the swampy tracts.

TIMBER.

The different kinds of forest trees which are found growing in any quantities are jack or banksian pine, birch, spruce, poplar, balsam, cedar and red and white pine. The fires which swept over that country years ago seem to have burnt in small areas and at different times, especially is this noticeable in the southern part, where small second growth jack pine, birch, poplar, will be found on one ridge, while the next will be covered with the same kind of trees averaging from six to sixteen inches in diameter. In general terms I would describe the forest which has survived the fires within the past semi-centenary as consisting of banksian pine, spruce, poplar, balsam, birch and cedar, averaging from eight to sixteen inches in diameter. Also small bunches of red and white pine in the townships of Charters, Donovan, Gamble, Brewster, Trethewey and McGiffin from ten to thirty inches in diameter. That of more recent growth consists of banksian pine, spruce, balsam, birch and poplar, varying in size up to eight inches and thickly studding the surface.

During the past season a large tract of country was burnt over adjoining Stony Lake, Bloom Lake, Miller Lake, Lost Lake, Gowganda Lake, Obuskong Lake, and along the water routes joining these lakes, and while no great quantity of valuable timber was destroyed, one of the finest and most attractive canoe routes in northern Ontario has been disfigured. No fires occurred to my knowledge during the season south of this one through-out my work.

...

WATER AND WATER POWERS.

Very few rain falls during the past summer caused the creeks to become very shallow and canoeing on the upper waters of the streams met with was difficult. Old portages were cleaned up where occasion required their use and several new ones were cut out. Big Bear or Macobe Lake is the largest body of water within this season's work, being over eight miles long and three wide.

There are no falls or rapids within the territory attractive for water power development.

ROCK FORMATION.

The northern part of this territory has been investigated closely by the Department of Mines; in the southern portion quartzite extends throughout with here and there small dykes of diabase.

GAME.

A large number of Moose were seen during the work in the Lady Evelyn River country. Also signs of bear, and several instances of fresh beaver work. Wolves were also heard on several occasions within short range of camp.

Not many fish were caught in the lakes or streams, pickerel, pike, bass and trout being the varieties seen.

Accompanying this report I submit plan, field notes, affidavits and accounts.

I have the honour to be, Sir,
Your obedient servant

(Signed) L. V. RORKE,
Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 35.

BASE AND MERIDIAN LINES, DISTRICT OF ALGOMA.

LITTLE CURRENT, ONT., December 22, 1908.

SIR,—I have the honour to submit to you the following report on the survey of base and meridian lines, which form boundaries of timber berths C, D, H, G, K, L, O, P, S and T, each six miles square, on the Mississauga, Sable, and west branch of the Spanish Rivers, in the District of Algoma, under instructions from your Department dated Toronto, May 28th, 1908.

Leaving Little Current on 2nd July, I proceeded by way of the Canadian Pacific Railway to Biscotasing, where I outfitted and procured guides, thence continuing by canoe route to Bark Lake on the Mississauga River in Berth T, where I arrived on the evening of 11th of July.

On 13th of July I commenced the work by running east astronomically, the first base line from O. L. S. Niven's twelve mile post on his meridian which was run in 1901. The base was run continuously for twenty-four miles and some chains to the fifth mile on the north limit of Berth D, when further work on it was stopped by bush fire.

The second base was also run east astronomically, continuously from the six mile post on the said meridian run by O. L. S. Niven about thirty miles to its intersection with O. L. S. Beatty's meridian, at a point five chains and twenty-nine links south of where his meridian intersects the south shore of Sinaminda Lake. Reckoning from Beatty's chainage to this lake, this intersection of second base with said Beatty's meridian is nineteen chains and ninety links north of his six mile post. An unsuccessful search was made for this post.

The first, second and third meridians were run south astronomically, from the first base at intervals of six miles (the first meridian starting from the first base at a point six miles east of the said Niven's meridian, the second meridian at a point twelve miles east of the said Niven's meridian, and

so forth) continuously to their intersection with O. L. S. Niven's base. The fourth meridian was also run south astronomically from the first base for two miles and some chains, when we were again driven back by the fire. From near the proper point on the second base due allowance having been made for convergence of meridians. The fourth meridian was then run south astronomically to its intersection with the said base run by O. L. S. Niven. Then from the said point on the second base it was run north astronomically three miles and some chains across Mozhabong Lake, where we again met the fire. Seeing that there was little probability of the fire being put out, we abandoned the work on the 21st of September. All lines were well cut out and blazed on the side of the trees facing the line, also on those sides in the direction in which the lines were running.

At every mile a wooden post six inches square was planted, except in a few instances where large enough timber could not be obtained conveniently, smaller ones were placed. On the base lines the posts were marked in Roman numerals on the east side, the number of miles reckoning from the northeast corner of the berth, and on the meridians the number of miles was marked on the south side reckoning from the southeast corner. At the berth corners an iron tube one and one-quarter inches in diameter, three feet long, pointed and forged at the top to exclude rain, was also planted beside the wooden post. On both these posts were marked the berth letters on the sides facing the respective berths.

Where a mile came in a lake a post was planted on the nearest shore with the miles and chains marked on it.

The timber is mostly jack pine from six to fifteen inches in diameter, while spruce from six to twelve inches, white birch from six to ten inches, balsam from six to twelve inches. In some places there is poplar from four to twelve inches. On the southerly nine miles of the first meridian there is considerable white and red pine of the best quality, and from fifteen to twenty-six and thirty inches in diameter. The south half of Berth O. also the southwest quarter of K. is probably well timbered with white and red pine of the above dimensions. No other large areas of red and white pine were seen, it occurs more or less scattered on the other berths.

On Berths S. and T. there are clumps of red and white pine of fair size and quality which have escaped the fire which swept those berths, also the northwest quarter of P., some years ago. The greater part of the country is heavily timbered, in a few places there is goul sized cedar, but shaky at the butt. Along the north limit of T. considerable cedar was found. In some sections there is a scrubby soft maple. There is also some ash along the streams.

In Berth L. there is a belt of the old brule from one to two miles wide, which extends from near the northwest corner southeasterly through the berth, and projects three square miles into the northeast corner of K. There is also a small belt of it along the first, second and third miles on the line between H. and D. This brule is covered with a dense growth of jack pine, spruce and white birch about three inches thick, which made it very tedious work to cut a line through.

The accompanying timber map shows in colours the distribution of the different timbers and brule.

The rock is all red granite, and the soil a rich, sandy loam, but so badly broken with rock, boulders and gravel as to be unfitted for anything but timber.

There are apparently no minerals.

The country is very hilly and in places mountainous. The hills follow mostly a northerly and southerly course, and are from forty to one hundred and fifty feet high.

The Mississaga River flows out of Bark Lake near the west limit of T. Near the east limit of O. a considerable stream flows south and empties probably into the Sable waters. It probably could be used for driving timber. The west branch of the Spanish River flows southeasterly through Berths L. H. and G. It has a good current and is from thirty to forty feet wide and from two to three feet deep, and navigable for canoes.

There are a great many lakes which form excellent canoe routes. Bark Lake which extends through a great portion of Berths S. and T. is particularly attractive to the tourist, partly on account of the timber on its shores not being killed by the raising and lowering of its waters in lumbering, which is the case on Mozhabong Lake.

There are a great many moose and red deer, also wolves and a fair amount of smaller game. There is plenty of fish in Bark and Mozhabong Lakes.

The magnetic variation ranged mostly from four degrees to five degrees, and was very steady.

Great care was taken to extinguish all fires, and a reliable man was instructed as his particular duty to see that this was done.

The lines were run with a six inch solar and a transit. Observations for the meridian were taken on Polaris, and the bearing of the solar lines checked.

I have the honour to be, Sir,
Your obedient servant,

(Signed) T. J. PATTEN,
Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 36.

BASE AND MERIDIAN LINES, DISTRICT OF ALGOMA.

SUDBURY, ONT., November 16th, 1908.

SIR,—I have the honour to submit the following report of the survey of certain base and meridian lines forming the outlines of timber berths six miles square lying between O. L. S. Niven's base line of 1901 on the north and O. L. S. Patten's base line of 1891, and O. L. S. Bell's base line of 1888 on the south in the Mississaga Forest Reserve, District of Algoma, performed under instructions from your Department, dated June 8th, 1908.

I left Sudbury on July 8th, 1908, and proceeded with part of my party to Bisco, on the Canadian Pacific Railway, where my supplies were, leaving the balance of the party at Munro Siding on the same line of railway, further east. After getting the canoes loaded I started my assistant with eight men south on July 11th, by Bisco, Indian and Mozhabong Lakes to the work, going back to Munro Siding and by way of Pogomasing, Kennedy

and Blue Water Lakes, through the township of Craig to the southwest angle thereof, where we arrived on July 13th. After obtaining the necessary observation the work was started on July 14th, and I ran west astronomically from day to day till the base line was completed on September 3rd.

The survey was performed in accordance with instructions in every particular, with the exception of the marking of posts south of my base line, owing to the difficulty and in some instances impossibility of locating O. L. S. Patten's and O. L. S. Bell's base lines to the south, on account of lumbering operations having destroyed every land mark in the vicinities of our lines. The several meridian lines south of my base line were chained from the base south and the posts marked on the north side with the mileage from my base line in each case. Wooden posts of the most durable wood in the vicinity were planted at the end of every mile in a stone mound, wherever stones were obtainable and plainly marked in Roman numerals the number of miles from the starting point or intersection in each case. My fourth meridian was run south astronomically from the twelve mile post on O. L. S. Niven's base line of 1901, crossing my base line at six miles, two chains and sixty-six links west of O. L. S. Salter's third meridian, re-run by O. L. S. Beatty in 1891. An observation on Polaris at East Elongation at this corner proved both lines correct.

My third meridian was run north and south astronomically from a point in my base line six miles west of the fourth meridian. O. L. S. Salter's fourth meridian was intersected at five miles, fifty-seven chains and sixty-three links west of my third meridian and was easily traced out in the green timber. My second meridian was run south astronomically from a point on O. L. S. Niven's base line of 1901, distant twenty-four chains and sixty-three links east of his thirty mile post, crossing my base line at six miles, seven chains and five links west of O. L. S. Salter's fourth meridian.

My first meridian was run north and south astronomically from a point on my base line six miles west of the second meridian.

After diligent search for some time by the whole party it was found impossible to discover any trace of O. L. S. Salter's fifth meridian run in 1857 and I planted the iron and wooden post at the end of my line, six miles and sixty-two chains west of the first meridian and returned to the last corner to run north astronomically. On September 7th the work was completed and we left for Bisco and Sudbury, where we arrived September 10th.

Iron posts one and one-quarter inches in diameter, three feet long, forged at the top, pointed at the bottom end and painted red, and plainly marked with a cold chisel, the mileage and the different berths to which they referred on the proper sides were planted at the following points in a stone mound where stones were obtainable besides a wooden post in each case, viz.,

1. At the southwest angle of Craig township marked "Craig" on the northeast, "115" on the northwest, "114" on the southwest and "108" on the southeast.

2. At the intersection of my base line with O. L. S. Salter's third meridian re-run by O. L. S. Beatty, 1891, marked "VI. M+0.77" on the east side, "114" on the southeast, "115" on the northeast, "A" on the southwest and "B" on the northwest.

3. At the intersection of my base line with my fourth meridian marked "VI. M+2.66" on the east side, "A" on the southeast, "B" on the northeast, "E" on the southwest and "F" on the northwest.

8a L.M.

4. At the intersection of base line with third meridian marked "VI. M" on the east side, "E" on the southeast, "F" on the northeast, "I" on the southwest, and "J" on the northwest.

5. At the intersection of my base line with O. L. S. Salter's fourth meridian run in 1857, marked "VM. M+57.63" on the east side, "I" on the southeast, "J" on the northeast, "M" on the southwest and "N" on the northwest.

6. At the intersection of my base line with the second meridian marked "VI. M+7.05" on the east side, "M" on the southeast, "N" on the northeast, "R" on the northwest and "Q" on the southwest.

7. At the intersection of my base line with the first meridian marked "VI. M" on the east side, "Q" on the southeast, "R" on the northeast, "V" on the southwest and "U" on the southwest.

8. At the end of my base line marked "VI. M+62.00" on the east side, "V" on the southeast and "U" on the northeast.

9. At the intersection of my fourth meridian with O. L. S. Patten's base line of 1891, marked "VI M+40.00" on the north side, "A" on the northeast, "E" on the northwest.

10. At O. L. S. Niven's base line was found an iron and wooden post marked "XII. M" on the east side, on which I marked on the south side "VM+61.27," "B" on the southeast, "F" on the southwest.

11. At the intersection of my third meridian with O. L. S. Niven's base line marked "VM+56.00" on the south side, "F" on the southeast and "J" on the southwest.

12. At the intersection of my third meridian with O. L. S. Patten's base line of 1891, marked "VIM+47.46" on the north side, "E" on the northeast and "I" on the northwest.

13. At the intersection of my second meridian with O. L. S. Niven's base line of 1901, marked "VM+61.88" on the south side, "N" on the southeast, and "R" on the southwest.

14. Near the intersection of my second meridian with O. L. S. Bell's base line of 1888 (no trace of which was to be found) marked "VIM+40.00" on the north side, "M" on the northeast and "Q" on the northwest.

15. At the intersection of my first meridian with O. L. S. Niven's base line of 1901, marked "VM+64.90" on south side, "R" on the southeast and "V" on the southwest.

16. At the intersection of my first meridian with O. L. S. Bell's base line of 1888, marked "VIM+48.61" on the north side, "Q" on the northeast, and "U" on the northwest.

Where the end of a mile came in a lake or river, the posts were planted on the nearest bank and chainage marked thereon with a knife. Bearing trees were marked and noted at a convenient distance for every post planted. All lines were run with transit and were well opened out and blazed. Observations on Polaris at Eastern Elongation for azimuth were taken frequently throughout the survey. The magnetic variation was found to be fairly constant at five degrees twenty minutes west. At a point on the first meridian about "VM+60.00" south of the base line a deflection of eighteen degrees was noted, the country being very rocky and mountainous in the vicinity.

GENERAL DESCRIPTION. -

The first twelve miles or so of base line passed through rough, rocky, mountainous country, with large areas of bare rock, apparently burned over thirty-five to forty years ago, and grown up with white birch, poplar, balsam

some banksian pine and spruce with hazel and maple underbrush with scattered groves of white and red pine left undamaged by the fire.

Approaching the Spanish River was a long, sloping and undulating plain of banksian pine for nearly a mile, while the west bank was hilly and mountainous. The largest area of green pine was noticed on the base line between berths "E" and "F" and on the third meridian between berths "E" and "I," being of white and red, about equal in quantity and up to thirty inches in diameter. The Spanish River was crossed first at about nine miles from Cr  g township, the post being just at the top of the west bank. The river at this point is filled with boulders up to ten feet in diameter and is unnavigable, and also for some distance up stream water being very low at this season. The Sable River where my base line crossed it is shallow and good current with stony bed and very clear cold water and is surrounded by banksian pine plains for some distance on either side.

A branch of the White River (apparently) was crossed at about four and one-half miles west of O. L. S. Salter's fourth meridian and from old cuttings noticed has evidently been used as a canoe route years previously. Towards the end of my base line was a chain of small lakes apparently flowing towards the Mississauga River through a very mountainous and rocky country. Numerous small lakes were crossed and in almost every instance were the result of beaver work.

Some lakes of large area were crossed on the first meridian south of my base line and on the third meridian north of base line. Pequocut or Russian Lake being a beautiful sheet of water on the canoe route from the Spanish River to Sable Lake.

The country from beginning to end of base line is rough, rocky and mountainous, with the exception of some areas of banksian pine plains, which were slightly undulating with gravel and boulder formation. Numerous large boulders up to twenty-five or thirty feet in diameter were a continual source of difficulty in producing the line. The Laurentian formation was the principal rock noticed along the line. Considerable outcroppings of red and gray granite were noticed as well as some slate. Some conglomerate was noticed on the first meridian near the south end. No indications of economic minerals were found.

GAME.

Moose, red deer and caribou were frequently seen as well as bear, which were especially numerous in the brule, wolves seemed plentiful and were often heard close to camp at night, beaver were very plentiful, evidences of their work being met with every day, and they were frequently seen at work. Partridge, duck and fish were also plentiful.

Excellent weather was experienced during almost the whole survey with the exception of some very hot days in July.

The work was completed without hindrance from bush fires, which up to this time had not assumed large proportions. Accompanying this report are general plan, timber plan, field notes and account in triplicate. All of which is respectively submitted.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) J. HENRY BURD,

Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
TORONTO.

Appendix No. 37.

TOWNSHIP OF EILBER, DISTRICT OF ALGOMA.

GUELPH, ONT., March 7th, 1908.

SIR,—I have the honour to submit the following report of the survey of the township of Eilber, in the District of Algoma made under instructions from your Department dated May 6th, 1907.

This township lies north of the township of Barker.

The Missanabie River enters this township near the southwest corner of lot twenty-eight in the third concession and flows northerly through the western part of the township and crosses the north boundary between lots twenty-six and twenty-seven. The river averages about eight chains in width and in general is not very deep, but flows with a good current.

There are no falls on the river within the township and the only serious obstruction to canoe navigation is a short rapids in lot twenty-five, concession seven, in which there is a descent of five feet, necessitating a short portage over the rocks in ordinary water or on the right bank in high water. This is known as "Rocky Island Portage."

The township was sub-divided under the new system, a road allowance half a chain wide being left on each side of the outlines, and a road allowance one chain wide between alternate concessions, and a side road allowance between lots six and seven, twelve and thirteen, eighteen and nineteen and twenty-four and twenty-five.

The survey lines were run in the centres of the road allowances, wooden posts were planted on the concession lines at each lot corner, a post being placed on the centre line and one on the north side and one on the south side of the road allowance, the three posts in each case being marked with the numbers of the lots on the east and west sides. The centre post was also marked "R" on the north and south sides, the posts on the sides of the road allowance were also marked "R" on the sides next the road and with the number of the concession on the other side.

At a side road a post was planted at the intersection of the lines and marked "R" on each of its four sides. A post was also planted on each of the four lot corners and marked "R" on the two sides next to the roads and with the lot number on the east or west side and the concession number on the north or south side. No posts were planted on the side roads at the blind lines.

There is an iron post one and seven-eighths inches in diameter beside the wooden post at each corner of the township, marked "Eilber" on the sides towards the township. An iron post one and one-quarter inches in diameter was placed beside the wooden post on the south boundary at the line between lots twelve and thirteen, marked "R" on four sides, "Lot XII." on the east side, "Lot XIII." on the west side, "Con. I" on the north side. A similar iron post was also planted beside the wooden post at each of the following points, viz., on the east boundary at the line between concessions six and seven and marked "R" on four sides, "Lot I." on the west side, "Con. VI." on the south side, "Con. VII." on the north side.

At the intersection of the line between concession six and seven with the side line between lots twelve and thirteen and marked "R" on four sides, "Lot XII." on the east side, "Lot XIII." on the west side, "Con. VI." on the south side, "Con. VII." on the north side.

On the concession line between concessions six and seven on front of lot twenty-eight, one chain east from the shore of the lake and marked "Lot

XXVIII." on the east side, "Con. VI." on the south side, "Con. VII." on the north side, and "R" on the north, south and west sides.

On the north boundary at the line between lots twelve and thirteen, marked "Lot XII." on the east side, "Lot XIII" on the west side, "Con. XII." on the south side and "R" on four sides.

In the survey I adopted the river as the boundary between the northern part of lot twenty-seven and lot twenty-eight, concession nine and as the boundary between lots twenty-seven and twenty-eight in concessions ten and eleven, and between lots twenty-six and twenty-seven in concession twelve.

The surface of this township is gently undulating and it is well drained by the Missanabie River and small streams flowing into it.

The township contains a large amount of good dry land and there are no large swamps and very little wet swamp land which cannot be easily drained.

The rock outcrops at a few places along the river and in the interior of the township one or two small exposures were seen.

The soil is clay and in the swamps the clay is overlaid with black muck of various depths which in turn is covered with a thick growth of moss.

The timber is a young growth and consists chiefly of spruce and poplar. The poplar is of good quality and where found is usually thick on the ground. Much of the spruce is small, very few of the trees reach twelve inches in diameter and where trees of that size are found they are often thin on the ground.

The agricultural possibilities of this township are good. The soil is rich, there will be very little waste land and as the Transcontinental Railway will cross the southern part of it, it will be easy of access.

There is very little large game in this township and very few fish were found in the river.

Accompanying this report are the field notes of the survey, a map of the township and a timber plan, all of which I trust will be found satisfactory.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) JAMES HUTCHEON,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
TORONTO.

Appendix No. 38.

BASE AND MERIDIAN LINES, DISTRICTS OF ALGOMA AND THUNDER BAY.

TORONTO, ONT., November 30, 1908.

SIR,—We have the honour to submit the following report on the survey of certain base and meridian lines, forming the outlines of townships nine miles square in the Districts of Algoma and Thunder Bay, made by us during the past summer, under instructions dated 21st May, 1908.

Nine men were taken from Toronto and vicinity and thirteen others were engaged at various points along the line of the Canadian Pacific Railway, between Missanabi and Heron Bay.

A start was made from Montizambert on 13th June, up the canoe route connecting that point with the Albany River, via the Nagagami River. Ten days were occupied in travelling and transporting about thirty-eight hundred pounds of supplies and equipment to the commencement of the survey, a distance of about one hundred and fifty miles, including twenty-six portages.

The last ten miles of the journey—from Cache 9A of the National Transcontinental Railway, at the crossing of the Nagagami River—being devoid of waterway it was necessary to pack the supplies for the eastern part of the work the entire distance.

The residue of our previous season's supplies having been stored near Cache 9A, we were able to avoid the necessity of transporting an additional twenty-five hundred pounds from Montizambert for this season's requirements. Heron Bay was made headquarters for supplies for the western part of the survey.

Work was begun on 25th June at the closing point of our work of 1907, the end of the sixty-third mile on the base line, being the southwest angle of the township of Fintry, the northwest angle of the township of McMillan, or three townships' breadth east of the boundary between the Districts of Algoma and Thunder Bay. The initial point was in latitude forty-nine degrees, fifty-one minutes and six seconds north, and was found to be marked by an iron post one and seven-eighths inches in diameter, alongside a cedar post six inches square marked on the east "63M." This post also marked the southeast angle of the township of Mulloy and the northeast angle of the township of McCoig.

We then continued the base line due west, twenty-seven miles on nine mile chords of the parallel of latitude stated above, being from the sixty-third to the ninetieth mile on the first base line, planting a wooden post at the end of each mile and, in addition, iron posts one and seven-eighths inches in diameter at the ends of the seventy-second, eighty-first and ninetieth miles. The ninetieth mile fell short about one and seven-eighths miles (estimated), of the district boundary, that portion of the base line being not completed. This line forms the south boundaries of the townships of Mulloy, Shuel and part of Boyce, and the north boundaries of McCoig, Kohler and part of Clavet.

Returning to the eighty-first mile post we ran due north, nine miles, to the northwest angle of the township of Shuel, and the northeast angle of the township of Boyce, planting a wooden post at the end of each one and a half miles and an iron post at the township corner.

This line if continued about one-third of a mile north would cross the located line of the National Transcontinental Railway.

We next ran due west on the second base line, being a chord of a parallel of latitude, forming the boundary between the townships of Bicknell and Boyce, with wooden posts planted at the end of every mile, for a distance of ten miles and sixty-six chains, at which distance the boundary between the Districts of Algoma and Thunder Bay was intersected at a point five chains and fifty-two links south of the ninety-fourth mile post on that boundary.

At the intersection of the second base line with the district boundary, we planted an iron post one and seven-eighths inches in diameter alongside a spruce post marking each as follows: "XM+66c" on the east side, "Henderson" on the northwest side, "Bicknell" on the northeast side, "Boyce" on the southeast side, and "Bell" on the southwest side, and continued the line

due west, on nine-mile chords of the parallel of latitude, for a distance of eighteen miles, establishing the south boundaries of the townships of Henderson and Selwyn and the north boundaries of the townships of Bell and Low.

Wooden posts were planted at the ends of all miles and, in addition, iron posts at the ends of the ninth and eighteenth miles.

From the end of the eighteenth mile we ran due north between the townships of Selwyn and Barlow, planting wooden posts every one and a half miles and an iron post at the end of the ninth mile.

We next ran due west on the third base line, on nine mile chords of a parallel of latitude, for a distance of thirty-six miles, planting a wooden post at the end of each mile, except in the cases of the second, eighteenth, twenty-fifth and twenty-seventh miles, which points occurred in the water, and the posts were planted at the nearest permanent places on the shore, or bank, and on the survey line, the distance from the true corners being marked on the posts. Iron posts, one and seven-eighths inches in diameter were planted beside the wooden posts indicating the ends of the eighteenth, twenty-seventh and thirty-sixth miles. The north boundaries of the townships of Barlow, Goodwin, Chipman and Raynar are formed by the third base line.

The boundary between the townships of Goodwin and Chipman was also run, due south, and posted in the usual manner.

This base line was then continued west, on a nine mile chord of latitude, for a distance of three miles, sixty-nine chains and twenty-five links, to connect with the southern part of South Twin Lake.

We then returned to the northwest angle of the township of Raynar and ran due north four miles, intersecting the located line of the National Transcontinental Railway, at two chains and twenty-five links south of the fourth mile post. This meridian was posted in the usual manner.

Returning again to the northwest angle of the township of Raynar, we ran due south along the west boundaries of the townships of Raynar and Bain, eighteen miles, planting wooden posts at the end of each one and a half miles, also an iron post at the end of the eighteenth mile.

From this point we ran due east, on the chord parallel, nine miles, to the southeast angle of the township of Bain, planting a wooden post at the end of each mile. This completed the lines run during the season.

Nearly all the wooden posts planted were of tamarack or cedar, spruce being used only when neither of the former could be obtained. Iron posts, one and seven-eighths inches in diameter, three feet long, forged at the top, pointed at the bottom and painted red, were planted at all township corners except the following:—The northwest angle of the township of Barlow, the southwest angle of Goodwin and the northwest and southeast angles of Bain. These omissions were due to the failure on the part of the supply men to bring the iron posts in from Heron Bay.

In all cases where wooden and iron posts were planted side by side, the iron post indicates the intended corner.

All lines were well opened out and properly blazed.

Astronomical observations were taken as frequently as opportunity permitted and the directions of lines are in accordance therewith. Some specimen observations are given in the field notes returned, but a number are omitted as being unnecessary to the returns.

The dense smoke from the distant fires made it impossible to satisfactorily carry on the traverse survey of Long Lake contemplated by the instructions.

The return journey was made via English River, Long Lake and Pic River to Heron Bay and thence by the Canadian Pacific Railway to Toronto, which was reached on 24th September.

GENERAL FEATURES.

The country involved in this survey lay chiefly in the valleys of the Pegutchewan and English Rivers and in the vicinity of the located line of the National Transcontinental Railway, extending over a total breadth of twenty miles from south to north and a length of eighty-seven miles from east to west, the eastern thirty miles, more or less, being in the District of Algoma and the remainder in Thunder Bay. Access is had from the Canadian Pacific Railway as far as the height of land, by the Nagagami Canoe route to the east from Montizambert and the Pic River route from the west. Beyond the height of land the Nagagami route extends as far as the English River and the Pic River route forks, the east branch waters following the waters of the Pegutchewan and the west branch the English River.

Generally speaking the surface is high lying, gently undulating and well watered, with good drainage facilities.

The clay belt extends, along the lines surveyed, to about thirty miles west of the district boundary and, from credible information received, we believe it here deflects northward. To the west and south, the country is more rugged and the soil sandy and stony. Numerous lakes, some of considerable extent, are found in the more rugged parts.

Fire has swept over nearly half the country east of the English River, which was crossed by our third base line at about twenty miles west of the district boundary, and in some parts a second burning has removed so much of the dead timber that clearing for agricultural purposes will prove a very easy matter.

SOIL.

Good clay soil, exposed to view in many places by the action of fire, covers about the easterly sixty miles of the work, at least seventy to eighty per cent, being excellent farm land.

To the west of the region above described, sandy soil predominates with an occasional small area of clay and outcroppings of granite rock, only a comparatively small part being suitable for agriculture.

TIMBER.

The timber, in the part lying east of the English River, which has so far escaped damage by fire, is chiefly spruce, tamarac, poplar, balm of gilead, balsam and white birch of good quality, with occasional scrub cedars. If not destroyed before the completion of the railway, a considerable amount of pulpwood will be furnished by the spruce in this region, in addition to supplying the needs of the settlers. The tamarac, nearly all of which is still free from the ravages of the pest, will form a valuable asset in the way of railway ties.

To the west of the English River the timber has suffered less from fire, and comprises spruce, banksian pine, tamarac, poplar, white birch, balm of gilead and balsam, with a few scattered cedars, more particularly in the river valleys. Considerable areas of banksian pine of good quality, ranging

up to ten to fifteen inches in diameter, were seen, these being chiefly in the western parts of the townships of Raynar and Bain.

WATER.

The whole country is well watered by small streams with fairly good current, indicating excellent drainage facilities. Lakes and swamps are much less numerous in the clay region than in the lighter country to the west.

The main streams crossed by our lines, taken in order from the east are:—

Trout River, a stream one chain in width, three feet in depth and water clear and good.

Bad River, which has a breadth and depth similar to the Trout, with clay banks thirty feet high, rapid current and stony bottom. Its water is clear and good.

Flint River, a sluggish stream about one chain wide, four to five feet deep, with clay banks two to three feet high. The bottom is clay and the water is somewhat tinged by clay.

English River, where crossed by the third base line, is four to six chains wide, with a depth of about ten feet and clay banks varying from five to fifteen feet high. Its current at this point is moderate, with rapids both above and below the crossing.

Devil Fish River, about five chains wide and four to six feet deep, has a moderate current where crossed by the west boundary of the township of Bain, but has rapids at various points. Its banks here are two to four feet high.

Little Long Lake River, about three chains in width and four feet in depth, where crossed by the west boundary of the township of Bain.

Long Lake River, sometimes called English River, crosses the south boundary of the township of Bain at a breadth of about two chains and depth of four to five feet. The clay banks are five feet high and current moderate. This stream, supplemented by Little Long Lake River and Devil Fish River, forms the English River proper.

MINERALS.

The Laurentian formation embraces the whole of the region touched by this survey. Outcroppings of rock in the clay district were rare and of slight extent, except in the beds of streams.

In the western part, granite and gneiss outcroppings were seen at intervals, but no traces of economic minerals were found.

We were, however, informed by Indians belonging to our party that a number of iron claims have been staked about thirty miles west of the township of Bain.

GAME

No large game of any kind was seen. Fur-bearing animals were scarce and even rabbits were rarely seen.

In all the streams, large and small, we found abundance of speckled trout, during the early part of the season.

The larger lakes contain whitefish, pike and pickerel.

GENERAL REMARKS.

The climate, as observed during the three months was all that could be desired for agricultural pursuits. Only one frost was experienced up to the second week in September, and it was not sufficiently severe to do damage. At the caches the vegetables freely grown included potatoes, cabbages, beets, peas, lettuce, radishes, onions, tomatoes, and in fact nearly all the varieties common to Older Ontario. Between the 20th and 26th July, the thermometer ranged from seventy-five to ninety-three degrees Fahrenheit. The lowest temperature recorded last winter at the English River Cache was thirty-five degrees below zero, and that at Jack Fish twenty-eight degrees. Navigation on South Twin Lake opened this year on 18th May, it having been closed by ice on 15th November, 1907.

The latter part of the summer of 1908, was particularly dry, and as a consequence the starting of forest fires was difficult to avoid, but we are able to record that none were occasioned by any members of our party. This is perhaps due to the fact that usual camp lectures on the dangers from carelessness were further impressed upon the men by the devastations witnessed in the early part of the season. Fire, said to have started at Nagagami Lake, had swept parts of that territory about four or five years previously. Later fires had cleared so much of the burned timber that little is left in some places for the future settler to do in preparing the lands for farming, but he will miss the timber necessary for the ordinary purposes of homesteading. In other places the windfalls resulting from the first fire were almost impenetrable and necessitated the employment of one or more axemen to clear the way for the packmen.

There is already a winter road from Jack Fish Station on the Canadian Pacific Railway to the foot of Long Lake, about eighteen miles, used by the Hudson's Bay Company and Revillion Brothers for freighting supplies for the ensuing summer for use at their respective stores on the northwest and northeast shores of Long Lake, the transport over Long Lake, a distance of about fifty miles, being made by sailing boats in the summer season. It is probable that this stretch of navigation will be served by steamboats during the coming season and the necessary summer roads from Jack Fish to Long Lake, and from the head of Long Lake to the National Transcontinental Railway, the latter a distance of about twenty miles, will be constructed by the railway contractors. This appears to be the only feasible supply route from the Canadian Pacific Railway to the National Transcontinental Railway between Lake Nipigon and the new town of Cochrane, at the present terminus of the Temiskaming and Northern Ontario Railway.

When the agricultural land embraced by our survey of 1908 has been made accessible by the completion of the National Transcontinental Railway, some three years hence, we see no reason why this land should not be as much sought after as that of northern Manitoba and Saskatchewan, the excellence of which has been so well demonstrated.

Accompanying this report are a general plan, field notes and triplicate account.

We have the honour to be,

Sir,

Your obedient servants,

(Signed) SPEIGHT & VAN NOSTRAND,
Ontario Land Surveyors.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 39.

TOWNSHIP LINE, MORLEY AND PATTULLO, DISTRICT OF RAINY RIVER.

FORT FRANCES, ONT., December 23rd, 1907.

SIR,—I commenced work at an original post marking the corner of the township of Morley, Pattullo, Shenstone and Tait, chaining thence west following the old line between the township of Morley and Pattullo. I found, at the distances given in the original field notes, or very nearly so, original bearing trees at one-quarter section thirty-six, one-quarter section thirty-five, northeast section thirty-four, northeast section thirty-three, one-quarter section thirty-three, northeast section thirty-two, one-quarter section thirty-two; at one-quarter section thirty-five, and northeast section thirty-two, also found the original posts, I renewed these old posts and planted new posts at the correct positions for section and one-quarter sections, as far west as one-quarter section thirty-two. I then proceeded to the post planted by me in 1903, between sections thirty and thirty-one, Shenstone, and thence chained west along the north boundaries of sections twenty-five, twenty-six, twenty-seven and twenty-eight. I found original posts between sections twenty-five and twenty-six, twenty-six and twenty-seven, at one-quarter section twenty-seven, and between twenty-seven and twenty-eight. The distances given in the field notes I found to be entirely wrong, the errors being as follows, actual chainage being:—

Section twenty-five between posts four chains twenty-eight links too long.

Section twenty-six between posts one chain four links too short.

Section twenty-seven between posts twenty-seven links too long.

Section twenty-eight from original post to intersection, three chains seventy-seven links too short.

I next proceeded to re-run the north and south lines, with the following results:—East boundary, section thirty-five, re-ran this line north from original post, found original bearing tree at one-quarter section, line produced could not be followed to township boundary; apparently the line had been produced to within a short distance of the boundary and then stopped. A short line two or three chains long runs south from where the original post was. East boundary section thirty-four along Government Road to township boundary. The west boundary of road, which apparently followed the old line, strikes four chains two links west from correct position of original post.

Original cutting could be followed along the southerly part of the line, but no blazes could be found, all fair sized trees having been used in road-making.

East boundary section thirty-three, re-ran north from original post at southeast angle and found original bearing tree at one-quarter section, at this point the line stops.

The line to one-quarter section is in green timber, which extends to, and past the boundary, and it is evident that no line was originally run through, as had one been run some evidence would still have existed, a very careful search was made, but no evidence of old axe work could be found.

East boundary section thirty-two, re-ran line through from south and found line in correct position running direct to original post, on north boundary, found also original post and bearing tree at one-quarter section.

Having run these lines I next proceeded to re-run the south boundaries of sections twenty-five and twenty-six, chaining west from original post on township boundary, I found as follows:

South boundary section twenty-five now original to intersection, three chains twenty-three links too long.

South boundary section twenty-six now intersection to original post fifty-five links too short, I followed the original line south along the Government road and found original posts at the southeast corner section twenty-two, and one-quarter section fifteen. These posts are all on line of road running east astronomically of section fifteen, twenty-two, twenty-seven and thirty-four, showing that the original line ran through, although in wrong position.

I next proceeded to join up one-quarter section post on east boundary section thirty-five, planted from original bearing tree to correct position post between sections thirty-five and thirty-six. This line runs for twenty chains across cleared and ploughed land in northwest one-quarter thirty-six.

I then joined up original post at southeast angle section thirty-four to post at northeast angle planted in true position from original bearing tree. This line passes directly through large frame house owned by D. Anderson on the north half of southwest one-quarter section thirty-five, also run across twenty chains of cleared and ploughed land on northwest one-quarter.

I then ran from post planted from original bearing tree at northeast angle section thirty-three to post at correct position from original bearing tree between the northeast and southeast one-quarter sections. On this line I found the chainage to creek to differ approximately five chains from that given in original notes, another proof that the line was never run.

I then proceeded to one-quarter section post on the north boundary section thirty-two and chained west to the township boundary. I could not find the original post or bearing tree at the corner, the land having been cleared this summer, but I obtained affidavits from two parties stating that its position was at the intersection of original lines, now fenced. This position I can also certify to; as I have personally chained along the Dilke boundary from the post following the old line. I did not place any one-quarter section post or section post on section thirty-one as I am informed that the parties owning these lands can give affidavits shewing that the section post (northeast section thirty-one) was at the intersection of the north and south line which runs direct across from Morley and Patullo and that the one-quarter section post on north boundary thirty-one was distant forty chains from said section post. I however show on plan the distance divided proportionately.

Having completed the work so far in Morley I proceeded to retrace and chain lines in Patullo, I found everything in the township to be correct as far as I went, agreeing with the original field notes.

The foregoing gives the result of this survey, more work would be necessary to completely straighten the original work but in view of the fact that according to my instructions no extensive re-survey was wanted and also of the fact that the municipality of Chapple is preparing a petition to the Government to have some work done which will enable them to keep roads, etc. in their present position, also to ascertain the correct acreages of the one-quarter sections for assessment purposes, I have not proceeded further than indicated on my plan.

I have the honour to be, Sir,

Your obedient servant,

(Signed) D. J. GILLON,

Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 40.

TOWNSHIP OF TEMPLE, DISTRICT OF RAINY RIVER.

SARNIA, ONT., July 30th, 1908.

SIR,—I beg to forward, together with this report, plans, field notes and timber map of the township of Temple, in the Rainy River District.

A portion of this township was surveyed in 1906, and late in the fall of last year I resumed work by running the various concession lines west to Eagle Lake, and the side lines north and south.

I retraced, blazed and chained the east town line, making the various concessions eighty chains or thereabouts. I also surveyed the south boundary. The traversing was all done on the ice, considerable difficulty being experienced by water.

Iron posts are planted alongside of wooden posts, properly marked with a cold chisel, at the following places, viz.: At the southeast corner of the township. On the line between lots six and seven on the shore of Eagle Lake. At the southwest corner of lot ten, concession one, being the southwest corner of the township. On concession lines three and four on the east town line. At the intersection of concession lines three and four and side line six and seven in a muskeg. On concession line three and four at the distance of six chains twenty links west of the line between lots ten and eleven on the shore of Eagle Lake. At the northeast corner of the township. At the intersection of side line six and seven with the north boundary.

The iron post planted by Mr. Tiernan on lot 10, south boundary of Mutrie, was in addition marked "Temple."

The township throughout is very hilly and broken, consisting of granite ranges with quartz.

TIMBER.

Concession six is principally jackpine and scrub, partially burned.

Concession five is principally mixed timber, birch, balsam, poplar, spruce and tamarac, with small areas of swamp lands containing spruce and tamarac. All merchantable timber excepting cord wood has been removed throughout the whole township.

Concession four has in addition to mixed timber, some tamarac and spruce swamps, a few scattered white and Norway pine.

Concession three has mixed timber with small areas of tamarac and spruce with few Norway and white pine, and in addition a few small isolated patches of cedar, ranging in size from three to twelve inches.

Concession one and two are practically all mixed timber. No areas of spruce suitable for pulpwood were found.

FARM LANDS.

Good arable land was found in the southern and middle parts of the township, and about forty-five per cent. of the whole area is suitable for agricultural purposes. For a distance of ten to forty chains from the waters of Eagle Lake the ground is very broken and rocky.

MINERALS.

No minerals of any economic value were found, though there were strong magnetic variations noted in several places, and on the west shore of concession six a magnetic iron ore exists, but of very lean grade. This is not in any large quantity but appears in small patches and is not at all likely to lead to a body of ore of any value, and as far as known exists only at this particular point. No specimens were obtained.

There are no water powers and no creeks of any size, excepting on lot four, concessions three and four, which in some places is one chain wide, but the water is pure and sweet throughout the whole township. No alkali.

FISH AND GAME.

Eagle Lake abounds in white fish, trout pickerel, and pike or jackfish, and at least one company is operating quite largely in fishing these waters.

Fur bearing animals include moose, caribou, red deer, wolf, lynx, beaver, mink and muskrat, but feathered game was not at all plentiful.

SOIL.

Is light and sandy with clay subsoil, and in the vicinity of low places is of good quality.

ISLANDS.

Boat Island has little or no arable land. Canoe Island has probably about twenty-five per cent. of agricultural land. The smaller islands are suitable only for summer resorts and cottages.

SETTLERS.

Only two settlers were found within the area surveyed, both occupying improvements already made, house and stables. C. Kern on lot one, concession six, north of the Canadian Pacific Railway, about fifteen acres cleared. J. H. Gordon has cut and cleared about fifteen acres on lot one, concession five and six, but has no buildings. Charles Leitchford on lot two, concession six, about one and one half acres cleared.

Shacks have also been erected by the following parties: C. Coppock on southeast quarter of lot one, concession five, by J. Freak on northeast quarter of lot one, concession four, all of Eagle River Post Office.

I have the honour to be, Sir,
Your obedient servant,

(Signed) JOHN J. FRANCIS, -
Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

*Appendix No. 41.*BLOCKS V. AND VI. OF THE GRAND TRUNK PACIFIC RAILWAY GRANT,
DISTRICT OF THUNDER BAY.

WESTON, ONT., February 13th, 1908.

SIR,—I have the honour to submit my report of the survey of Blocks V. and VI. of the Grand Trunk Pacific Railway Company's Land Grant (Chap. 18, 4 Edw. VII.) performed under your instructions of the 30th May, 1907, namely):

Proceeding to Port Arthur, where I completed all my arrangements for the prosecution of the work, I then moved to Niblock and commenced the work by opening and running the boundary line between townships thirteen and fourteen from the Canadian Pacific Railway to the northwest corner of township twelve. I renewed the wooden stake at said corner and ran the east boundary of said township fourteen, north astronomically six miles. Then I ran east astronomically twenty-one miles to the southeast corner of Block V., thence north astronomically six miles to the northeast corner of the said Block V., thence west astronomically eighteen miles to the northwesterly angle of the said Block V., thence south astronomically five miles and seventy-nine chains and seventy links to the southwest angle of the said Block V., completing the survey on the 31st August.

I then commenced the survey of said Block VI. from the mile post marked LXXVIII M on the boundary line between Thunder Bay and Rainy River Districts, running eighteen miles astronomically east to the southeast angle of the said Block VI., thence north astronomically six miles to the northeast angle of this said Block VI., thence west astronomically eighteen miles and sixty-one and one half links to its intersection with the said boundary line between the Thunder Bay and Rainy River Districts, completing the survey on the 8th day of November.

At every corner of each block I planted iron posts marked "G. T. R." and the number of the block, namely, Block V. or Block VI., as the case might be; the iron posts were all one and seven-eighths inches, excepting on the easterly corners of Block V., which are one inch square.

I placed wooden posts at each mile along the lines marked on the east side of the east and west lines and on the south side of the north and south lines. At the northeast corner of township fourteen I also planted a one and seven-eighths inch iron post.

The soil throughout Block V. is generally light sand but varying from light dust to very coarse sand and gravel with stones. I have seen only one place where I think it possible to pursue agriculture with a likelihood of success, namely, on the south boundary immediately east of the railway location, where there are about two square miles of light sandy loam and almost clear of timber. The rest of the Block is composed of low cold bottom land with sandy ridges from some of which granite rock protrudes. Hills and depressions are seldom over twenty or thirty feet.

There is a block of timber in the southwest corner of this Block which may be considered as suitable for tie timber; but beyond this there are only a few scattered trees here and there, that would be large enough for railway ties. This whole country was burnt over about twenty-five or thirty years ago, and a great part of it burnt again in June, 1907, and much timber was destroyed.

The rocks seem to be all of granite formation and I saw no mineral of any kind.

There are no mill sites nor large streams but lakes are very numerous, probably one hundred in the block abounding in pike and pickerel.

Block VI. has but little agricultural land and generally is very similar to Block V. though the hills are generally much higher than in Block V., being as much as eighty or one hundred feet in some places. This block has also been burnt over about twenty-five or thirty years ago, though timber is very much more abundant here than in Block V. There are a few trees of white pine eleven miles east of the District boundary line, of about thirty inches diameter, being the only white pine seen in either block. But in Block VI. there is a good deal of jackpine and spruce, fourteen inches in diameter scattered through the block; but no large solid masses and is chiefly found along the south boundary of the block and east of Selwyn Lake. There is also about a square mile of jackpine on the east side of Narrow Lake, and north of the Wonwong River; windfall is very general. This block is also full of lakes.

There are no water falls except at the outlet of Rock Lake at the east end of Selwyn Lake, and there there might be found a good mill site, judging from the great amount of water flowing into the lakes above it (though I have had no opportunity of seeing it).

The English River passing through this block, is more like an extension of Selwyn Lake than a river, and is navigable for steam tugs for about twelve miles to the north.

The Wonwong River is navigable for canoes up to its intersection with the south boundary line of this block, and there are several good canoe routes to the north boundary of Block VI.

I have the honour to be, Sir,
Your obedient servant,

(Signed) JOHN J. DALTON,
Ontario Land Surveyor.

The Honourable, The Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 42.

BLOCK VII. OF THE GRAND TRUNK PACIFIC RAILWAY GRANT, DISTRICTS OF
THUNDER BAY AND RAINY RIVER.

WESTON, ONT., August 19th, 1908.

SIR,—I have the honour to submit my report of the survey of Block VII. of the Grand Trunk Pacific Railway Company's Land Grant (Chap. 18, 4 Edw. VII.) made under your instructions of the 30th day of May, 1907, which I commenced on the 28th day of May of this year by the south boundary, east three miles and west three miles from the post marked XCx, on the boundary line between Thunder Bay and Rainy River Districts.

I then ran the western boundary of the Block due north 18 miles, then the northern boundary east six miles, then south eighteen miles to the south-

easterly angle of the Block, placing the posts at the intersection of the two boundaries. The north boundary intersecting the District boundary line, 5.90 chains south of the post marked "CVIII." though the last mile on the east boundary was 79.40 chains.

The posts on the meridian lines are marked on the south side, and those on the chords are marked on the east side.

The soil wherever found is generally of a very light sandy clay, loose and friable, the colour resembling raw sepia. In places underlying this is coarse sand or sand and gravel bed but in many places rock intervenes, especially around the large lakes and the high ground above them.

Good timber is abundant only between Sturgeon Lake and Bell's Lake, where I found excellent cedar, spruce, jackpine and tamarack, which would answer the purpose of telegraph poles, railway ties, and much good lumber. The cedar swamps are the best that I have seen in these districts. There is some good birch and pine just east of the English River on the south boundary of the Block and extending northward.

Then the muskegs all contain more or less spruce, though I notice that it is very seldom that large spruce grows in muskegs.

I saw only one waterfall in the Block being about four or five feet which is at the outlet of Palette Lake on a stream about equal to the Humber River at Toronto.

The rock is all of the Laurentian formation and I saw no economic minerals.

The Block is very much cut up with lakes of which Bell's Lake and Mattawan Lake cross the entire Block, and all the lakes are remarkably full of small rocky islands giving a very picturesque effect.

Bell's Lake and Sturgeon Lake contain an abundance of excellent trout, white fish and other varieties of fish.

The survey was completed on the 30th day of June, 1908, and the whole was done in a thorough workman-like manner.

I have the honour to be,

Sir,

Your obedient servant,

(Sgd.) JOHN J. DALTON,
Ontario Land Surveyor.

The Honourable, the Minister of Lands, Forests and Mines,
Toronto.

Appendix No. 43.

RONDEAU PROVINCIAL PARK.

MORPETH P.O., January 9th, 1909.

To the Honourable, the Minister of Lands, Forests and Mines.

SIR,—I have the honour to submit this my report as caretaker and ranger of the Rondeau Provincial Park, for the year 1908.

Since my last report was sent in, there has been considerable work done. Some work that was begun last year was completed this season, namely, the building of the new stone-crib dock and the baseball diamond, both of which have been of great service and are appreciated by the public who visit the park. When I urged in the last report that the Government should do some extra dredging in front of the cottages, I had little thought that they would carry out so fully those suggestions. At an extra cost they had the contractors for the dock excavate six additional lagoons extending from the shore line south of the dock out into the Bay to water, two to four feet deep, using the excavated sand and mud to cover the unsightly rushes and water willows between the lagoons along the shore. They also had two similar lagoons excavated on the north side of the dock, for the same purpose. The lagoon or cut immediately on the north side should have been continued out to the deep water, the same as the one immediately on the south side, so that small crafts could use it as a harbor for protection from storms. This extra dredging has greatly improved the appearance of the waterfront, and also improved the sanitary condition by covering up unhealthy debris along the shore.

A demonstration plot of about four acres of ground has been fenced on the Park, and about 7,000 nursery trees, five varieties of pine and some black locust, planted therein. This work was done by and for the experience of the students from the Forestry Department of the University of Toronto, of which Dr. Fernow, Professor of Forestry, is Dean, and who was present giving theoretical instruction to the students. The work was carried out under the direction of Mr. E. J. Zavitz, Superintendent Forestry branch, Ontario Agricultural College, Guelph, who is also connected with the University of Toronto. Although the season has been very dry a large percentage of the trees planted are living. This work is to demonstrate to the farmers, and others who may be interested, that reforestation can be carried on by them profitably, and that it has already become a necessity if they wish to keep up the supply of timber.

We are glad to say that we have not found it necessary this season to make use of the two fine life-preservers, hooks, etc., which the Government had placed on the Park dock and water front for the use of the public in case of accidents. The public greatly appreciate the provision made for the saving of life.

The boat service at the Park this season has been very satisfactory. It was furnished by Mr. Fred Weir, practical boat-builder and caterer, who has leased this privilege from the Department. He keeps a supply of first class row boats of various sizes, and sail-boats built with a view to safety, also a very fine gasoline launch, all available for public service.

To prevent the continuation of high water and floods on portions of the Park in the spring of the year, an open ditch was dug a distance of about 80 rods (about on a level with the water in the bay,) which will give a free outlet into the bay to the water that accumulates nearly every spring, in the slough running through the picnic ground. In former years this water has been a breeding ground for mosquitoes. It is widely known that the mosquito nuisance has been one of the great drawbacks to this Park. A six-inch tile had been laid through this low slough a number of years ago, and had become clogged, and at any rate was not large enough to carry off the heavy flow of water, hence the necessity for opening out a large ditch.

With the number of people visiting the park and also the number of cottages for summer residents, increasing each year, it is necessary that a thorough change in the sanitary system should take place. At present each

lot holder builds his own cottage, barn or stable, and dry closet, also sinks his own well (usually a drive well 10 to 14 feet deep), and there are about 30 cottages and over 20 small private stables, besides the stables for the public and the Ranger's use. These shallow surface wells are becoming contaminated. Some of them are not just fit for use now. Good rock water can be secured sufficient for all park purposes at a depth of about 130 feet. There should be something done, in the way of changing the location of all of those small stables, or building a large one, in a more suitable place on the Park. I would suggest that the Government send an engineer who is capable of arranging all of these sanitary matters, and also to lay out a site for a public house, and that they arrange if possible for the building of such a house this season. The Hon. Mr. Cochrane, Minister of Lands, Forests and Mines, was at the Park on the Councillors' picnic day, August 12th, 1908, when a very large crowd of people was present, and a severe storm came on, which wet hundreds of people, who could not find shelter, to the skin. The refectory, the pavilion, and the cottages and other buildings were filled to their capacity, and yet hundreds had to put up with the storm. It should not be necessary for picnickers to have to run into the private cottages for shelter from storms on this park.

I have the honour to be,

Sir,

Your obedient servant,

ISAAC GARDINER.

Appendix No. 44.

ALGONQUIN PARK P.O., January 22nd, 1909.

The Honourable the Minister of Lands, Forests and Mines.

HONOURABLE SIR,—I beg to hand you my annual report upon the Algonquin National Park for 1908.

During the past year our staff has been composed of thirteen rangers and the Superintendent, whose duty it has been to patrol our great National Park for the protection of the game and fur-bearing animals, the prevention of forest fires, and the maintaining of law and order generally. A good season's work has been done along these lines. My men have travelled in pairs, each two rangers having a certain section under their care. In addition to patrolling these sections the rangers cut out portages, improve streams, erect and repair shelter houses and make bark canoes, snowshoes, sleighs, etc. They also cut the supply of wood for headquarters, put in ice for the summer months, and do other work for the improvement of headquarters and the park generally. I am glad to report a marked change and improvement in the amount of interest taken in the work by the rangers. It is one of the most important requisitions in a ranger—a real live interest in the work. A man who can see a beauty in everything around him will for the very love of it become an efficient guardian.

I am glad to report a very decided increase in game and fur-bearing animals of all kinds. The beaver have so increased that I am confident

should you so desire a large and lasting revenue could be obtained from them. They are to be found in numbers upon every lake, river, pond and creek, in fact so numerous and tame have they become that Mr. Robert Graham, road master of the division of the Grand Trunk running through the Park, informed me last fall that he had instructed his men to hang lanterns at night at the various culverts along the line to prevent the beaver from building dams in them.

Otter, martin, mink and fisher are also numerous and on the increase, while deer are to be found in abundance everywhere. Mr. Brown, conductor on the G.T.R., assured me he counted last summer in a run of eight miles, twenty-six deer feeding along the railway and not at all afraid of the train.

Moose are also more numerous than in past years, while partridge and ducks were very much more abundant than I have ever seen them.

Of course all these overflow into the surrounding country, and I have it both from personal knowledge and the testimony of many reliable persons that beaver are fast filling up townships adjoining the Park, where they have been unknown for many years. The deer also keep the surrounding country well stocked, and splendid hunting in the season can now be had on all sides of the park.

During the month of March, I made a snowshoe trip of over two hundred miles through the centre of the Park, going in from South River on the North Bay branch of the Grand Trunk and coming out at headquarters. I visited the various rangers and went over their sections with them, and was certainly very much pleased with the work they were doing. I crossed several townships on this trip and found game of all kinds most abundant, especially beaver, otter and martin. In the section between the Amable du Fond river and the Nipissing river I found moose in great numbers. I also visited the other rangers and found most gratifying results everywhere.

There is undoubtedly some poaching, but when you consider the vast area and the number of means of entrance into the Park the amount of poaching is very small and infinitely less than reports would lead one to suppose. I might say regarding the reports one so often hears of large quantities of fur being taken out of the Park, I have carefully followed many of them up, in some cases travelling hundreds of miles to do so, and generally find they originate with some person who has been discharged by some of the firms operating in the Park.

I am pleased to report increased co-operation on the part of the limit-holders, and I feel that they have very materially helped our men by insisting that their foreman should at once discharge any man known to violate the law. We have built several new substantial shelter houses and cut out several new routes, the principal being a short route connecting the north-west corner with Burnt Lake via the Nipissing river.

Fishing in the Park has been exceedingly good during the past year, and visitors, of whom there were many hundreds, were delighted, but their greatest delight was in being able to see so much wild life.

I consider one of the most gratifying results of the past year has been that notwithstanding the fact that much damage was done by fire to the north of us, we have scarcely suffered at all. True, we had many fires started, but by prompt action were enabled to control them. I should especially like to mention in this report that upon one occasion where there seemed to be great danger should a wind spring up, I wired Mr. Donald-

son, General Superintendent of this division of the G.T.R., and he at once sent up a special train with a large number of men to assist if necessary.

The black bass introduced some years ago have stocked the waters to the east of the Park for fifty miles, and grand black bass fishing is now had in sections where this the gamest of all fish was formerly unknown. I should like very much to see the rainbow trout introduced here.

The capercailzie introduced from Norway are, I believe, going to succeed. A number of young birds were seen last year. This bird, although large, is a very retiring shy bird, and therefore not often seen, but I trust in a few years they will become abundant in our woods.

I am Sir,

Your obedient servant,

GEORGE W. BARTLETT,
Superintendent.

AUBREY WHITE.
Deputy Minister.

Appendix No. 46.

THE FOREST RESOURCES OF ONTARIO.*

BY MR. AUBREY WHITE, DEPUTY MINISTER OF LANDS AND FORESTS.

Mr. President, Your Excellency, Your Honour, Ladies and Gentlemen:

At the request of Mr. Southworth I promised to read a paper at this meeting of the Forestry Association. I have chosen as my subject the forest resources of Ontario, and I hope to give you some information that may prove interesting and instructive.

I thought in the first instance that perhaps an estimate of the timber still growing on public lands, its whereabouts and its value would sufficiently cover the ground but on thinking over what would be instructive to you, I thought I ought to be a little historical and give you some idea of how we have disposed of our timber, why we sold it, what we have received for it, how much still stands on licensed lands, and last but by no means least, on that branch of the subject, how we are endeavouring to protect and conserve it; then, dealing with the other branch of the subject, to give you some idea of how much timber is on the undisposed lands in Ontario, where it is situated, and what efforts we are making to protect it.

In the first place, let me say what I am sure will be new to you, that when Confederation took place, we found that 12,000 miles of Ontario's best pine timber, the easiest of access, had already been placed under license. 10,000 miles of this territory was disposed of at fifty cents a mile with no bonus, and 2,000 miles of it at fifty cents per mile with very small bonuses, the whole 2,000 bringing about \$100,000. The timber so disposed of was along the Ottawa River to the head of Lake Temiskaming, along and tributary to the Mississippi, the Bonnechere, the Madawaska, the Petawawa, the Mattawa and the Amable du Fond, all these streams being tributaries of the Ottawa River. In the centre of the Province the timber on the Trent and its tributaries had been disposed of. In the West the timber on the Nottawasaga, the Severn, the Muskoss, the Moon, the Seguin and the Magnetawan River flowing into Georgian Bay had been placed under license. The timber on this immense area was subject only to Crown dues at fifty cents per thousand, payable as the timber was cut.

Almost immediately after Confederation the Government of the Province of Ontario had to consider ways and means, and one of the first things it did was to pass regulations increasing the ground rent from fifty cents to \$2 a mile, and the Crown dues upon timber from fifty cents per thousand to seventy-five cents per thousand. It also passed new Crown Timber Regulations, which provided that all timber limits should for the future be sold by public auction.

The Legislature in the year 1868 passed what is known as the Free Grants and Homesteads Act, which provided for the giving away as free grants to actual settlers of practically all the immense territory lying between the Ottawa River and the Georgian Bay. This region was known to contain large quantities of pine timber, and it was evident that there would be enormous expenditure required to open it up with roads, erect public buildings, and provide for the Administration of Justice. The Government, therefore, reserved from free grant locations all pine timber until the patent issued.

* Paper read at Tenth Annual Convention of the Canadian Forestry Association.

except that a settler might take what he required for building, fencing, etc., and remove what was in the way of clearing his land. Settlement immediately began to flow into Muskoka, and it was necessary to sell the timber out of the settlers' way. Accordingly, what was the first Timber Sale of new territory was held in the year 1871; 487 miles were offered for sale; a condition was imposed that no pine trees below the diameter of 13 inches on the stump should be cut, and for the purpose of that sale the Crown dues were raised to \$1.50 per thousand. Notwithstanding these conditions \$241 per mile bonus was realized. The increased dues, however, were reduced in 1876 to 75 cents, the same as existed elsewhere. This action was taken on account of a depression in the lumber trade then prevailing. The diameter limit was never enforced because it was found that if the licensee left the small trees the settler cut them, or they were destroyed by fire.

In 1872, 5,031 miles of territory on the north shore of Lake Huron was sold as timber berths, and other sales have been held from time to time down to the present.

Generally speaking the causes leading to the sales were the advance of settlement, the danger of fire, to enable mill-owners to obtain timber supplies, the necessities of revenue, etc. All the sales were held by public auction after due advertisement, and it is fair to assume, therefore, that the value of the timber at the time it was sold was obtained.

The sale of 1872 covered an enormous area, almost one half what has been sold since Confederation. It was evidently in advance of the necessities of the time, as an enormous quantity of pine timber is still standing on the territory then sold, after 36 years' cutting. The timber on this territory has changed hands many times, always at largely increased values. The dues and ground rent remained the same until the year 1887, when the Government determined to increase them so as to share in the increment of value that had taken place. The ground rent was advanced from \$2 to \$3 per mile, and the dues from 75 cents to \$1 per thousand. There was a large sale in 1887.

In 1890 we had a sale in the Rainy River region, which had just come under the control of the Province. For the purpose of that sale, the dues were \$1.00; pine timber only was sold, and for the first time it was provided that timber cut on these limits should be sawn in Canada.

In 1892 we had another large sale, in which the dues were fixed at \$1.25 and the ground rent remained the same. The condition in the 1890 sale, that logs must be sawn in Canada, was not attached to the conditions of the 1892 sale. Subsequent to the sale of 1892, there came an agitation in connection with the export of our logs, and in 1897 a regulation was passed, afterwards ratified by Act of the Legislature, that all logs cut on licensed lands of the Crown must be sawn in Canada, and that condition has prevailed ever since. The condition has been extended to spruce and hemlock, so that now all pine trees, spruce trees and all hemlock trees cut on licensed lands of the Crown must be manufactured in the Dominion of Canada. The right of the Province to attach this condition to its licenses was the subject of litigation, but the Province's action was sustained and this leak of our natural resources was stopped, and great development in our Northern districts was another result. Since then we have had other sales, in which a time condition for the removal of the timber was inserted, and at the last sale by public auction in 1903 the ground rent was increased from \$3 to \$5 per mile, and the dues to \$2 per thousand B. M. Notwithstanding the time limit, the increased dues and ground rent, the average bonus at this sale was considerably over \$4,000 a mile. Since 1904 we have sold some small areas and

applied the condition that the bid must be by the thousand feet, so that we shall receive pay for all the timber that is upon the territory, and the purchaser will only pay for what he gets. The ground rent has been continued at \$5 per mile, and the dues at \$2 per thousand. Upon one berth which was sold in this way the highest bid was \$10.52 per thousand feet bonus, in addition to \$2 per thousand dues and \$5 per mile ground rent. Under these new regulations the Department measures the timber so as to make sure that we shall get the full return.

I have sketched for you the principles that have guided us in our timber sales, and the changes in the regulations that have been made. Now at the end of 41½ years, we find that we have sold in that period about 12,000 miles or the same extent of territory that was under license when we took over the management of the timber. For that timber we have received in bonus, ground rent and timber dues about forty million and a quarter of dollars, nearly a million dollars a year, and in the same period we have received for lands and mines over nine million of dollars, so that our total revenue from lands, timber and mines in forty-one and a half years has been fifty million and a quarter of dollars. To this extent the people have been relieved of taxation by the sale of the natural resources of the Province. Now in that period of forty-one and a half years we have cut and disposed of twenty four billions of pine, or an average of five hundred and seventy-eight millions per annum. We hear a great deal about the rapid cutting away of our timber but there has been no marked increase in quantity in the past ten or eleven years. In 1896 to 1907 inclusive the average cut was only six hundred and seventy-three millions per annum, and for the last two years the cut has been seven hundred and ten millions per annum or an increase of thirty-seven millions over the average of the last eleven years, and this is largely attributable to railway construction in the West, and I may say that a very large percentage of it consisted of jackpine.

I have taken considerable pains to ascertain what we still have on licensed territory. I have had inquiries made from the quarters best able to furnish accurate information, and then have got the opinions of our own men, who are familiar with the region, and as a result of that inquiry we estimate that there is about seven billions of feet B.M. of red and white pine standing on our licensed territory, besides jack pine, hemlock and spruce, of which there are also large quantities. Hemlock has been called the "skim milk" of the forest. Well, when we cannot get cream or fresh milk we are glad to get skimmed milk, and it may be said of our hemlock that it is coming more and more into use for purposes for which pine is too expensive. Of the jack pine it may be said that it is rapidly increasing in value as its adaptability is admitted for railway purposes, especially ties. Millions of ties are now got out consisting principally of jack pine timber. Spruce will soon be as valuable as pine.

The preservation of this timber from destruction by fire is a matter of hourly concern, I may say, to the Minister of the Crown responsible for the management of our timber. Now it will be asked, What have you done to protect this great heritage from destruction? Well, I may say that ever since the year 1885 we have had a staff of fire rangers each season on licensed territory. We say to the licensees, who are men of all schools of political thought: How many men will you require to protect your limit from fire during the coming season? They give us the number and they select the men who shall do the ranging. It may be fairly assumed that they choose men who are familiar with the territory, and who are capable of doing the work. We give them instructions and furnish them with literature to hand

to everyone with whom they come in contact, in which the law and the regulations are set out. We caution them not to be overbearing or to irritate the persons they meet, but to endeavour to enlist their sympathy by every possible means in the work of protecting the forests. We oblige the railways running through the back country to pay for the services of fire rangers placed along their roads for the purpose of preventing the forest from being destroyed. We select these men and we place them at short intervals along the roads so that they keep in touch with each other, and put out fire wherever they discover it. On some railways we furnish them with velocipedes so that they can follow the train from one section to another and so on; thus if sparks are thrown or coals dropped by the locomotive and a fire occurs, it is put out before it has time to assume any proportions. We have divided the licensed territory into divisions, and we have put a supervising fire ranger over each division, so that he may visit the rangers, and see that they are on duty and performing the work for which they are paid. The licensee also has a supervision of them and gets reports from them from time to time. We pay half the wages and expenses of rangers upon licensed territory and the licensee pays the other half. This service has inculcated a respect for authority, and a desire to aid and assist in the prevention and extinguishing of forest fires. We issue circulars periodically, asking the licensees the effect of the service, the quantity of timber damaged, and inviting suggestions which will improve the service. The quantity of timber destroyed this year is small and none of it will go to waste. Under instructions the fire ranger reports immediately the occurrence of a fire, its locality and the quantity of timber damaged, and so the licensee is able to lay his plans to cut the timber before it goes to waste. The expressions of opinion from time to time have been commendatory of the service, and the only improvement that has been suggested is that we should increase the number of fire rangers. As an illustration,—last year we had on licensed lands 329 rangers, and our share of the wages and expenses was \$46,600, the licensees paying an equal amount. On railways we had 147 rangers, costing for wages and expenses \$53,235. There has, therefore, been an expenditure during the last year upon fire ranging on railways and licensed lands of \$146,478, apart altogether from what is spent on forest reserves, and unlicensed territory.

Our greatest trouble on licensed territory is in cases where townships are open for settlement, and at the same time under license. The interests of the licensees and the settlers come in collision, and it is a most difficult thing to hold the balances between them. Recently my Minister has adopted the system of inspecting lands applied for before a location or sale is made. This inspection is made by an officer called a Homestead Inspector, and he notifies the timber licensee and the applicant for the land when he will make his inspection, and upon the result of his inspection our action is based. Lots that have quantities of valuable pine timber upon them or that have not fifty per cent. of land suitable for cultivation, we do not as a rule locate, and so we are decreasing the taking up of lands for the purpose of despoiling them of their timber. In the case of townships that are not open, we now inspect them before putting them on the market, and if they are rough and not suited for settlement or valuable for their minerals, we do not open them. We do not always satisfy the diverse interests: sometimes the lumberman is dissatisfied and sometimes the settler, but at any rate our action is a common sense method to elicit the truth; our own officer has no axe to grind and the presence of the settler and lumberman enables them to put their views before him. On the whole I think it may be said we have been careful in our management of the timber, only selling as necessity compelled us and we

have obtained a fair value of the timber sold, and endeavoured by every means possible to prevent it from destruction by fire. This closes what I have to say about licensed territory.

We now come to the question of what timber there is on unlicensed territory. For convenience of thought we will draw a line, say from the Town of Mattawa up the river of that name, thence across Lake Nipissing and down the French River to Georgian Bay, and say that the timber territory we are now going to speak about lies north of that line. Then we will divide that great region into three areas about which we will speak separately. First,—all territory east of Port Arthur and south of the waters flowing into Hudson Bay. Second,—all territory east of Port Arthur lying north of the height of land and on the Hudson Bay slope. Third,—all territory west of Port Arthur in the Thunder Bay and Rainy River Districts.

Our policy in recent years has been to keep from settlement areas on which we know there are considerable quantities of pine timber or spruce, and which are not deemed to be suitable for farming purposes. Therefore, in the first of the above divisions, in which is the bulk of our white and red pine, we have set aside the following forest reserves: Temagami, area 5,900 square miles; Mississauga, area 3,000 square miles; Nipigon, area 7,300 square miles, and Thunder Cape, 80 square miles, a total of 16,280 square miles, or an acreage of 10,419,000. On each of these reserves, except the Thunder Cape, we have a chief ranger with a staff of fire rangers under him, who during the heat of summer patrol and move about continuously through the reserves, keeping an eye on all persons passing or having business there, handing them pamphlet copies of the law with respect to forest fires and inculcating a spirit of care, and when necessary bringing offenders to justice. The force is large in the summer months, but is reduced in the winter, when the prevention of trespass is the only service called for.

The Temagami reserve is a very important one, and it contains a large quantity of pine timber, variously estimated at from three to four billions of feet B.M. A large percentage of this timber is of first class quality, and from its situation it will bring a large stumpage price per thousand feet. The timber will go partly down the Ottawa waters and partly down the Sturgeon to the Georgian Bay. I think we are safe in assuming that on this reserve there is about three and a half billions of white and red pine. We are surveying it into blocks, and estimating it from year to year, and shall know with some degree of closeness what the quantity of timber is. I need say no more to impress upon you the wisdom of creating it a forest reserve, and of guarding it carefully. In this reserve we had last year a staff of seventy rangers at a cost of about \$30,000. We had no serious fires and very little timber was damaged. This reserve is the subject of a good deal of anxiety at the present time. We may be said to have an embarrassment of riches in it. There is the pine timber growing on the surface, and below there is the silver mine. How the silver is to be taken out and the timber protected is one of a sort of questions that we have to deal with, and which are calculated to turn a Minister's hair grey. But one thing is certain, we shall have to increase our staff of rangers in this reserve.

North of the Temagami reserve extending through to Abitibi, north and west of the Frederickhouse River, we have found some blocks of pine timber, not any large areas, but sufficient to warrant the opinion that we shall find in that region some 250,000,000 of feet. Then south of the Temagami reserve are a number of townships still in the Crown, containing a large quantity of first class white pine timber. This timber will go down the Sturgeon River and its tributaries to Georgian Bay, or it can be manu-

factured on Lake Nipissing and the lumber shipped by rail. Having regard to the quality of this timber and its accessibility, it has as high a stumpage value, perhaps even higher, than the Temagami timber. Each year we have had a staff of fire rangers on duty on these townships, and so far we have been successful in keeping out forest fires. There is no settlement threatening the timber, and we will not allow any at present. In this area the berths are surveyed, and we have estimators each year, and we shall soon have an accurate idea what the actual quantity there is. At present it is estimated at two billions of feet B.M. In territory north and west of Temagami reserve, extending westerly towards Port Arthur, and covering Lake Nipigon and tributary waters, our explorers have come across blocks of pine here and there, some of it north of the height of land, and some of it south. I think we may fairly put the timber in that region at say a billion and three-quarters. There is no settlement as the region is far away from railway communication. We have not much information about this region beyond the reports of surveyors and our explorers, but we think we shall be within the mark in placing the quantity of pine that will be found there at a billion and three-quarters of feet B.M.

In this division is situated the Nipigon forest reserve, in which there is a considerable body of pine, notably up the Gull River, but it was to protect the spruce and pulpwood growing in that great reserve and the game and fish that it was primarily set apart. Here there is a chief with his staff of rangers to protect the territory. Owing to the stream of travel that is going up to the construction of the Transcontinental, considerable vigilance is necessary. There have been some fires during the past year, but none that have done any great damage. We had 22 rangers in this reserve last year at a cost of some eight or nine thousand dollars.

Thunder Cape reserve is only 80 miles in extent and it was set apart to protect the timber on the promontory called Thunder Cape and to preserve it from destruction by fire. The Crown timber agent at Port Arthur is *ex-officio* fire ranger in this reserve.

Then on the Mississauga River which flows into the Georgian Bay, we have created a forest reserve with an area of 3,000 square miles, or 1,920,000 acres. On this we had last year a staff of 21 men at a cost of \$7,600. A little timber was damaged by fire just at the close of the season, which we are now offering for sale. The fire rangers there are constantly on the move, keeping strict surveillance of the territory and of travellers who pass through it. Everywhere printed copies of The Fire Act are posted up, especially at the ends of portages, and everyone coming in contact with a ranger is given a pamphlet copy. We have also surveyed this reserve into blocks and are carefully estimating the timber, but it will take some time to complete the estimate. The timber in this reserve is so close to Lake Huron and so easily lumbered that it should bring a very high stumpage. The quantity of pine on this territory has been estimated at from three to four billions of feet. There is no settlement near the reserve, and no active mining within its boundaries, so it is reasonably safe. I am assuming for the purpose of this paper that there is three billions of feet B.M. upon this reserve. Outside of this reserve on territory tributary to streams running into lakes Huron and Superior, and also to the Algoma Central Railway, we have found considerable quantities of pine on separate areas. In this territory we have had fire rangers each year, and as the Algoma Central Land Grant is situated in it, they too have had fire rangers. From the estimate made by them, and from our own reports we are of opinion that there is at least seven hundred and fifty mil-

lions of feet B.M. of red and white pine there. This timber is also valuable on account of its accessibility.

Now in the territory west of Port Arthur, that is in the Thunder Bay and Rainy River Districts, we have a very large body of pine timber, much greater than we believed to be the case some years ago. We have kept a staff of fourteen rangers on this territory last season, adjacent to Rainy River, Quitico River and Hunter's Island, and so far no serious fires have occurred. A few years ago we had various opinions as to the quantity of pine in this region. We are getting a better knowledge of it, and from the receipt of information from those who are well informed, we have reason to believe that the quantity, as I said, greatly exceeds all former estimates. One of our most expert men, who has travelled over it frequently and knows the country, some years ago expressed the opinion that there was a billion and a quarter of feet B.M. of pine in that region. He has now had the opportunity of seeing what the territory we have sold there cuts out, and is better able to form an opinion as to what will be produced. He is now of opinion that south of the C.P.R. in the territory from Port Arthur to the western boundary we have probably two billions of feet B.M. of pine, and in the territory north of the C.P.R. in the same district, about three hundred millions of feet B.M. This timber, owing to its proximity to the prairie country, and to the immense railway construction that has taken place, has also a very high stumpage value. I may say that much higher estimates as to quantity have been placed upon this territory than I am taking, but I am taking for my figures what I regard to be the best authority.

I now come to the great region lying north of the height of land on waters flowing towards Hudson Bay. Here in the not distant future will, in my opinion, be found our greatest timber asset. This northern slope is covered with a great growth of spruce timber, becoming smaller in diameter, of course, the further you go north, but all the timber there will come into use if we can preserve it from destruction. For my present purpose I will take only the best spruce area on that slope, commencing at the eastern boundary of the province and extending along the route of the Transcontinental, 400 miles, with an average width of 100 miles to the south and 50 miles to the north of the line. On this territory there is estimated to be 250 millions of cords of pulpwood. The best quality and size is found on the territory between the Ogoke and Kenogami Rivers, and extending from one stream to the other. These pulpwood areas cover parts of the Districts of Nipissing, Sudbury, Algoma and Thunder Bay. West of Port Arthur, on waters flowing north, there is estimated to be 50 millions of cords, so that here in this northern region we have an estimated quantity of 300 millions of cords of pulpwood timber, which will in a short time have a considerable stumpage value. I suppose I am quite within the mark in putting its value now at seventy-five cents a cord, for a considerable percentage of the spruce and jackpine, probably 15 to 20 per cent., will make merchantable lumber. It may be said that this territory is not immediately available. That is so, but within the next few years the Transcontinental Railway will be constructed through it, and in my opinion that railway will be taxed to carry the enormous quantities of pulp, rather, may I hope, paper, that will be produced there. Consider the fact that there are seven or eight large rivers all flowing north towards the railway line, down which will pour enormous quantities of saw logs and pulpwood to feed the mills that will certainly be erected at points where these rivers cross the railway. I apprehend that in the not distant future, the Transcontinental will not be the only railway in that region, and one's imagination is not equal to picturing the possibilities there. 300 mil-

lions of cords of pulpwood would mean about 150 billions of feet B.M. How much of this would make merchantable lumber it is impossible at the present moment accurately to state, but the quantity will be much larger than some of our theoretical friends are willing to admit. Much of this timber is situated on what is called the "Clay Belt," through which the railway will run, and there will be, no doubt, a large influx of settlers in that country as soon as it is opened up. Then our responsibility will be increased. For the present the only danger there, apart from the casual wanderer, will be the construction of the Transcontinental. Next summer we shall be confronted with a tremendous problem; probably the construction of the Transcontinental Railway will be under way all through that region, and if great precautions are not taken, it may be a line of fire all through that valuable timber. In addition to the line of construction, there will be supply roads to take in materials, foods, etc., and these will be additional sources of danger. Just consider,—for a distance of over 600 miles, through a well timbered region, there will be scattered all along the line of railway construction thousands of men using fire for many purposes, such as cooking, smoking, smudges for flies, etc.; having no interest in the protection of this timber, and consequently recklessly careless. It goes without saying that the Minister of Lands, Forests and Mines is alive to the situation and that he will do his utmost to protect and preserve the timber by placing fire rangers all along the line, so that everybody may know what law is and that those who are careless may be brought to justice. Notwithstanding all this, unless we have, as we have the right to expect, the active co-operation of the Transcontinental Railway Commission and every one of its officers and employees, such as engineers, contractors, foremen, etc., we shall not, I fear, be able to protect the timber,—but that nothing that can be done will be left undone, goes without saying.

Now let me sum up the situation for you :

The total area of the Province of Ontario, exclusive of the Great Lakes is estimated to be one hundred and forty millions of acres. Of this there is surveyed forty-six millions of acres, leaving an area unsurveyed of ninety-four millions of acres. There have been alienated by sales, location, etc., twenty-four millions of acres, leaving still in the Crown one hundred and sixteen millions of acres.

	Miles.
Licensed before Confederation	12,000
Licensed since Confederation (about)	12,000
	24,000

There is still subject to license nearly 20,000 miles.

Total receipts from timber since 1867 to the end of '08	\$41,250,000
Total receipts from Lands and Mines from 1867 to the end of '08	9,000,000
Total	\$50,250,000
Pine timber cut since 1867 to end of 1908	24,000,000,000

	Per annum.
Average cut from 1867 to 1908	578,000,000
Average cut from 1896 to end of 1907	673,000,000
Average cut for last two years, 1907-8	710,000,000
Estimated quantity on licensed lands, still standing	7,000,000,000

Timber still standing on unlicensed lands:—Red and white pine, 13,500,000,000 ft.; pulpwood on unlicensed territory, 300,000,000 cords, about 15% of which, or twenty-two and a half billions, will probably be suitable for saw log timber.

Value of timber on licensed lands, 7,000,000,000 ft., at an average of \$1.50 per thousand	\$10,000,000
13,500,000,000 ft. of pine on unlicensed territory at an average of \$10	135,000,000
Spruce logs, pulpwood, tie timber, etc.	225,000,000
	\$370,000,000

FIRE RANGING LAST YEAR.

	Men.	Cost.
Number of men on licensed territory	376	\$ 46,621 45
Rangers on railways	147	53,235 71
Rangers on Forest Reserves	111	45,805 18
On Crown Lands	58	17,398 50
Proportion paid by licensees	...	46,621 45
Total expended for forest protection	692	\$209,682 29

In closing, I would say that I do not think we can be accused of neglecting our duty in protecting the general forests of the north.

BINDING SECT. AUG 24 1967
